Intermediate Accounting - Kin Lo 2016-01-01

Lo/Fisher is praised for its readability and conversational writing style that helps students better understand difficult concepts in Accounting. Lo/Fisher presents the how and why of reporting accounting information from within an easily-understood theoretical framework. Lo/Fisher has a clean layout that engages the reader with a clear writing style using plain English. This text is built on the current International Financial Reporting Standards (IFRS) and incorporates Accounting Standards for Private Enterprise (ASPE) where appropriate. Our philosophy is that when students understand the current standards, they will be able to analyze and interpret changes in the future. Fundamentals of Financial Accounting - Fred Phillips 2021
"Fundamentals of Financial Accounting responds by using carefully chosen focus companies that students recognize and engage with in their everyday lives. From tech start-ups to some of the world's most familiar trademark brands, each chapter opens with an engaging scenario or story using a familiar company. The same focus company, such as Walmart, Cedar Fair, American Eagle, National Beverage, Under Armour, or General Mills, is used throughout the entire chapter so that students can see how the concepts and calculations apply to a real-world company they are already familiar with"--

Financial Accounting - PAULINE. WEETMAN 2019-02-26
Written by an expert teacher in Financial Accounting, the eighth edition of this well-respected text retains all the features that have contributed

to the book's popularity: focus on the accounting equation, an even greater range of student activities throughout each chapter, a clear and accessible writing style, and extensive use of real-world case studies. With a strong emphasis on the 2018 Conceptual Framework of the International Accounting Standards Board, *Financial Accounting: An Introduction* guides students in understanding the 'why' and not just the 'what' of financial accounting. Key features: Definitions and terminology are aligned with the 2018 IASB Conceptual Framework New case studies giving examples from real-world companies Activities aligned to each section of a chapter to encourage students to explore and consider issues from different angles Expanded for this edition, experience-driven conversations between two managers are included throughout, updated with an even more practical emphasis Coverage on fair value throughout Exploration of the Strategic Report and Directors' Report Fully up-to-date with International Financial Reporting Standards (IFRS) Focuses on specific knowledge outcomes, with end-of-chapter self-evaluation Questions are graded according to difficulty to test student understanding *Financial Accounting: An Introduction* is a core textbook for undergraduates on Business Studies degrees, undergraduates on Accounting courses, students studying accounting for MBA and postgraduate courses, and professional courses where accounting is introduced for the first time. European Tax Law Seventh Edition - Peter J. Wattel 2018-11-20
The seventh edition of this two-volume set brings a comprehensive and

systematic survey of European Tax Law up to January 2018. It provides a state of the art clarification and analysis of the implications of the EU Treaties and secondary EU law for national and bilateral tax law. From the consequences of the EU free movement rights - to the soft law meant to put a halt to harmful tax competition. The seventh edition of European Tax Law offers a cutting-edge analysis of the field surrounding tax law across Europe. It puts forward a thought-provoking discussion of the current EU tax rules, as well as of the EU Court's case law in tax matters. Previous editions were highly regarded as a staple overview of EU tax law among EU tax law practitioners, policymakers, the judiciary and academics alike. With its updated legislation and case-law up to January 2018, this new edition maintains its unparalleled depth and clarity as the go-to reference book in the field. This first volume of the abridged student edition of 'European Tax Law' covers: 1. The consequences of the EU free movement rights, the EU State aid prohibition, the EU Charter of Fundamental Rights and the general principles of EU law for national tax law, tax treaties, national (tax) procedure, State liability and relations with third States, as they appear from the case law of the Court of justice of the EU 2. Secondary EU law in force and proposed on direct taxes: the Parent-Subsidiary Directive, the Tax Merger Directive, the Interest and Royalties Directive, cross-border tax dispute settlement instruments, the Anti-Tax Avoidance Directive and the C(C)CTB proposal 3. The exchange of information and other administrative assistance in the assessment and recovery of taxes between the EU Member States 4. Soft Law on Harmful Tax Competition 5. Procedural matters and the extent of judicial protection The upcoming second volume of this set will cover harmonization of indirect taxation, energy taxation and capital duty, as well as administrative cooperation in the field of indirect taxation.
