The Complete Idiot's Guide to Motorcycles - Editors of Motorcyclist Magazine 2008
The Complete Idiot's Guide to Motorcycles, Fourth Edition, is the most complete book on motorcycles, covering everything from how to choose and maintain a motorcycle and how to buy appropriate gear, to how to ride safely, and how to make the most out of trips on the open road.

MV Agusta Fours - Mick Walker 2000
Formed as the offshoot of an aircraft manufacturer shortly after World War II, MV Agusta in 1950 commenced production of four-cylinder motorcycles that would prove to be among the world's most successful competition motorcycles and extremely desirable road bikes for more than a quarter-century. Prolific motorcycle author Mick Walker offers background histories and complete specs for all road and race MV Agusta Fours, along with a generous selection of archival photography and a special eight-page color section. Motorsport coverage spans nearly 40 World Championships and includes legendary riders like John Surtees, Giacomo Agostini, and Mike Hailwood. A final chapter updates the MV Agusta story with the latest on Cagiva's resurrection of the marque in the form of 1998's F4 road bike.

Race Tech's Motorcycle Suspension Bible - Paul Thede 2010-06-19

Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

Ultimate Harley Davidson - Hugo Wilson 2021-08-31

Take a full-throttle tour through more than a century of Harley-Davidson history with this definitive e-guide. The Ultimate Harley-Davidson tells the story of the world's greatest motorcycle make--from its origins in a backyard shed to the international company it is today, more than 100 years later. From the early bikes and their key innovations to the v-rods and sports bikes of recent years, it is the complete e-guide for lovers of this American classic. Gloriously illustrated

gallery spreads showcase more than 70 of the best-loved Harleys ever created, drawing out their defining features. Spectacular close-ups of key engines explain how the classic Harleys ran, while an updated catalog of every production model provides technical data and key specs for each bike. Whether you're an easy rider or born to be wild--or just mad about motorcycles--there is only one Harley-Davidson, and this is the ebook for you.
