The Girl Who Could Dance in Outer Space - An Inspirational Tale About Mae Jemison - Maya Cointreau 2016-03-22

The Girl Who Could Dance in Outer Space is the second book in The Girls Who Could Series. It tells the tale of young Mae Jemison, the creative girl who became a doctor, an engineer, a dancer, and an astronaut. Mae Jemison teaches us that art and science are natural expressions of creativity and imagination. Nurture them both, and go where your dreams take you! The Girls Who Could is a fun, colorful series of stories about real women who have made a difference in the world through inspired action. By giving young girls examples of people who have done big, amazing things, children grow up with a template of achievement upon which to grow and expand their own dreams and goals. Praise for The Girl Who Could Talk to Computers: "Love love love this book! It is perfect for my small neice, who is always building and doing puzzles -- I can't wait for more books from this authors for kids." "This book is a huge hit at home with at my toy store. Kids love the simple, bright pictures. Grown-ups love the intelligently written rhymes that get across the main message and accomplishments of Grace Hopper's innovative life, without boring or confusing the children. There are sixteen, 4-line stanzas, each accompanied by an illustration. The book is perfect for young kids that are just starting to read, and I really like how it is geared towards inspiring girls, yet the drawings and story is not pink and frilly, so it can just as easily be read to boys, too. The main message of the book is that when you use your head "nothing's impossible, you can do it, you bet!"

"Tales of Space and Time" is a collection of five brief science fiction stories.

[The Way of All Flesh](#) - Samuel Butler 2019-12-11T22:48:45Z

The Way of All Flesh is often considered to be Samuel Butler's masterpiece, and is frequently included in many lists of best English-language novels of the 20th century. Despite this acclaim, Butler never published it in his lifetime—perhaps because the novel, a scathing, funny, and poignant satire of Victorian life, would have hit his contemporaries too close to home. The novel traces four generations of the Pontifex family, though the central character is Ernest Pontifex, the third-generation wayward son. The reader follows Ernest through the eyes of his watchful godfather, Mr. Overton, as he strikes out from home to find his way in life. His struggles along the way illustrate the complex relationships between a son and his family, and especially his father; all while satirizing Victorian ideas about family, church, marriage, and schooling. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

Blood of Requiem (Epic Fantasy, Dragons, Free Fantasy Novel) - Daniel Arenson 2011-05-01

Free epic fantasy novel! Song of Dragons -- a fantasy trilogy of blood, steel, and dragonfire. For fans of epic fantasy like A Game of Thrones and The Lord of the Rings. BOOK ONE: BLOOD OF REQUIEM Long ago stood the kingdom of Requiem, a land of men who could grow wings and scales, breathe fire, and take flight as dragons. Requiem ruled the sky. But Dies Irae, a tyrant leading an army of griffins, hunted Requiem's people, burned their forests, and shattered their temples. Requiem fell. This ancient land now lies in ruin, its halls crumbled, its cries silenced, its skeletons littering the burned earth. In the wilderness, a scattering of survivors lives in hiding. The griffins still hunt them, and every day promises death. Will Requiem's last children perish in exile... or once more become dragons and fly to war? Stories of the Vikings - Mary MacGregor 2018-02-07

THE history of the Vikings is not, as you might think, the story of a band of sea-pirates who roved the seas in search of plunder. It is rather the story of a race of brave and hardy Northmen who became sea-rovers because the rights and the freedom which their fathers had cherished were being taken from them. Their fathers had lived on their own lands and had been freemen, but the sons were asked to become king's men and hold their land only at the king's pleasure. Rather than give up their ancient rights many of the Northmen became Vikings, and to them the sea-roving life was a noble one, full of high enterprise and ambition. It was no easy matter to become a member of a Viking band. Even a great chief, before he could be admitted, must prove his strength and give an account of the deeds of prowess he had already done. Thus it was an honour to belong to a band of Vikings, an honour which spurred the lads of the North to bold deeds, to mighty feats, that they might be counted worthy to become members of one or another of the famous bands. It is of the customs and battles, of the lives and deaths of these wild Northmen that I have told you in this little book. As these men are, as you will hear, ancestors of our own, you will perhaps wish to know more about them than I have been able to tell you. If that is so, when you grow older, you can read the Sagas or histories of these Northmen which were written by the Skalds, or, as we would call them, the poets of those olden days. In these Sagas you will meet with many strange adventures and see many great battlefields which you will not find in this little book.

The Void Captain's Tale - Norman Spinrad 2011-09-29

Welcome aboard the sex-drive void ship . . . Captain Genro commands the giant spaceship Dragon Zephyr - on board are ten thousand passengers in electrocoma, a smaller number of conscious passengers eagerly utilising the ship's dream chambers - and a Pilot. In the context of space travel, the Pilot is merely a biological component in the machine. Always a woman, her function is to launch the ship into the Jump by means of a cosmic orgasm. She is a pariah, shunned by all. Void Captain Genro should never even have spoken to his Pilot, let alone tried to embark on a relationship with her. When he did so, the result was every space traveller's nightmare. A Blind Jump into the Void . . .

Tales in Space - Peter Crowther 1998-04-01

The stories we tell are not limited to monsters and harsh otherworlds. Yet the fiction books in the Borealis imprint certainly belong to a world other than our own. This line encompasses our science fiction, fantasy and horror novels and anthologies.

I Smell of Cigarettes and Cheap Memories - Collin R. Brumagin 2014-07-01

"I Smell of Cigarettes and Cheap Memories" is a lyrical journey through a whiskey-soaked heart torn by both the bittersweet triumphs and failures of past loves, both romantic and otherwise. Each poem envelops a story of its own with a beginning, middle and end, allowing the reader to envision themselves in a space and time where the words become a reality. It sends the mind down an emotional road full of both beer-spewing laughter and gut-wrenching heartache. Brumagin is able to connect and relate to the most basic instincts and desires of human nature, most importantly what it means to gain and lose, and to genuinely let oneself feel the weight of those losses.

Would you like an adventure on another planet? This is just one of the questions Lara and her sister, Eva, must answer one sunny day in their garden. They wonder how will they return to Earth in time for lunch? And how will they get there when the aliens' spaceship is so small? When it's only big enough for ants! But their help is needed on the planet Zeegrassalo-Jeewoppza so off they go - into the unknown. Their feelings of helplessness only start to fade after a flight across the planet's Outerlands, in Kweezy Capolza's hummingcraft. Maybe, just maybe, the sisters can find some solutions to the aliens' problems. However, they think they might need their mother's help and she is back on Earth!

Tales of Space and Time - H G Wells 2021-02-10

The Kashmiri Shawl - Joanne Dobson 2014-05-23

A nineteenth-century American missionary widow embarks on a daring quest to find her dark-skinned child. India, 1857: Anna Wheeler Roundtree, missionary wife, flees her husband's pious tyranny, leaving the safety of the Protestant Mission in which she's spent most of the past decade. Her timing is bad: the train carrying her to freedom steams into the midst of the brutal Indian Rebellion. She is, however, plucked from danger by Ashok Montgomery, a wealthy Anglo-Indian tea planter. Together they escape the angry mobs and find the shelter of an isolated mountain cave. There, for the first time, Anna learns the true nature of love. New York City, 1860: Now a successful poet featured in national magazines, Anna Wheeler is astonished to learn that the daughter she bore upon her return was not stillborn, as she was told, but has been kidnapped. When Anna hears the baby described as "dark-skinned," she realizes that Ashok, the man she'd left behind in the tumult of the rebellion, is the true father, not her blond, fair-skinned husband. In her own racially inflamed nation on the verge of its own war, Anna throws respectability to the wind, learns to take risks, break rules, and trust strangers in a determined search for the little girl. Then a deranged voice arises from her tormented past, making demands that compel her back to India. Anna must confront the evil that set her running in the first place. Will her daring quest for her child, and for the love of her life, end in triumph or in heartbreak?

Final Hours (Love in Time Book One) - Cate Dean 2014-04-13

One man's death will change the future. Only two people can save him - if they have the courage to trust each other. Elizabeth Barritt fought hard for the life she has, finally putting the ugly memories of a childhood trapped in the foster care system behind her. She has the chance to move forward, to reach out for a new, exciting future, surrounded by the art that is her passion. All she has to do is take the first step. Enter Jackson Kane, who bursts into her life, literally out of thin air. He is a time traveler, on the hunt for a rogue agent. Colliding with Elizabeth is not on his agenda, as much as she intrigues him. When Kane is injured protecting Elizabeth from that agent, she makes a decision that will change her life, in ways she can't even begin to grasp. She takes him home. Once he is healed enough to travel, Kane goes after the agent, chasing him back to war-torn London. But his journey back takes a sideways turn, forcing Elizabeth to make another choice. She follows him into the past, to help him stop one man from changing their future. Together, they learn to trust. What they don't expect is the connection between them - a connection so strong they can't fight it, even as they try. Because how can it work, when their lives are centuries apart? *Includes an exclusive preview of First Breath, Book Two of the Love in Time series.

The Frankfurt Files - David Conte 2011-05-10

Ever hear of a log-sawing ritual at a wedding ceremony? Or renting an apartment with kitchen space, but no kitchen? How about having to bring birthday cake to work on your own birthday? In The Frankfurt Files: Tales of an American in Germany, David Conte moves overseas to Frankfurt, Germany, so he can save his relationship with his girlfriend (now-wife). But when he later finds himself having to relearn life in a very different way, his storybook romance becomes one big lesson in surviving culture shock: hauling a couch up a flight of stairs alone after being abandoned by callous furniture movers; participating in civilized nudity at a local wellness center; addressing the all-important issue of cream cheese abuse in German sandwiches. As a discerning idealist turned maladroit idiot among foreigners, he relates the good, the bad, and the in-between of his offbeat encounters as an expatriate.

Yiddish Tales - Helena Frank 1912

[Three Tales of Time and Space](#) - Poul Anderson 2018-03-27

A trio of mind-blowing explorations of space and time from a multiple Hugo and Nebula Award-winning

author, “one of science fiction’s most revered writers” (USA Today). For SFWA Grand Master Poul Anderson, humanity’s expansion into space exploration was the logical extension of the principle of individual liberty and a natural response to profound existential curiosity. He remained endlessly fascinated by the possibilities of limitless frontiers, penning “more milestones in contemporary science fiction and fantasy than any one man is entitled to” (Stephen Donaldson). Here are three of Anderson’s most memorable tales of time and space travel. *There Will Be Time*: Born with a strange genetic mutation, Jack Havig can travel backward and forward in time at will. He’s journeyed to ancient Rome and the Wild West—and into the far future, to a world nearly obliterated by nuclear war. But after he is admitted into a secret time-traveling organization, he stumbles upon a horrific plot to irrevocably alter the destiny of humankind. *The Enemy Stars*: In the twenty-third century, four astronauts hailing from different worlds have been entrusted to explore a long-dead star located light-years beyond where humanity has previously traveled. But when the black sun’s magnetic field destroys their only means of returning home, these four strangers must work together to survive—or together they will perish. *Fire Time*: Fire Time is coming to Ishtar. This once-in-a-millennium environmental catastrophe occurs when one of the planet’s three suns encroaches on Ishtar’s surface. Indigenous nomadic tribes, desperate to escape scorched homelands that will be rendered uninhabitable, have declared war on their more civilized brethren to claim their territory. Caught in the middle are human colonists from Earth, searching for a solution to both civil war and an approaching apocalypse.

Tribalry - Jared Stewart 2015-03-20

What’s the secret to success? Like many talented business owners, Jack Green thought it was long hours, do-it-yourself dedication, and cut-throat competition. But he learns how wrong he was when time starts running out for his struggling business. In the middle of a sleepless night, Jack is given the chance to change things when he is thrust into an adventure with an extraordinary group of mentors who teach him the powerful secrets of *Tribalry*: the art of building connection and community. *Tribalry* is a humorous, insightful parable that will leave you ready to roll up your sleeves and start building your own tribe today.

The Claiming of Snow White - Bella Swann 2016-09-15

This is an erotic interpretation of the classic fairy tale of Snow White. Snow White is a submissive young Princess who escapes into the deep woods and is rescued by seven lusty dwarves who train her to be their pet and plaything. Snow White undergoes dark and often BDSM sexual encounters as she slowly realizes that through her complete submission to dwarves and men, she will become the woman she was always meant to be. Warning: This is a work of fiction that contains sexually explicit materials meant for those over the age of 18 and contains elements of dubious consent, pet play, dominant male, submissive female, and ménages.

Tales of Known Space - Larry Niven 1975

Time Machine Tales - Paul J. Nahin 2016-12-24

This book contains a broad overview of time travel in science fiction, along with a detailed examination of the philosophical implications of time travel. The emphasis of this book is now on the philosophical and on science fiction, rather than on physics, as in the author's earlier books on the subject. In that spirit there are, for example, no Tech Notes filled with algebra, integrals, and differential equations, as there are in the first and second editions of *TIME MACHINES*. Writing about time travel is, today, a respectable business. It hasn’t always been so. After all, time travel, *prima facie*, appears to violate a fundamental law of nature; every effect has a cause, with the cause occurring before the effect. Time travel to the past, however, seems to allow, indeed to demand, backwards causation, with an effect (the time traveler emerging into the past as he exits from his time machine) occurring before its cause (the time traveler pushing the start button on his machine’s control panel to start his trip backward through time). *Time Machine Tales* includes new discussions of the advances by physicists and philosophers that have appeared since the publication of *TIME MACHINES* in 1999, examples of which are the chapters on time travel paradoxes. Those chapters have been brought up-to-date with the latest philosophical thinking on the paradoxes.

Holding Back The Tears - Annie Mitchell 2013-09-16

This is true story about real people is set in Edinburgh City and Dundee, where a petite Scottish Lassie

called Rosie Gilmour, mother to Finlay Sinclair, receives news of the death of her son - who tragically has taken his own life by hanging. Rosie pretends her son is still alive by talking to him, for that takes away the unbearable pain of her loss. But once she begins to face up to the fact that Finlay is not coming back, her conversations become more of a challenge than she can handle. When memories of her past are triggered by everyday life events, they take her mind back and forth in time - back to her own childhood days in 1960, when she flirted with the fairground boys, and to the day she gave birth to Finlay - "ME LADDIE". Rosie's Scottish accent becomes more apparent whenever her emotions are heightened and she begins to recite poetry. She goes on to reveal doubts about her own self-worth and how she re-unites her role as mother - a role she had denied herself for seven years prior to Finlay's death. Rosie learns how to forgive herself and how to accept her loss with using practical coping strategies that sometimes but not always work for her. Many voices of different natures and walks of life appear in Rosie's, story with each one offering a part of their own belief to try and console her in her misery - except that she turns her back on any advice or support offered. Rosie is convinced that she can cope with her loss on her own and “needs no help from anyone, thank you” - until a sweet, gentle, soft-spoken voice begins to travel with her throughout her ordeal, leaving her no other choice but to listen. Eventually moving to the countryside in Angus, Rosie finds the isolation gives her life a new meaning offering her the opportunity to re-value her belief's about her own self values and decides the time has come to give her son a memorial service and invite a chosen few dance companions whom she met on a regular basis in Edinburgh to honour this day. Rosie begins to accept she will never be the same person she once had been and shall never be again, believing now her journey through grief taught her many lessons making her a stronger and better person than she imagined she could ever be.

Baby Teeth - Dan Rabarts 2013

Someone in Time - Nina Allan 2022-05-10

Anthology of inclusive tales of people through time looking for one another and for ways for the world to be better. Love brought together or torn apart by time travel. This anthology is the latest collection of time-travel romance sci-fi short stories from prominent, award-winning sci-fi authors including Nina Allan, Carrie Vaughn, and Seanan McGuire. Follow timetravelers of all genders as they go backward and forward in time, sometimes to save the one they love, other times as a sacrifice, and others simply because it's their job. Some travel through memory, others through dreams, and others still through time machines to touch people who would otherwise be out of reach, and to join them together. Some of the stories are funny, some are sad and poignant, some are tales of fresh love and some of love forever lost, but they all are rather wonderful. Including stories by: Alix E. Harrow, Zen Cho, Seanan McGuire, Sarah Gailey, Jeffrey Ford, Nina Allan, Elizabeth Hand, Lavanya Lakshminarayan, Catherynne M. Valente, Sam J. Miller, Rowan Coleman, Margo Lanagan, Sameem Siddiqui, Theodora Goss, Carrie Vaughn, Ellen Klages

Recurrence Plot (and Other Time Travel Tales) - Rasheedah Phillips 2014-03-25

The interweaving stories in *Recurrence Plot and Other Time Travel Tales* present characters whose experiences challenge the notion that time flows in only one direction. If you want to understand what is happening at any given point in time, you cannot only look to the past for clues. You must consider the future. A journalist races against time itself to expose the entity preying on young male teens in Philadelphia. A crystal, memory-storing bracelet transports a young mother back to the day of her own mother's traumatic death. An unknown force of nature causes time to start flowing backwards. . . Using quantum physics as an imaginative landscape, Phillips' debut speculative collection *Recurrence Plot* attempts to walk the fine line between fiction and reality, fate and free will, and past, present, and future. *The Universe Doesn't Give a Shit about You!* - Kent Oliver 2015-09-05

Back to Venice - Michael Grant 2011-05-26

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation-and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's *The Scream*. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiously and curiously from there. During his stay-which is sometimes zany and sometimes frightening-he meet his hero, Michelangelo, who teaches him the true meaning of art.

Dark Tales - Joyce Ann Marie Gage 2015-04-08

Five tales of terror from the creative mind of Joyce Ann Marie Gage. Vampires, demons, spirits and the evil that exists within the human heart are all represented in this collection of stories. The Seeds of New Earth (the Silent Earth, Book 2) - Mark R. Healy 2014-12-17

The Earth is in ruins. Cities and nations destroyed. Mankind is extinct. Brant and Arsha are synthetics, machines made in the image of people. They dream of bringing humans back into the world and have the technology to succeed, but the obstacles in their way are mounting. Not only are their own conflicting ideals creating a rift between them, but now the sinister Marauders are closing in as they seek revenge on Brant. Out in the wasteland, strange lights and mysterious objects in the sky herald the arrival of new factions that seek to control the region. Even in the once quiet streets of their own city, malevolent forces are beginning to unfurl that threaten the sanctity of everything they hold dear, jeopardising the future that is within their grasp. *The Silent Earth Series Book 1 - After the Winter*: [amazon.com/dp/B00P02FBPM](https://www.amazon.com/dp/B00P02FBPM)

Inn Between Worlds - Thomas Farmer 2017-10-21

Sitting outside of time and space is the Inn Between Worlds. Residents might say it's a place for travelers, or a place to rest, a place to find excitement. Or they might say it's dangerous and to be avoided at all costs because Reality Does Not Work Right inside its infinite walls. Contained in these pages are three stories that all share one important point: Their events would not have been possible without The Inn. "Gideon Wallace and the Sapphire Woman" is the first story in a new series by Thomas A Farmer, and shows what happens when a mortal man finds himself drawn into a fight between gods. In "Chaos Candy," by Amie Gibbons, supernatural bounty hunter Zee tries to uncover a dark secret and learns much more than she ever wanted to know. Finally, Michael David Anderson's "Flux" continues the adventures of Teddy Dormer, taking him once again to strange new places and showing him new nightmares.

Symphony in a Minor Key - H. G. Stratmann 2010-05

Stories of aliens, time travelers and journeys into outer space.
