(Education/Teaching) *Kingdom of Twilight* - Steven Uhly 2018-08-07 "POWERFUL AND ORIGINAL." --THE TIMES "REWARDING AND WHOLLY ENGAGING." -- HISTORICAL NOVEL SOCIETY "ONE OF THE MOST IMPORTANT AND POWERFUL NOVELS OF RECENT GERMAN LITERATURE." -- DEUTSCHLANDRADIO KULTUR Hypnotically lyrical and intensely moving, Steven Uhly's epic novel set in the wake of World War II is a finely nuanced yet shattering exploration of universal themes: love, hatred, doubt, survival, guilt, humanity, and redemption. One night in autumn 1944, a gunshot echoes through the alleyways of a small town in occupied Poland. An SS officer is shot dead by a young Polish Jew, Margarita Ejenstain. In retaliation, his commander orders the execution of thirty-seven Poles--one for every year of the dead man's life. First hidden by a sympathetic German couple, Margarita must then flee the brutal advance of the Soviet army

with her newborn baby. So begins a thrilling panorama of intermingled destinies and events that reverberate from that single act of defiance. Kingdom of Twilight follows the lives of Jewish refugees and a German family resettled from Bukovina, as well as a former SS officer, chronicling the geographical and psychological dislocation generated by war. A quest for identity and truth takes them from refugee camps to Lübeck, Berlin, Tel Aviv, and New York, as they try to make sense of a changed world, and of their place in it.

*Carbs* - Anonymous 2012-06-01

Alcohol and Carbohydrates are very similar chemically, and very likely cause the same allergy of the body and obsession of the mind as

with the disease of alcoholism. If alcoholics are able to abstain from a substance they thoroughly craved, abstain for the rest of their lives and learn how to totally enjoy life without it, so can carbohydrate addicts. This book is another of a series of books written anonymously that demonstrate how the principles of spirituality and democracy designed by Bill Wilson, co-founder of Alcoholics Anonymous, can be used outside their anonymous organization for the betterment of our society. However, the principles set down in this book are more austere and the participant will be asked to go to very rigorous lengths to achieve recovery, awaken spiritually and maintain a spiritual experience in this life. The methods described within are designed for people who are desperate, hopeless and have no where else to turn to. The goal of using this recovery program for the individual is not only to achieve freedom from a high carbohydrate diet, but to achieve a spiritual awakening so that your life can become

pleasant, peaceful, happy, and sane.

**Triple Crossed** - James William Jones  
2010-10-20

An urgent midnight call from the Vatican awakens Dr. Joseph McPherson, a former CIA scientist, from a drunken sleep. He is summoned to Rome to help recover the most sacred relics in Christendom, known only to the Pope and a handful of cardinals. The mere existence of these relics could cast doubts on the very foundations of Christianity; they must be recovered quickly and covertly to preserve the Church. In Israel, Mossad director Meir Snir has taken notice. He questions why the Vatican would appoint an alcoholic research nerd to team with five Vatican cardinals and the Pope himself, on any project. Snir, who has a sixth sense for intrigue, wonders if this development could have long-reaching

implications. He dispatches the clever and beautiful Myra Cohen to keep an eye on McPherson. During McPherson's quest to solve this biblical yet timely puzzle, he encounters an ancient and secret brotherhood that has vowed to seek revenge for past atrocities and destroy the Catholic Church. The dangerous trail leads through England, Kentucky Bluegrass country, Washington DC, and Amsterdam in search of a mysterious genius who may have unraveled the secret of eternal life. On his journey, McPherson learns the innermost secrets of the Vatican as well as how to resurrect his own life.

**Freud on the Psychology of Ordinary Mental Life** - Susan Sugarman 2010-06-16

Freud, although best known for his elucidation of the unusual in human mental life, also attempted to illuminate ordinary human experience, such as people's appreciation of humor, their capacity to become engrossed in

fiction, and their disposition to a variety of emotional experiences, including the uncanny, the stirrings prompted by beauty, and their disposition to mourn. His insights into the everyday and his sense of where within it the productive questions lie reveal an incisiveness that defies both earlier and subsequent thought on his topics. This book works to expose that vision and to demonstrate its fertility for further inquiry. It reconstructs several of Freud's works on ordinary mental life, tracking his method of inquiry, in particular his search for the child within the adult, and culminating in a deployment of his tools independently of his analyses. It shows how to read Freud for his insight and generativity and how to push beyond the confines of his analyses in pursuit of new lines of exploration.

*Just Needs a Recharge* - Rob Siegel 2018-04-24  
Air conditioning in vintage cars often falls into  
disrepair, as owners figure that it never really  
worked all that well when it was new, and  
assume that rejuvenation would be prohibitively  
expensive. In his new book, *Just Needs a  
Recharge: The Hack Mechanic Guide to Vintage  
Air Conditioning*, Rob Siegel details exactly  
what's needed to resurrect long-dead air  
conditioning in a vintage car, or install a/c in a

car that never had it. In a level of detail not found in any other automotive a/c book, Rob reveals what you need to know about flare and o-ring fittings, upgrading to a rotary-style compressor and a parallel-flow condenser, making or specifying custom hoses, and selecting refrigerant so that the a/c blows cold enough to be usable. Although the book draws from Rob's BMW experience (with specifics for the BMW 2002 and 3.0CS), and concentrates on vintage a/c systems (those that have flare fittings and originally contained R12), most of the information applies to any air conditioning system, foreign or domestic, vintage or modern. Written in Rob's entertaining Hack Mechanic narrative voice, and including 240 photographs and illustrations, the book covers theory, the choice of refrigerant (R12, R134a, other EPA-approved, non-EPA-approved), legality, tools for a/c work, fittings and sizes, the compressor, the evaporator assembly and expansion valve or orifice tube, the condenser and fan, the

receiver/drier or accumulator, electrical connections and compressor cycling, connecting and using manifold gauges, the basic steps for a/c rejuvenation, from-scratch a/c retrofit, making and installing hoses, flushing the system, pressure-testing and leak detection, evacuating and charging the system troubleshooting, and other things that heat up the cabin.

**Jesus and the Samurai** - Michael Zomber 2009-11-05

By 250 AD, Christianity had spread throughout India and China. Known as the Shining Religion or the Luminous Teaching, it drew adherents from Buddhism and Hinduism who were seeking a faith that taught the possibility of achieving a society founded on love and compassion for their fellow man. The new doctrine reached the island nation of Japan where it was so well received that Christianity threatened to supplant Buddhism as the dominant religion. By the close of the 16th century Japanese Christians numbered in the millions. Fifty years later Christianity was officially proscribed and Christians faced execution for openly practicing their faith. Jesus and the Samurai tells their fascinating story with facts drawn from ancient and modern sources.

lottery drawing show, as well as the most renowned sports anchor in the city of Boston and the envy of all who knew him. Looking into the past, we see Jack top of the world, but there are dark tidings as Jack's seemingly perfect life is not quite as wonderful as it appears. Thirty-three years old and submerged in the partying lifestyle of a local celebrity, Jack hatches a scheme to fix the very lottery drawing he hosts on television every night. Back in today's world, Jack—solely in order to get close to a young woman—cynically joins Earthpeace, a group of environmental activists opposing an airport expansion guided by the long-sitting Senator Shea to the doorstep of the powerless working-class city of Norton. Entirely insincere in all he does and on the cusp of regaining all he'd lost, Jack finds himself at an unexpected crossroad. Triple Six Fix is the dramatic telling—with foreshadow and flashback—of the rise, fall and ultimate fate of Jack Webster, a beloved local celebrity who crashes from great heights and
