Southern Edwardseans - Obbie Tyler Todd 2022-01-17

The founders and forerunners of the Southern Baptist Convention were fundamentally shaped by the thought of Puritan theologian Jonathan Edwards and his theological successors. While Baptists in the antebellum South boasted a different theological pedigree than Presbyterians or Congregationalists, and while they inhabited a Southern landscape unfamiliar to the bustling cities and tall forests of New England, they believed their similarities with Edwards far outweighed their differences. Like Edwards, these Baptists were revivalistic, Calvinistic, loosely confessional, and committed to practical divinity. In these four things, Southern Edwardseanism lived, moved, and had its being. In the nineteenth-century, when so many Presbyterians scoffed at Edwards's "innovation" and Methodists scorned his Calvinism, Baptists found in Edwards a man after their own heart. By 1845, at the first Southern Baptist Convention, Southern Edwardseans had laid the groundwork for a convention marked by the theology of Jonathan Edwards.

Nothing But Fear - Knud Romer 2012

The Second World War is long over but its legacy continues to tear a town - and a young boy's life - apart. Knud is growing up in Falster, a small Danish town in the 1960s. The war is over but the Germans are still hated and Knud has a German mother. Bullied and persecuted at school, he retreats into the eccentric world of his family's history - but he can't escape the fact that, for him, his parents, and his paternal grandparents, the war is still being fought. Depicting a town and a family devastated by prejudice, *Nothing But Fear* is written with empathy and venom in equal measure.

The Self-Build Experience - Adama Belemviré 2021-07-14

This book investigates self-build housing for low and middle-income groups in urbanized areas in three different continents: South America (Brazil and Ecuador), Europe (the Netherlands, Albany, and Turkey) and Africa (Ethiopia, Egypt and Burkina Faso). Although the levels of social and economic prosperity and the related housing and urban context across these three continents are vastly different, there is a recurring central field of tension of governmental regulation vis- vis societal self-regulation. The following question will be at the center of the book: How is the capacity for self-regulation in practices of self-build housing and facilities related to formal domains of governance and regulation and how can this relationship be optimized to create more socially sustainable forms of urbanization?

How to Shoot Friends and Influence People: Chopper 3 - Mark Brandon "Chopper" Read 2012-02-15

'Crim and screws agree on one thing: that the people who run prisons wouldn't know if a tram was up them unless you rang the bell.' How to Shoot Friends and Influence People, Mark Brandon 'Chopper' Read's third book, was written behind bars as Chopper faced life in prison for a shooting he claimed he didn't commit. For this book, Chopper obtained confidential and extensive prison files relating to him under the Freedom of Information Act. These included psychological assessments, plus prison classification and discipline records. They provide a fascinating insight into how this maverick criminal dealt with the prison system over two decades. Featuring the infamous story of Tanya and Eddy, Chopper's coming-of-age yarn from his 18th birthday, plus reflections on the end of his long-term relationship and what it's like to be the most famous author-in-residence at Risdon Prison, this third volume of his memoirs contains more tales of the criminal underworld told in Chopper's unique style.
