The Natural World in Latin American

Literatures - Adrian Taylor Kane 2014-01-10

From the Popol Vuh to postmodernism, imagery of the natural world has played an important role in Latin American literature. In contrast to the rise of ecocritical scholarship in Anglophone literary studies, Latin American literary ecocriticism has been slower to take root. This volume of eleven essays seeks to advance the

ecocritical conversation among Latin Americanists, furthering insight into the relationship between humans and their environments. The essays address regions as diverse as Patagonia and the Chihuahua Desert.

Lupe Wong Won't Dance - Donna Barba Higuera

2020-09-08

My gym shorts burrow into my butt crack like a frightened groundhog. Don't you want to read a book that starts like that?? Lupe Wong is going to be the first female pitcher in the Major Leagues. She's also championed causes her whole young life. Some worthy...like expanding the options for race on school tests beyond just a few bubbles. And some not so much...like complaining to the BBC about the length between Doctor Who seasons. Lupe needs an A in all her classes in order to meet her favorite pitcher, Fu Li Hernandez, who's Chinacan/Mexinese just like her. So when the horror that is square dancing rears its head in gym? Obviously she's not gonna let that slide.

Not since Millicent Min, Girl Genius has a debut novel introduced a character so memorably, with such humor and emotional insight. Even square dancing fans will agree...

The Intuitionist - Colson Whitehead

2012-05-23

This debut novel by the two time Pulitzer Prize-winning author of *The Underground Railroad* and *The Nickel Boys* wowed critics and readers everywhere and marked the debut of an important American writer. Nominated as one of America's best-loved novels by PBS's *The Great American Read* it is a time of calamity in a major metropolitan city's Department of Elevator Inspectors, and Lila Mae Watson, the first black female elevator inspector in the history of the department, is at the center of it. There are two warring factions within the department: the Empiricists, who work by the book and dutifully check for striations on the winch cable and such; and the Intuitionists, who are simply able to enter the elevator cab in question, meditate, and

intuit any defects. Lila Mae is an Intuitionist and, it just so happens, has the highest accuracy rate in the entire department. But when an elevator in a new city building goes into total freefall on Lila Mae's watch, chaos ensues. It's an election year in the Elevator Guild, and the good-old-boy Empiricists would love nothing more than to assign the blame to an Intuitionist. But Lila Mae is never wrong. The sudden appearance of excerpts from the lost notebooks of Intuitionism's founder, James Fulton, has also caused quite a stir. The notebooks describe Fulton's work on the "black box," a perfect elevator that could reinvent the city as radically as the first passenger elevator did when patented by Elisha Otis in the nineteenth century. When Lila Mae goes underground to investigate the crash, she becomes involved in the search for the portions of the notebooks that are still missing and uncovers a secret that will change her life forever. Ashes of Izalco - Claribel Alegria 2015-02-20

A novel that blends politics, history and romance with unfailing gentleness, unforeseeable, explosive events determine the actions of the characters but never interrupt the work's lyrical structure. Carmen Rojas, the heroine, was a

child when, in 1932, she witnessed the brutality of the El Salvadoran National Guard, who murdered 30,000 rioting peasants. The tragedy shapes her political consciousness, and, although she marries an American and lives in Washington, D.C., she cannot escape its memory. Thirty years later, she returns home to attend her mother's funeral and to care for her sickly father, and discovers a diary kept by her mother's American lover in the months before the 1932 uprisings.

Private Women, Public Lives - Bárbara O.

Reyes 2010-01-01

Through the lives and works of three women in colonial California, Bárbara O. Reyes examines frontier mission social spaces and their relationship to the creation of gendered colonial relations in the Californias. She explores the function of missions and missionaries in establishing hierarchies of power and in defining gendered spaces and roles, and looks at the ways that women challenged, and attempted to modify, the construction of those hierarchies, roles, and spaces. Reyes studies the criminal inquiry and depositions of Barbara Gandiaga, an Indian woman charged with conspiracy to murder two priests at her mission; the divorce petition of Eulalia Callis, the first lady of colonial California who petitioned for divorce from her adulterous governor-husband; and the testimonio of Eulalia Pérez, the head housekeeper at Mission San Gabriel who acquired a position of significant authority and responsibility but whose work has not been properly recognized. These three women's

voices seem to reach across time and place, calling for additional, more complex analysis and questions: Could women have agency in the colonial Californias? Did the social structures or colonial processes in place in the frontier setting of New Spain confine or limit them in particular gendered ways? And, were gender dynamics in colonial California explicitly rigid as a result of the imperatives of the goals of colonization? **History of the Indies** - Bartolomé de las Casas 1971

Sugar and the Origins of Modern Philippine Society - John A. Larkin 1993

The sugar industry has been a vital part of the economic and social life of modern Philippine society. Under Spanish and American colonialism, sugar cultivation and export became one of the chief commercial industries in the Philippines. Both the Filipino people and the colonizing forces participated in the sugar

industry; a few profited enormously. John Larkin examines how the international sugar market and local culture forged two types of society, one based on plantation agriculture, the other on tenant farming. Larkin investigates the history of the two most important sugar-producing regions, Negros Occidental and Pampanga. He depicts the impact of colonial economic forces on the rise of the elite plantation-owning class, the subsequent gap that developed between the extraordinarily wealthy and the impoverished, and the nation's dependence on the international market. Larkin concludes that the sugar industry resulted in stunted economic development, wide cleavages among the Filipino people, and an imbalance of political power - all effects that are still felt today. Sugar and the Origins of Modern Philippine Society is an indispensable contribution to our understanding of Southeast Asian history and the industry vital to the evolution of the Philippines.

The Vortex - José Eustasio Rivera 2018-04-16

Published in 1924 and widely acknowledged as a major work of twentieth-century Latin American literature, José Eustasio Rivera's *The Vortex* follows the harrowing adventures of the young poet Arturo Cova and his lover Alicia as they flee Bogotá and head into the wild and woolly backcountry of Colombia. After being separated from Alicia, Arturo leaves the high plains for the jungle, where he witnesses firsthand the horrid conditions of those forced or tricked into tapping rubber trees. A story populated by con men, rubber barons, and the unrelenting landscape, *The Vortex* is both a denunciation of the sensational human-rights abuses that took place during the Amazonian rubber boom and one of the most famous renderings of the natural environment in Latin American literary history.

Bravo, Chico Canta! Bravo! - Pat Mora

2014-04-01

In this sweetly funny picture book, a tiny mouse, Chico Canta, saves his entire family from the clever kitten, Little Gato-Gato, when he uses his quick wits and ability to speak another language. Mrs. Canta lives with her family in an old theatre, and she has her hands full trying to keep track of her twelve children—especially Chico Canta, the youngest, tiniest, and most mischievous of the mice. She is always telling them, “Hurry! Hurry! ¡Pronto! ¡Pronto!” She speaks many languages, and she encourages her children to learn more, too. “Bilingual, bravo!” One evening, after a wonderful performance of *The Three Little Pigs*, the mouse family narrowly escapes Little Gato-Gato. Undaunted and

inspired by the production, they decide to mount their own version of the play. A frenzy of sewing costumes and building sets ensues under the direction of Mr. Canta, while Mrs. Canta oversees the cricket musicians, the spider stage crew, and the moths who will be the ushers. But on the night of the play itself, it is tiny Chico who is the star of the show when he spots Little Gato-Gato in the shadows, and uses his own special gift for languages to avert disaster. Amelia Lau Carling’s charming illustrations show the pleasures, fears, antics and glories of Chico Canta and his family, all against the backdrop of the elegant old theater. A note from author Pat Mora describes how she and her daughter Libby were inspired to write this story together after she read the kernel of this bilingual joke in a book of Mexican American folktales. [A Companion to Modern Spanish American Fiction](#) - Donald Leslie Shaw 2002

With such figures as Jorge Luis Borges, Miguel

ngel Asturias and Gabriel Garc a M rquez (both the latter Nobel Prizewinners) Spanish American fiction is now unquestionably an integral part of the mainstream of Western literature. This book draws on the most recent research in describing the origins and development of narrative in Spanish America during the nineteenth and twentieth centuries, tracing the pattern from Romanticism and Realism, through Modernismo, Naturalism and Regionalism to the Boom and beyond. It shows how, while seldom moving completely away from satire, social criticism and protest, Spanish American fiction has evolved through successive phases in which both the conceptions of the writer's task and presumptions about narrative and reality have undergone radical alterations. [The Woman in Latin American and Spanish Literature](#) - Eva Paulino Bueno 2012-04-19

Noted scholars of Latin American and Spanish literature here explore the literary history of Latin America through the representation of iconic female characters. Focusing both on canonical novels and on works virtually unknown outside their original countries, the essays discuss the important ways in which these characters represent nature, history, race and sex, the effects of globalization, and the unknowable "other." They examine how both male and female writers portray Latin American women, reinterpreting the dynamics between the genders across boundaries and historical periods. Drawing on recent theories in literary criticism, gender, and Latin American studies, these essays illuminate the women characters as conduits for the appreciation of their countries and cultures.

Dirty Havana Trilogy - Pedro Juan Gutierrez 2002-02-05

Banned in Cuba but celebrated throughout the Spanish-speaking world, this picaresque novel in stories chronicles the misadventures of Pedro Juan, a former Cuban journalist living from hand to mouth in the squalor of contemporary Havana, half disgusted and half fascinated by the depths to which he has sunk. Like the lives of so many of his neighbors in the crumbling, once-elegant apartment houses that line Havana's waterfront, Pedro Juan's days and

nights have been reduced by the so-called special times -- the harsh recession that followed the Soviet Union's collapse -- to the struggle of surviving the daily grit through the escapist pursuit of sex. Pedro Juan scrapes by under the shadow of hunger -- all the while observing his lovers and friends, strangers on the street, and their suffering with an unsentimental, mocking, yet sympathetic eye.

The Spanish American Novel - John S. Brushwood 2014-07-03

In *The Spanish American Novel*, John S. Brushwood analyzes the twentieth-century Spanish American novel as an artistic expression of social reality. In relating the generic history of the novel to extraliterary events in Spanish

America, he shows how twentieth-century fiction sets forth the essence of such phenomena as the first Perón regime, the Mexican Revolution, the Che Guevara legend, indigenismo, and the strongman political type. In essence, he views the novel as art rather than as document, but not as art alienated from society. The discussion is organized chronologically, opening with the turn of the century and focusing on novels from 1900 to 1915 that exemplify various aspects of the nineteenth-century literary inheritance. Brushwood then highlights the avant-garde fiction (influenced by Proust and Joyce) of the 1920s as a precursory movement to the “new” Latin American novel, a phenomenon that came into its own during the 1940s. He then examines the “boom” in Spanish American fiction, the period of extensive international recognition of certain works, which he dates from 1962 or 1963. In each era considered, the development of the novel is placed in dual perspective. One view—that of particularly significant novels in

light of others published during the same year—is a cross section of the genre at one particular moment. The second view—that of a panorama of novels published in intervals between significant moments in the history of the novel—is more general and selective in the number of books discussed. Combining the historical with the analytical approach, the author proposes that the experience of a novel in which reality has been transformed into art is essential to our understanding of that reality.

Narrative and National Allegory in Rómulo Gallegos's Venezuela - Jenni Maria Lehtinen
2013

Venezuela's preeminent educator, politician, and most important author Rómulo Gallegos (1884-1969) left a lasting imprint on how Venezuelans conceive of their national history and identity. Jenni Lehtinen offers the first full-length study of Gallegos's later Venezuelan novels, 'Canaima' (1935), 'Pobre negro' (1937), and 'Sobre la misma tierra' (1943), which have

been up to now eclipsed by the critical attention devoted to 'Doña Bárbara' (1929). By combining close-readings organized around national allegory and narrative structure with discussions about Gallegos's socio-political essays, the study reveals previously ignored, radical developments in the Venezuelan author's ideologies. Through her bold reinterpretation of the later novels, Lehtinen reveals Gallegos as a far more innovative writer than has been traditionally appreciated. Jenni Lehtinen completed her doctoral studies in Spanish American literature at Wolfson College, University of Oxford, where she has held various teaching posts and lectured on Nation and Narration.

Identity and Translation Trouble - Ivana

Hostová 2017-08-21

Besides providing a thorough overview of advances in the concept of identity in Translation Studies, the book brings together a variety of approaches to identity as seen through the prism of translation. Individual chapters are

united by the topic and their predominantly cultural approach, but they also supply dynamic impulses for the reader, since their methodologies, level of abstraction, and subject matter differ. The theoretical impulses brought together here include a call for the ecology of translational attention, a proposal of transcultural and farcical translation and a rethinking of Bourdieu's habitus in terms of František Miko's experiential complex. The book also offers first-hand insights into such topics as post-communist translation practices, provides sociological insights into the role politics played during state socialism in the creation of fields of translated fiction and the way imported fiction was able to subvert the intentions of the state, gives evidence of the struggles of small locales trying to be recognised through their literature, and draws links between local theory and more widely-known concepts.

Café con leche - Winthrop R. Wright

2013-08-28

For over a hundred years, Venezuelans have referred to themselves as a *café con leche* (coffee with milk) people. This colorful expression well describes the racial composition of Venezuelan society, in which European, African, and Indian peoples have intermingled to

produce a population in which almost everyone is of mixed blood. It also expresses a popular belief that within their blended society Venezuelans have achieved a racial democracy in which people of all races live free from prejudice and discrimination. Whether or not historical facts actually support this popular perception is the question Winthrop Wright explores in this study. Wright's research suggests that, contrary to popular belief, blacks in Venezuela have not enjoyed the full benefits of racial democracy. He finds that their status, even after the abolition of slavery in 1854, remained low in the minds of Venezuelan elites, who idealized the European somatic type and viewed blacks as inferior. Indeed, in an effort to whiten the population, Venezuelan elites promoted European immigration and blocked the entry of blacks and Asians during the early twentieth century. These attitudes remained in place until the 1940s, when the populist Acción Democrática party (AD) challenged the elites'

whitening policies. Since that time, blacks have made significant strides and have gained considerable political power. But, as Wright reveals, other evidence suggests that most remain social outcasts and have not accumulated significant wealth. The popular perception of racial harmony in Venezuela hides the fact of ongoing discrimination.

The Twentieth-Century Spanish American Novel - Raymond Leslie Williams 2009-07-21
Spanish American novels of the Boom period (1962-1967) attracted a world readership to Latin American literature, but Latin American writers had already been engaging in the modernist experiments of their North American and European counterparts since the turn of the twentieth century. Indeed, the desire to be "modern" is a constant preoccupation in twentieth-century Spanish American literature and thus a very useful lens through which to view the century's novels. In this pathfinding study, Raymond L. Williams offers the first

complete analytical and critical overview of the Spanish American novel throughout the entire twentieth century. Using the desire to be modern as his organizing principle, he divides the century's novels into five periods and discusses the differing forms that "the modern" took in each era. For each period, Williams begins with a broad overview of many novels, literary contexts, and some cultural debates, followed by new readings of both canonical and significant non-canonical novels. A special feature of this book is its emphasis on women writers and other previously ignored and/or marginalized authors, including experimental and gay writers. Williams also clarifies the legacy of the Boom, the Postboom, and the Postmodern as he introduces new writers and new novelistic trends of the 1990s.

Dona Perfecta - Benito Pérez Galdós 1895

[A History of the Spanish Novel](#) - J. A. G. Ardila
2015

"The origins of the Spanish novel date back to the early picaresque novels and Don Quixote, in the sixteenth and seventeenth centuries, and the history of the genre in Spain presents the reader with such iconic works as Galdaos's Fortunata and Jacinta, Clarain's La Regenta, or Unamuno's Mist. A History of the Spanish Novel traces the developments of Spanish prose fiction in order to offer a comprehensive and detailed account of this important literary tradition. It opens with an introductory chapter that examines the evolution of the novel in Spain, with particular attention to the rise and emergence of the novel as a genre, during the sixteenth and seventeenth centuries, and the bearing of Golden-Age fiction in later novelists of all periods. The introduction contextualizes the Spanish novel in the circumstances and milestones of Spain's history, and in the wider setting of European literature. The volume is comprised of chapters presented

diachronically, from the sixteenth to the twenty-first century and others concerned with specific traditions (the chivalric romance, the picaresque, the modernist novel, the avant-gardist novel) and with some of the most salient authors (Cervantes, Zayas, Pardo Bazaan Galdaos, and Baroja). A History of the Spanish Novel takes the reader across the centuries to reveal the captivating life of the Spanish novel tradition, in all its splendour, and its phenomenal contribution to Western literature"--
