Republic of Latvia - International Monetary Fund. European Dept. 2019-08-07

This Selected Issues paper analyses the implications of global value chains (GVC) participation for Latvia's competitiveness and exposure to risks. Using a structural model, it assesses Latvia's competitiveness through different real effective exchange rate (REER) measures and examines the main factors behind differences in the measures. Based on this analysis, the paper suggests policy options to strengthen Latvia's competitiveness. The paper also estimates the impact of an appreciation of the GVC related REER measure on value added

export growth and real GDP growth, and finds sizable effects, suggesting that a rapid labor market tightening could lead to erosion in competitiveness and reduction in growth. Finally, trade tension induced tariff hikes may have significant cost for Latvia, especially in terms of value added produced in the country. Trade tension induced tariff hikes are likely to have moderate costs for Latvia in terms of value added produced in the country. In this regard, policies aimed at enhancing product sophistication or quality and export market diversification could mitigate Latvia's exposure to trade shocks in GVCs.

100 Days of Sunlight - Abbie Emmons
2019-08-07

When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in

the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition -- no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. *100 Days of Sunlight* is a poignant and heartfelt novel by author Abbie Emmons.
