Apple Pro Training Series - Matthew Geller 2010-04-07
Designed for video-production professionals, Final Cut Server sets the standard for intuitive media asset management, making it easy to manage large collections of media files efficiently. In this Apple-authorized reference guide, system integrator Matthew Geller takes you on a comprehensive tour of the software, covering everything from tools for tracking, reviewing, and approving jobs to automating complex sequences of tasks in a busy post environment. Along the way, Geller shares essential workflows that will shave hours from your post-production jobs. You'll learn techniques for searching, cataloging, and finding the right asset quickly, as well as how to handle large quantities of real-time HD video, audio, and still image assets in a fast-paced production environment. Administrators will find a comprehensive overview of how to set up and configure this powerful collaboration tool, how to customize it to serve individual sites, and how to automate workflows and manage storage locations, users, and groups.

iMovie '11 & iDVD: The Missing Manual - David Pogue 2011-03-16
Apple's video-editing program is better than ever, but it still doesn't have a printed guide to help you get started. That's where this gorgeous, full-color book comes in. You get clear explanations of iMovie's impressive new features, like instant rendering, storyboarding, and one-step special effects. Experts David Pogue and Aaron Miller also give you a complete course in film editing and DVD design. Edit video like the pros. Import

raw footage, add transitions, and use iMovie's newly restored, intuitive timeline editor. Create stunning trailers. Design Hollywood-style "Coming Attractions!" previews for your movies. Share your film. Distribute your movie in a variety of places—on smartphones, Apple TV,

your own site, and with one-click exports to YouTube, Facebook, Vimeo, CNN iReport, and MobileMe. Make DVDs. Design the menus, titles, and layout for your DVDs, and burn them to disc. This book covers version 9 of Apple's iMovie software.
