Psychopathology - Graham C. Davey 2014-08-08

Psychopathology has been designed to provide students with a comprehensive coverage of both psychopathology and clinical practice, including extensive treatment techniques for a range of mental health issues. The text is designed to be accessible to students at a range of different learning levels, from first year undergraduates to post-graduate researchers and those undergoing clinical training. Psychopathology is primarily evidence and research based, with coverage of relevant research from as recently as 2013, making it useful to researchers as well as clinicians. The emphasis in the book is on providing students with a real insight into the nature and experience of mental health problems, both through the written coverage and by providing a range of video material covering personal accounts of mental health problems. The text is integrated with a wide variety of teaching and learning features that will enable facilitators to teach more effectively, and students to learn more comprehensively. Many of these features have been updated for the new edition and new material has been included to reflect the changes in DSM-5. Features include Focus Points that discuss contentious or topical issues in detail, Research Methods boxes showing how clinical psychologists do research on psychopathology, and Case Histories detailing a range of mental health problems. Online resources An all new student website is available at www.wiley-psychopathology.com. The website houses a huge variety of new digital material including more than 50 instructional and supplementary videos covering descriptions of symptoms and aetiologies, examples of diagnosis and diagnostic interviews, recounted personal experiences of people with mental health problems, and discussions and examples of treatment. The site also contains hundreds of new student quizzes, as well as revision flashcards, student learning activities, discussion topics, lists of relevant journal articles (many of which provide free links to relevant articles published in Wiley Blackwell journals), and topics for discussion related to clinical research and clinical practice. A fully updated lecturer test bank has also been developed including over 1,000 questions, as well as suggested essay questions and these can be accessed by instructors on our lecturer book companion site.

Air Fryer Cookbook for Beginners - American Air Fryer Cooks 2021-03-30

55% OFF for Bookstores! NOW at \$ 15,50 instead of.\$ 34,50 Searching for quick and healthy recipes to cook with the Air Fryer? If yes, then this book is what your customers are looking for! Your customers will find this book indispensable in the kitchen. Each recipe comes with beautiful images of the dishes. The air fryer is a high-powered oven that fries food by circulating superheated air around the food at high speed. Foods fried with air fryer are proven to be healthier than the deep-fried counterpart because it requires less oil to produce the same taste and texture in a lighter, quicker way. Most Air Fryers come with automatic cooking functions, so no need for speculations: with just a push of a button, you can cook tater tots, French fries, chicken fingers, and other foods, depending on the model you're using. The fryer regulates the temperature and the duration of cooking the foods. Clean-up couldn't get any easier: air fryers are designed with non-stick materials, making the cleaning process really easy. This book covers the following topics: - Lunch - Snacks - Dinner - Poultry - Seafood - Vegetables Buy it NOW and let your bookstore up to date.

Self-Portrait in a Convex Mirror - John Ashbery 1990-01-01

John Ashbery's most renowned collection of poetry -- Winner of The Pulitzer Prize, the National Book Award, and the National Book Critics Circle Award First released in 1975, Self-Portrait in a Convex Mirror is today regarded as one of the most important collections of poetry published in the last fifty years. Not only in the title poem, which the critic John Russell called "one of the finest long poems of our period," but throughout the entire volume, Ashbery reaffirms the poetic power that made him an outstanding figure in contemporary literature. These are poems "of breathtaking freshness and adventure in which dazzling orchestrations of language open up whole areas of consciousness no other American poet as ever begun to explore" (The New York Times).

Showboat - April Carter Grant 2019-03-11

Maryland's tenth Poet Laureate, Grace Cavalieri was married to Kenneth Flynn, for 60 years, until his death in 2013. He was a Naval Aviator serving on nine carriers until his retirement in 1975. Beginning with shore duty in 1964, Kenneth Flynn became a renowned metal sculptor, inventing the lost wood process with bronze and steel. Showboat charts Grace's journey as a Navy wife, and mentions the art world she moved into: theater, poetry, and radio.
