Considering Marijuana Legalization -

Jonathan P. Caulkins 2015-01-16

Marijuana legalization is a controversial and multifaceted issue that is now the subject of serious debate. In May 2014, Vermont Governor Peter Shumlin signed a bill requiring the Secretary of Administration to produce a report about various consequences of legalizing marijuana. This resulting report provides a foundation for thinking about the various consequences of different policy options while being explicit about the uncertainties involved.

Round the World in the Wrong Season -

Eric Troels Wiberg 2010-01

Round the World in the Wrong Season, by Eric T. Wiberg - Written between 1994 and 2009, is a memoir of global travel and an unfulfilled college crush. The book follows the narrator out of school and across the Pacific. At only 23 he has command of a 68-foot Burmese-teak ketch built in Scotland thrust upon him. The owner is on a voyage home to his death, and along the way they hire sailors twice the skipper's age. They makes it to New Zealand in a storm which sinks seven yachts, then spends months shearing sheep and writing a memoir. By the time the narrator makes a rendezvous with his college sweetheart (who has been teaching Thai students on the Burmese border), she seems to have all but forgotten him. This leads to a less than satisfactory denouement and puts at least one of them in the hospital. The book includes extensive photographs and hand-drawn charts and a detailed bibliography. It is over 400 pages in length, perfect bound in cloth. More www.wrongseason.net and www.ericwiberg.com

Righteous Porkchop - Nicolette Hahn Niman 2010-10-19

Asked to head up Robert F. Kennedy Jr.'s environmental organization's "hog campaign," Nicolette Hahn Niman embarked upon a fascinating odyssey through the inner workings of the "factory farm" industry. What she discovered transformed her into an intrepid environmental lawyer determined to lock horns with the big business farming establishment. She even, unexpectedly, found love along the way. A searing account of an industry gone awry and one woman's passionate fight to remedy it, Righteous Porkchop chronicles Niman's investigation and her determination to organize a national reform movement to fight the shocking practices of industrial animal

operations. She offers necessary alternatives, showing how livestock farming can be done in a better way—and she details both why and how to choose meat, poultry, dairy, eggs, and fish from traditionally farmed sources.

A Short History of Wisconsin - Erika Janik
2010-07-08

With an approach both comprehensive and accessible, historian Erika Janik shows how Wisconsin was shaped by the same world wars, waves of new inhabitants, and upheavals in society and politics that shaped the nation. Swift, authoritative, and compulsively readable, *A Short History of Wisconsin* commences with the glaciers that hewed the region's breathtaking terrain, early Native American cultures, and French explorers and traders, and moves through the civil war and two world wars, covers advances in the rights of women, workers, African Americans, and Indians, and recent shifts involving the environmental movement and the conservative revolution of the late twentieth century. But only part of the story lies in sweeping societal change: Janik finds the story of a state not only in the broad strokes of immigration and politics, but in the daily lives shaped by work, leisure, sports, and culture. *A Short History of Wisconsin* offers a fresh understanding of how Wisconsin came into being and how Wisconsinites past and present share a deep connection to the land itself.

Decision-Maker's Guide to Solid-Waste

Management - Philip R. O'Leary 1999-02

This Guide has been developed particularly for solid waste management practitioners, such as local government officials, facility owners and operators, consultants, and regulatory agency specialists. Contains technical and economic information to help these practitioners meet the daily challenges of planning, managing, and operating municipal solid waste (MSW) programs and facilities. The Guide's primary goals are to encourage reduction of waste at the source and to foster implementation of integrated solid waste management systems that are cost-effective and protect human health and the environment. Illustrated.
