The Voyage of the Beagle - Charles Darwin 1909

This is Charles Darwin's chronicle of his five-year journey, beginning in 1831, around the world as a naturalist on the H.M.S. Beagle.

International Relations - Manuela Spindler 2013-04-10

The book is written for active learners - those keen on cutting their own path through the complex and at times hardly comprehensible world of THEORY in International Relations. To aid this process as much as possible, this book employs the didactical and methodical concept of integrating teaching and self-study. The criteria for structured learning about IR theory will be derived from an extensive discussion of the questions and problems of philosophy of science (Part 1). Theory of IR refers to the scientific study of IR and covers all of the following subtopics: the role and status of theory in the academic discipline of IR; the understanding of IR as a science and what a "scientific" theory is; the different assumptions upon which theory building in IR is based; the different types of theoretical constructions and models of explanations found at the heart of particular theories; and the different approaches taken on how theory and the practice of international relations are linked to each other. The criteria for the structured learning process will be applied in Part 2 of the book during the presentation of five selected theories of International Relations. The concept is based on "learning through example" - that is, the five theories have been chosen because, when applying the criteria developed in Part 1 of the book, each single theory serves as an example for something deeply important to learn about THEORY of IR more generally.

How Students Learn - National Research Council 2005-01-28

How Students Learn: Science in the Classroom builds on the discoveries detailed in the best-selling How

People Learn. Now these findings are presented in a way that teachers can use immediately, to revitalize their work in the classroom for even greater effectiveness. Organized for utility, the book explores how the principles of learning can be applied in science at three levels: elementary, middle, and high school. Leading educators explain in detail how they developed successful curricula and teaching approaches, presenting strategies that serve as models for curriculum development and classroom instruction. Their recounting of personal teaching experiences lends strength and warmth to this volume. This book discusses how to build straightforward science experiments into true understanding of scientific principles. It also features illustrated suggestions for classroom activities.

The Cat and the Pain-Killer - Mark Twain 1939

Annual Report - National Council of Educational Research and Training (India) 1990

The Bookseller - 1979

The Spider and the Fly - Tony DiTerlizzi 2012

"'Will you walk into my parlour,' said the Spider to the Fly..." is easily one of the most recognized and quoted first lines in all of English verse. But do you have any idea how the age-old tale of the Spider and the Fly ends? This enduring verse from Mary Howitt dates back to the nineteenth century, but its warning - to beware the wiles of flattery - remains today as relevant as ever. Now in its tenth year, celebrated artist Tony DiTerlizzi, drawing inspiration from his love of classic Hollywood horror movies of the 1920s and 1930s, shines a cinematic spotlight on Mary Howitt's warning, written to her own children about those who use sweet words to hide their not-so-sweet intentions. Featuring new jacket art and a commemorative poster this special 10th anniversary edition of the quintessential cautionary tale is a must have!

Know Your State West Bengal - Goutam Chakraborty 2020-12-07

Pale Blue Dot - Carl Sagan 2011-07-06

"Fascinating . . . memorable . . . revealing . . . perhaps the best of Carl Sagan's books."—The Washington Post Book World (front page review) In Cosmos, the late astronomer Carl Sagan cast his gaze over the magnificent mystery of the Universe and made it accessible to millions of people around the world. Now in this stunning sequel, Carl Sagan completes his revolutionary journey through space and time. Future generations will look back on our epoch as the time when the human race finally broke into a radically new frontier—space. In Pale Blue Dot, Sagan traces the spellbinding history of our launch into the cosmos and assesses the future that looms before us as we move out into our own solar system and on to distant galaxies beyond. The exploration and eventual settlement of other worlds is neither a fantasy nor luxury, insists Sagan, but rather a necessary condition for the survival of the human race. "Takes readers far beyond Cosmos . . . Sagan sees humanity's future in the stars."—Chicago Tribune

The Selfish Giant - Oscar Wilde 2019-10-15

"The Selfish Giant" is a short fantasy story for children by the Irish author Oscar Wilde. The story's plot revolves around a giant who builds a wall to keep children out of his garden, but learns compassion from the innocence of the children. The short story contains significant religious imagery. The Selfish Giant owns a beautiful garden which has 12 peach trees and lovely fragrant flowers, in which children love to play after returning from the school. The Giant put a notice board "TRESPASSERS WILL BE PROSECUTED". The garden falls into perpetual winter. One day, the giant is awakened by a linnet, and discovers that spring has

returned to the garden, as the children have found a way in through a gap in the wall... It was first published in 1888 in the anthology The Happy Prince and Other Tales, which, in addition to its title story, also includes "The Nightingale and the Rose", "The Happy Prince", "The Devoted Friend" and "The Remarkable Rocket".

Story of a Shipwrecked Sailor - Gabriel García Márquez 2014-10-15

AVAILABLE FOR THE FIRST TIME IN eBook! In 1955, Garcia Marquez was working for El Espectador, a newspaper in Bogota, when in February of that year eight crew members of the Caldas, a Colombian destroyer, were washed overboard and disappeared. Ten days later one of them turned up, barely alive, on a deserted beach in northern Colombia. This book, which originally appeared as a series of newspaper articles, is Garcia Marquez's account of that sailor's ordeal. Translated by Randolph Hogan.

Long Walk to Freedom - Nelson Mandela 2008-03-11

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life—an epic of struggle, setback, renewed hope, and ultimate triumph.

The Lost Boy - Dave Pelzer 2010-01-01

Imagine a young boy who has never had a loving home. His only possessions are the old, torn clothes he carries in a paper bag. The only world he knows is one of isolation and fear. Although others had rescued this boy from his abusive alcoholic mother, his real hurt is just begining -- he has no place to call home. This is Dave Pelzer's long-awaited sequel to A Child Called "It". In The Lost Boy, he answers questions and reveals new adventures through the compelling story of his life as an adolescent. Now considered an F-Child (Foster Child), Dave is moved in and out of five different homes. He suffers shame and experiences resentment from those who feel that all foster kids are trouble and unworthy of being loved just because they are not part of a "real" family. Tears, laughter, devastation and hope create the journey of this little lost boy who searches desperately for just one thing -- the love of a family.

The Secret - Rhonda Byrne 2011-07-07

The tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

Developing Speed is the only tool you need to develop your personal program and take your speed to the highest level!

Two Can Keep a Secret - Karen M. McManus 2019-01-08

The "must-read YA thriller" (Bustle) from #1 New York Times bestselling author of One of Us Is Lying about a small town with deadly secrets. "When it comes to YA suspense, Karen M. McManus is in a league of her own..." --Entertainment Weekly Echo Ridge is small-town America. Ellery's never been there, but she's heard all about it. Her aunt went missing there at age seventeen. And only five years ago, a homecoming queen put the town on the map when she was killed. Now Ellery has to move there to live with a grandmother she barely knows. The town is picture-perfect, but it's hiding secrets. And before school even begins for Ellery, someone has declared open season on homecoming, promising to make it as dangerous as it was five years ago. Then, almost as if to prove it, another girl goes missing. Ellery knows all about secrets. Her mother has them; her grandmother does too. And the longer she's in Echo Ridge, the clearer it becomes that everyone there is hiding something. The thing is, secrets are dangerous--and most people aren't good at keeping them. Which is why in Echo Ridge, it's safest to keep your secrets to yourself. Fans of the hit thriller that started it all can watch the secrets of the Bayview Four be revealed in the One of Us is Lying TV series now streaming on NBC's Peacock!
