Living Homes - Thomas J. Elpel 2010

The house of your Dreams does not have to be expensive. The key is all in the planning. How much a house costs, how it looks, how comfortable it is, how energy-efficient it is--all these things occur on paper before you pick up even one tool. A little extra time in the planning process can save you tens of thousands of dollars in construction and maintenance. That is time well spent! Living Homes takes you through the planning process to design an energy and resource efficient home that won't break the bank. Then, from the footings on up to the roof, author Thomas J. Elpel guides you through the nuts and bolts of construction for slipform stone masonry, tilt-up stone walls, log home construction, building with

strawbales, making your own terra tile floors, windows and doors, solar water systems, masonry heaters, framing, plumbing, greywater, septic systems, swamp filters, concrete-fly ash countertops, painting and more. Living Homes was completely re-organized and revised for the new sixth edition, based on five additional years of building experience with low-cost, high efficiency construction methods. Get the latest ideas on how to build a high-performance house that will stand the test of time! The sixth edition includes fifteen pages of new material covering the latest stone masonry tips, plus revised and expanded tips and techniques throughout the book.

My Passion for Design - Barbra Streisand 2010-11-16

For nearly five decades Barbra Streisand has been one of the singular figures in American entertainment. From the cabaret to the Broadway stage, from television and film stardom to her acclaimed work as a director, from the recording studio to the concert hall, she has demonstrated that the extraordinary voice that launched her career was only one of her remarkable gifts. Now, in her first book, Barbra Streisand reveals another aspect of her talent: the taste and style that have inspired her beautiful homes and collections. My Passion for Design focuses on the architecture and construction of her newest homes, the

dream refuge that she has longed for since the days when she shared a small Brooklyn apartment with her mother, brother, and grandparents. A culmination and reflection of Streisand's love of American architecture and design between the eighteenth and twentieth centuries, the book contains many of her own photographs of the rooms she has decorated, the furniture and art she has collected, and the ravishing gardens she has planted on her land on the California coast. In addition to glimpses of her homes, Barbra shares memories of her childhood, the development of her sense of style, and what collecting has come to mean to her. My Passion for Design is a rare and intimate private tour into the world of one of our most beloved stars. It will be welcomed by her many fans and all lovers of the great achievements of American design.
