A Taxonomy of Love - Rachael Allen

2018-01-09

A YA romance—with a sparkling commercial voice and a dash of science—that explores a relationship over six years. The moment Spencer meets Hope the summer before seventh grade, it's something at first sight. The pair become fast friends, climbing trees and planning world travels. After years of being outshone by his older brother and teased because of his Tourette syndrome, Spencer finally feels like he belongs. But as Hope and Spencer get older and life gets messier, the clear label of “friend” gets messier, too. Through sibling feuds and family tragedies, new relationships and broken hearts, the two grow together and apart, and Spencer, an aspiring scientist, tries to map it all out using his trusty system of taxonomy. He wants to identify and classify their relationship, but in the end, he finds that life doesn't always fit into easy-to-manage boxes, and it's this messy complexity that makes life so rich and beautiful.

The Gospel According to Larry - Janet

Tashjian 2011-04-01

After creating a controversial and hugely popular website, teenager Josh Swensen becomes trapped inside his brilliant creation and must find a way to remain anonymous. I am lying on my bed doing my homework in Greek and Latin roots for Advanced English. 'Ped' for foot, 'homo' for man, 'nym' for name. I sit with the dictionary in front of me, coming up with as many words as I can to complete the assignment. Pedestrian, homicide, pseudonym . .

. I have more than thirty of them. By accident -- that's always how these life-changing things happen -- I connect two halves that don't seem like a word until I look it up. 'Pseudo', false; and 'cide,' to kill = pseudocide. To pretend to kill (yourself). I stare at the word for a good long time. Homicide, suicide, genocide: these are words you can find in the newspaper every day. But pseudocide . . . now here was something different. My mind wanders from my homework to the blue cotton threads of my bedspread. Pseudocide. A way to start again as someone completely new, a way to burn the old self and try on a new one. Josh Swensen isn't your average teenager - when he observes America, he sees a powerhouse of consumerism and waste. He's even tried to do something about it, with his start-up controversial website. But when Josh rises to messiah status of the internet world, he discovers that greed and superficiality are not easily escaped. Trapped inside his own creation, Josh feels his only way out is to stage

his death and be free of his internet alter-ego, "Larry." But this plan comes with danger, and soon Josh finds himself cut off from the world, with no one to turn to for help. In this suspenseful young adult novel, Janet Tashjian has written a probing tour-de-force.

Elly: My True Story of the Holocaust - Elly Gross
2010-02-01

Told in short, gripping chapters, this is an unforgettable true story of survival. The author was featured in Steven Spielberg's Survivors of the Shoah Visual History Foundation. At just 15, her mother, and brother were taken from their Romanian town to the Auschwitz-II/Birkenau concentration camp. When they arrived at Auschwitz, a soldier waved Elly to the right; her mother and brother to the left. She never saw her family alive again. Thanks to a series of miracles, Elly survived the Holocaust. Today she is dedicated to keeping alive the stories of those who did not. Elly appeared on CBS's 60 Minutes for her involvement in bringing an important lawsuit against Volkswagen, whose German factory used her and other Jews as slave laborers.

Let Me Hear You Whisper - Paul Zindel
2012-10-01

From Pulitzer Prize-winning author Paul Zindel comes this touching, humorous, and delightful play that earned wide recognition in its National Educational Television (NET) Network production. The action is set in the laboratory of the American Biological Association Development for the Advancement of Brain Analysis, where curious experiments involving various mammals are taking place. Helen, a newly engaged cleaning lady, is particularly drawn to a dolphin and is shocked when she learns that, having failed to "talk" as hoped for, it is slated for brain dissection. She makes a desperate attempt to rescue the dolphin from the scientists, incurring first their indignation and then, when the dolphin does indeed "talk" for Helen, their futile pleas that she change her mind about leaving and stay on to help them in their experiments. But the gentle Helen has had enough—both of "Custodial Engineering" and of schemes to change man's relationship to the other creatures with whom the world must be

shared. Comedy/Drama One Act 5 women (or can be divided between men and women): 5 total Interior

The Pigman & Me - Paul Zindel 2011-07-12

"Eight hundred and fifty-three horrifying things had happened to me by the time I was a teenager. That was when I met my Pigman, whose real name was Nonno Frankie." The year Paul Zindel, his sister, Betty, and their mother lived in the town of Travis, Staten Island, New York, was the most important time of his teenage life. It was the year he and Jennifer Wolupopski were best friends. It was the year of the apple tree, the water-head baby, and Cemetery Hill. And it was the year he met Nonno Frankie Vivona, who became his Pigman. Every word of his story is true. And *The Pigman & Me* has an added bonus--one crucial piece of information: the secret of life, according to the Pigman.

Weird New England - Joseph A. Citro 2005

"It may seem like clambakes, the Red Sox, and the Patriots define New England, but boy did the Pilgrims land in one very strange spot! These six states are filled with odd curiosities and bizarre legends, such as the elusive Vermont hum, the hibernating hill folk, hillside whale tales, and the Holy Land (yes, you read that right). Tongue-in-cheek and filled with dry wit, this is a journey you'll not soon forget."--P. [4] of cover.

The Spelling Teacher's Lesson-a-Day -

Edward B. Fry 2010-01-08

The effective and fun-filled way to teach spelling to elementary students The Spelling Teacher's Lesson-a-Day gives teachers 180 engaging and ready-to-use lessons-one for each day of the school year-that boost spelling skills in students grades 3-6. These lessons may be used as "sponge" or "hook" activities (five-minute lessons to start off each school day) or teachers may simply pick and choose activities from within the book for the occasional spelling lesson. Fry teaches spelling patterns by contrasting homophones (like-sounding words) to help students recognize these spelling patterns in more complex words. He also boosts students'

spelling skills by demystifying contractions, abbreviations, capitalization, silent letters, suffixes and prefixes, and more. Offers an easy-to-use method for teaching spelling that has been proven to be effective Includes 180 ready-to-use, reproducible lessons-one for each day of the school year A new volume in the new series 5-Minute FUNdamentals This book is designed to be used by classroom teachers, homeschoolers, tutors, and parents.

Lights Out - Thomas Gryta 2020

How could General Electric--perhaps America's most iconic corporation--suffer such a swift and sudden fall from grace? This is the definitive history of General Electric's epic decline, as told by the two Wall Street Journal reporters who covered its fall. Since its founding in 1892, GE

has been more than just a corporation. For generations, it was job security, a solidly safe investment, and an elite business education for top managers. GE electrified America, powering everything from lightbulbs to turbines, and became fully integrated into the American societal mindset as few companies ever had. And after two decades of leadership under legendary CEO Jack Welch, GE entered the twenty-first century as America's most valuable corporation. Yet, fewer than two decades later, the GE of old was gone. *Lights Out* examines how Welch's handpicked successor, Jeff Immelt, tried to fix flaws in Welch's profit machine, while stumbling headlong into mistakes of his own. In the end, GE's traditional win-at-all-costs driven culture seemed to lose its direction, which ultimately caused the company's decline on both a personal and organizational scale. *Lights Out* details how one of America's all-time great companies has been reduced to a cautionary tale for our times.

The History and Geography of the Bible

Story: A Study Manual - Bob Waldron

2019-12-03

The History and Geography of the Bible Story: A Study Manual by Bob and Sandra Waldron is one of the best resources of its kind for individual and class study. It is important for each student of the Bible to gain information about the history and geography of the Bible in order to better understand the context of the message of salvation. The Waldrons have demonstrated an ability to take difficult material and make it both understandable and usable. The book can do several things for the user: (1) it will provide a

complete survey of the Bible from Genesis to Revelation; (2) it will give one a good summary of the history of the nations involved in sacred history; (3) it will acquaint one with the geography of the Bible lands. The good maps add tremendously to the quality and usefulness of the book. There are a total of 52 lessons. The first lessons discusses man as an intelligent being. The next 7 lessons give a brief look at all the Bible Lands. The rest of the lessons (9-52) correlate the Bible history and geography together. There are plenty of full color maps with corresponding blank maps for the student to fill in. Every few lessons, there is a section of review questions. Charts, lists, and easily read narrative make this a great study for your Bible class or personal study.

Before Forever - Byron Weathersbee 2008-08

It was impulsive of me, I know, to go out on a limb and write what I did in that postcard after only two dates with Carla. At the time, however, something inside told me that she was the one.

But could I trust that little voice inside? If anything, I should have distrusted it, for I'd only recently broken up with my high school sweetheart. So what did that little voice and I really know? // Can we trust that voice inside that tells us he or she is the one? // Carla far exceeded anyone I had imagined would come my way. Spring term had just ended for us at the university we attended when she left to work at a camp for the summer. I can have a pretty one-track mind and so using a blank postcard that a friend of mine had brought back from a recent trip of his to Hawaii, I jotted a note to Carla along with the cryptic note "82884WWBTAOWD" tucked away in the bottom right-hand corner. It looked like a postal code, and no one but me knew that it stood for "We will be there after our wedding day: 8/28/84." Inside I was sure I knew what I wanted, but outside there wasn't a chance I would let anyone know. As much as I was drawn to a life together with Carla, I didn't yet want her to know it! That was pretty bold of

me (or maybe psycho), considering it was three years prior to my projected Hawaiian honeymoon.¹ But I was so smitten by Carla I could have penned the note with my own testosterone. Rereading that postcard today you can tell that we didn't know each other all that well, but every encounter I'd had with Carla (all two of them!) left me more captivated by this woman. One of those meetings was at "Rock n Roll," one of those crazy guy-girl college functions at a skating rink, where the small group Carla was leading and the group of guys that grabbed me decided to gather. Truth be told, I had looked forward to skating in circles about as much as being chained in front of the home decorating channel. But like most hot-blooded college males, at the time I was willing to make an exception if the prospect of picking up a great woman was involved. As a joke, the DJ played one of those junior high "couples only" songs. It was at that point I realized Carla was the one. Not really the one to marry just the one

to ask to skate. My heart was racing as I built up courage to ask Carla. As trite and cheesy as that may sound, my hands sweat more than an evangelist at a summer tent revival when I'm nervous. So for me to ask Carla whom I didn't really know to skate with me while holding my sweat-slippery hands took some big-time courage. (Don't laugh. All of us have personal insecurities held over from 7th grade.) I didn't want to gross her out, but I also didn't want to let the opportunity slip by, because in the vernacular of the early 1980s Carla was what my friends and I called a "godly fox." What a stupid phrase. At the time, however, that saying was "off the hook." Carla had me "crazier than a mug," another phrase with the shelf life of about a month. And though the way we say it changes more often than a university freshman changes majors, the experience down through the centuries remains the same: I soon fully believed Carla was the one. She was the most beautiful, most Christ-centered, most amazing woman I

had ever met. Put bluntly, I was deeply infatuated with her. Married people often tell singles in that twitter-pated state of mind I was in that spring, "You'll know whether she's the one." "But how?" you naturally ask when you begin getting serious. "Oh, you'll just know." "But how?!" you may think. Often, no one will give you a better answer than "You just know that you know," another stupid phrase that needs to go out with 1980s parachute pants. Yet in spite of all I didn't know then, and as presumptuous as my hidden Hawaiian love note was, Carla entered my life somehow as an answer to a question my heart had been asking for years. Something clicked in me when I met her, and I knew that if she was not the girl I would marry, then my future wife would probably be someone an awful lot like her. That much I already knew. If only "knowing that you know" were easier. But that's precisely the point, we think. Knowing whether she or he is the one isn't easy for a reason. It's difficult

because the journey God is leading you on is one that will search you to the core. "Knowing that you know" isn't as simple as browsing the Internet to match your online personality profile with some pre-selected mate. Instead it's a journey that will challenge your faith, deepen your trust, and refine who you are in the process. You see, this journey isn't only about seeking a yes or no answer to marriage. It's about something much larger, where God's Spirit mysteriously touches our lives and we find God wooing us through our search to "know that we know" into a relationship with Him more beautiful than the very thing you're seeking by picking up this book. That journey is what this book is all about."

Just Kids - Patti Smith 2010-01-19

It was the summer Coltrane died, the summer of love and riots, and the summer when a chance encounter in Brooklyn led two young people on a path of art, devotion, and initiation. Patti Smith would evolve as a poet and performer, and Robert Mapplethorpe would direct his highly provocative style toward photography. Bound in innocence and enthusiasm, they traversed the city from Coney Island to Forty-second Street, and eventually to the celebrated round table of Max's Kansas City, where the Andy Warhol contingent held court. In 1969, the pair set up camp at the Hotel Chelsea and soon entered a community of the famous and infamous—the influential artists of the day and the colorful fringe. It was a time of heightened awareness, when the worlds of poetry, rock and roll, art, and

sexual politics were colliding and exploding. In this milieu, two kids made a pact to take care of each other. Scrappy, romantic, committed to create, and fueled by their mutual dreams and drives, they would prod and provide for one another during the hungry years. Just Kids begins as a love story and ends as an elegy. It serves as a salute to New York City during the late sixties and seventies and to its rich and poor, its hustlers and hellions. A true fable, it is a portrait of two young artists' ascent, a prelude to fame.

Nutrient Requirements of Laboratory

Animals, - National Research Council

1995-02-01

In the years since the third edition of this indispensable reference was published, a great deal has been learned about the nutritional requirements of common laboratory species: rat, mouse, guinea pig, hamster, gerbil, and vole. The Fourth Revised Edition presents the current expert understanding of the lipid, carbohydrate, protein, mineral, vitamin, and other nutritional needs of these animals. The extensive use of tables provides easy access to a wealth of comprehensive data and resource information. The volume also provides an expanded background discussion of general dietary considerations. In addition to a more user-friendly organization, new features in this edition include: A significantly expanded section on dietary requirements for rats, reporting substantial new findings. A new section on

nutrients that are not required but that may produce beneficial results. New information on growth and reproductive performance among the most commonly used strains of rats and mice and on several hamster species. An expanded discussion of diet formulation and preparation including sample diets of both

purified and natural ingredients. New information on mineral deficiency and toxicity, including warning signs. This authoritative resource will be important to researchers, laboratory technicians, and manufacturers of laboratory animal feed.
