

The Lost Colony Of The Templars Verrazanos Secret Mission To America

Thank you categorically much for downloading **The Lost Colony Of The Templars Verrazanos Secret Mission To America** .Maybe you have knowledge that, people have look numerous period for their favorite books in the same way as this The Lost Colony Of The Templars Verrazanos Secret Mission To America , but stop taking place in harmful downloads.

Rather than enjoying a fine book with a mug of coffee in the afternoon, otherwise they juggled taking into consideration some harmful virus inside their computer. **The Lost Colony Of The Templars Verrazanos Secret Mission To America** is welcoming in our digital library an online entrance to it is set as public in view of that you can download it instantly. Our digital library saves in combined countries, allowing you to acquire the most less latency times to download any of our books as soon as this one. Merely said, the The Lost Colony Of The Templars Verrazanos Secret Mission To America is universally compatible later any devices to read.

The History of Orange County, New York - Russel Headley 1908

The Westford Knight and Henry Sinclair - David Goudsward 2020-03-27

The Westford Knight is a mysterious, controversial stone carving in Massachusetts. Some believe it is an effigy of a 14th century knight, evidence of an early European visit to the New World by Henry Sinclair, the Earl of Orkney and Lord of Roslin. In 1954, an archaeologist encountered the carving, long known to locals and ascribed a variety of origin stories, and proposed it to be a remnant of the Sinclair expedition. The story of the Westford Knight is a mix of history, archaeology, sociology, and Knights Templar lore. This work unravels the threads of the Knight's history, separating fact from fantasy. This revised edition includes a new foreword and four new chapters which add context to the myth-building that has surrounded the Westford Knight and artifacts like it.

Puramore - The Lute of Pythagoras - Steven Wood Collins 2013-04-12

General George Smythe, Team Alpha, Nagual socereer and quantum computer battle Wingtip, an avatar of China's first emperor, and spirit forces at his command to save mankind's collective soul from extinction. In order to prevail against their mortal and immortal foe,

they must acquire Puramore in order to overcome Wingtip's spiritual advantage. If you enjoyed reading Dan Brown's "The Lost Symbol", you'll also enjoy the mystery and intrigue surrounding the Puramore talisman.

Ancient Signposts - Arthur D. Faram 2011

This is a book that reveals world secrets that have been kept and passed down for millennia. In it you will explore previously unknown secrets of the Egyptian, Chinese and Mayan pyramids. You will visit a Viking geoglyph which outlines territory given to the Vikings after leaving Europe circa 1000AD. You will learn which famous artist included coded messages about the ancient past in his paintings, and much more. Over 200 documentary photos.

The Chronicle of the Discovery and Conquest of Guinea - Gomes Eanes de Zurara 2010-07

Volume 100 of the Hakluyt Society publications (1899) contains fifteenth-century accounts of expeditions sponsored by Prince Henry the Navigator.

The Templar Meridians - William F. Mann 2006-01-23

Reveals the true nature of the secret science the Templars discovered in the Holy Land that was the key to their power • Shows the cartographic knowledge that allowed the Templars to cross the Atlantic and establish settlements in the New World • Explains the connection of the Templar meridians to the journey of Lewis and

Clark • Shows the role played by secret societies in the establishment of the United States The most enduring mystery surrounding the Templars concerns the nature and whereabouts of their great treasure. Whereas many believe this lost treasure contains knowledge of the bloodline of Christ, William F. Mann shows that it actually consists of an ancient science developed before the Great Flood--knowledge discovered by the Templars in the Holy Land during the Crusades and still extant today in Templar/Masonic ritual. Among other things, this knowledge enabled the Order to establish accurate latitudinal and longitudinal positions long before the foundations of the current science were laid in the seventeenth century. This allowed them to cross the Atlantic to reach the New World, where they established secret settlements and mining operations that gave them a limitless supply of precious metals and a military edge over their opponents. Pursued farther into the interior of the North American continent by their adversaries from the Old World, the Templars left artifacts, relics, and information caches at key sites, confident that future initiates could use their understanding of the science of meridians and ley lines to locate them. The author points out that not only did future masons such as Jefferson and Washington use this science as the basis of their designs for Monticello and Washington, D.C., but the true motive of the expedition of Lewis and Clark was to identify the meridians mapped by the Templars and to search for the final resting place of Prince Henry Sinclair--where the great Templar treasure could also be found.

The Suppressed History of America - Paul Schrag 2011-05-20

An investigation into the discoveries of Lewis and Clark and other early explorers of America and the terrible acts committed to suppress them • Provides archaeological proof of giants, the fountain of youth, and descriptions from Lewis's journals of a tribe of "nearly white, blue-eyed" Indians • Uncovers evidence of explorers from Europe and Asia prior to Columbus and of ancient civilizations in North America and the Caribbean • Investigates the Smithsonian conspiracy to cover up Lewis and Clark's discoveries and what led to Lewis's murder Meriwether Lewis discovered far more than the

history books tell--ancient civilizations, strange monuments, "nearly white, blue-eyed" Indians, and evidence that the American continent was visited long before the first European settlers arrived. And he was murdered to keep it all secret. Examining the shadows and cracks between America's official version of history, Xaviant Haze and Paul Schrag propose that the America of old taught in schools is not the America that was discovered by Lewis and Clark and other early explorers. Investigating the discoveries of Spanish conquistadors and Olmec stories of contact with European-like natives, the authors uncover evidence of explorers from Europe and Asia prior to Columbus, sophisticated ancient civilizations in North America and the Caribbean, the fountain of youth, and a long-extinct race of giants. Verifying stories from Lewis's journals with modern archaeological finds, geological studies, 18th- and 19th-century newspapers, and accounts of the world in the days of Columbus, the authors reveal how Lewis and Clark's finds infuriated powerful interests in Washington--including the Smithsonian Institution--culminating in the murder of Meriwether Lewis. [Secrets of Ancient America](#) - Carl Lehrburger 2015-01-02

The real history of the New World and the visitors, from both East and West, who traveled to the Americas long before 1492 • Provides more than 300 photographs and drawings, including Celtic runes in New England, Gaelic inscriptions in Colorado, and Asian symbols in the West • Reinterprets many archaeological finds, such as the Ohio Serpent Mound • Reveals Celtic, Hebrew, Roman, early Christian, Templar, Egyptian, Chinese, and Japanese influences in North American artifacts and ruins As the myth of Columbus "discovering" America falls from the pedestal of established history, we are given the opportunity to discover the real story of the New World and the visitors, from both East and West, who traveled there long before 1492. Sharing his more than 25 years of research and travel to sites throughout North America, Carl Lehrburger employs epigraphy, archaeology, and archaeoastronomy to reveal extensive evidence for pre-Columbian explorers in ancient America. He provides more than 300 photographs and drawings of sites, relics, and

rock art, including Celtic and Norse runes in New England, Phoenician and Hebrew inscriptions in the Midwest, and ancient Shiva linga and Egyptian hieroglyphs in the West. He uncovers the real story of Columbus and his motives for coming to the Americas. He reinterprets many well-known archaeological and astronomical finds, such as the Ohio Serpent Mound, America's Stonehenge in New Hampshire, and the Crespi Collection in Ecuador. He reveals Celtic, Hebrew, Roman, early Christian, Templar, Egyptian, Chinese, and Japanese influences in famous stones and ruins, reconstructing the record of what really happened on the American continents prior to Columbus. He also looks at Hindu influences in Mesoamerica and sacred sexuality encoded in archaeological sites. Expanding upon the work of well-known diffusionists such as Barry Fell and Gunnar Thompson, the author documents the travels and settlements of trans-Atlantic and trans-Pacific explorers, miners, and settlers who made it to the Americas and left their marks for us to discover. Interpreting their sacred symbols, he shows how their teachings, prayers, and cosmologies reveal the cosmic order and sacred landscape of the Americas.

The Lost Colony of the Templars - Steven Sora
2004-10-27

Reveals the existence of a Templar colony in the New World and how the explorer Verrazano, also a member of a secret society, attempted to reestablish contact with it • Explores Columbus's connection to Henry Sinclair's maps of the New World • Examines the secret alliance of Catholic Sulpicians and French Huguenots to preserve the Templar legacy • Reveals the hidden knowledge preserved in the Templar baptisteries found throughout Europe and in Newport, Rhode Island In 1524 the Italian explorer Giovanni da Verrazano was sent by the French king Francis I on an expedition ostensibly to find a shorter route to China. However, his true mission, Steven Sora suggests, was to contact a Templar colony that might have been established in Newport, Rhode Island, by Henry Sinclair at the end of the 14th century. In his expedition log Verrazano recorded that his only stay on this journey was at Newport Harbor, the site of a tower built to the exact measurements of a Templar baptistery,

a sacred sanctuary representing baptism and eternal life. This tower is a remnant of Sinclair's voyage to America nearly a century before that of Columbus (who had access to Sinclair's maps thanks to his wife, who was Sinclair's great-granddaughter). While Verrazano's mission succeeded in finding the tower, the colony itself eluded him. His backers then decided to resurrect the dream of Acadia--a place where they could aspire to higher knowledge without fear of Church or state--by creating a new Secret Society that included Huguenots and Catholic Sulpicians. This Company of the Holy Sacrament would lay the foundations for Montreal in an attempt to realize the ambitions of Sinclair and his Templar companions, as well as to stave off efforts by the Jesuits to transform Quebec into a fiefdom of the orthodox Church. Quebec's motto, "Je me souviens" (I remember), is a reference to this secret history.

The Lost Templar Journals of Prince Henry Sinclair Book 1 - 1353-1395 - Diana J Muir
2019-07-16

The Journals of Prince Henry Sinclair and his descendants (20 books and a lambskin map) were found by accident in 2005 in a dusty dirty basement in Greeneville, TN. They then lay in a trunk in the back of the closet for almost 9 years before the author realized what she had. Translating the journals from Latin, Old English, and modern English she soon learned the story of her own 17th great-grandfather, Prince Henry Sinclair of Orkney and Scotland. Join the author and her great-grandfathers on a voyage of discovery as you learn about the covenant made between the St. Clair/Sinclair and Wemyss family, the Templars, the Native Americans, and the Freemasons. Travel with us as we search for the artifacts mentioned in the journals and validate the story. Book 1 of 10, tells the story of Henry as a young boy from the age of 8 in 1353 until 1395 when he plans a voyage with Captain Nicolo Zeno and his son Antonio Zeno to Greenland and beyond.

Pre-Columbian Trans-Oceanic Contact - Jerald Fritzing
2016-03-14

Pre-Columbian Trans-Oceanic Contact examines the discovery and settlement of The New World hundreds and even thousands of years before Christopher Columbus was born.

Pharos V: Contemplation - Silas H. Shepherd

Christopher Columbus, the Last Templar - Ruggero Marino 2007-09-11

The untold story of the secret alliance behind the "discovery" of America • Reveals how a utopian dream of brotherhood among Christians, Muslims, and Jews fueled a murderous power struggle involving secret societies, popes, and kings • Explains why King Ferdinand of Spain supported Columbus's voyages openly, but, secretly, sought to undermine their purpose • Shows how Columbus knew, sailing west, he would find the "New World," not Asia Was Columbus a Templar? According to the historic documents and maps revealed by Ruggero Marino, Columbus shared their dream of Christians, Muslims, and Jews living in peace in a New Jerusalem, and his voyage across the Atlantic was both to find a new passage to Asia and to find the place where the New Jerusalem could be built. Marino draws parallels between Marco Polo's journey east over the Silk Route and Columbus's sea voyages and reveals that Columbus studied ancient texts and maps from the Vatican Library, access to which was granted by Pope Innocent VIII--who Marino shows to be Columbus's true father. Innocent VIII (whose own father was Jewish and grandmother was Muslim) was the perfect individual to further the Templars' plan to create a universal religion combining the spiritual wisdom of the three faiths. Marino shows that Innocent's "disappearance" and the story that Columbus merely stumbled onto the New World were part of a calculated political and theological cover-up. While King Ferdinand (the model for Machiavelli's The Prince) and Queen Isabella of Spain are heralded with funding Columbus's "discovery" of America, it was Innocent VIII who was the main sponsor and master-mind of the expedition. To obscure the purpose of the voyages, and give Spain the credit for the New World discovery, Ferdinand and his agent Pope Alexander VI (Rodrigo Borgia), Pope Innocent VIII's successor, initiated the disinformation campaign that has lasted for over 500 years.

The Story of Mankind - Hendrik Willem Van Loon 2022-08-10

"The Story of Mankind" The Story of Mankind is

a children's book written and illustrated by Dutch-American journalist, professor, and author Hendrik Willem van Loon. The book, initially written for his kids, covers the history of Western civilization, beginning with primitive man, covering the development of writing, art, and architecture, the rise of major religions, and the formation of the modern nation-state.

Inside the Priory of Sion - Robert Howells 2012-01-01

The first book to pull back the curtain on the secrets of the Priory of Sion—the ultra-reclusive secret society thrust into the limelight by Dan Brown's The Da Vinci Code For years they have hidden in the shadows, lurking behind other secret societies . . . until now. In this revelatory book, inside sources from the Priory of Sion give exclusive access to some of their best-kept secrets, including proof of the marriage of Jesus and Mary Magdalene. The reason is as sensational as the secrets themselves: the apocalypse foretold in the Book of Revelation, culminating in the emergence of a savior sprung from the bloodline of Christ. Join Robert Howells as he traces the clues to this cataclysm in tombs, temples, churches, manuscripts, and paintings to give readers the truth they need to face the Second Coming without fear.

Urban World History - Luc-Normand Tellier 2019-09-14

This book seeks to deepen readers' understanding of world history by investigating urbanization and the evolution of urban systems, as well as the urban world, from the perspective of historical analysis. The theoretical framework of the approach stems directly from space-economy, and, more generally, from location theory and the theory of urban systems. The author explores a certain logic to be found in world history, and argues that this logic is spatial (in terms of spatial inertia, spatial trends, attractive and repulsive forces, vector fields, etc.) rather than geographical (in terms of climate, precipitation, hydrography). Accordingly, the book puts forward a truly original vision of urban world history, one that will benefit economists, historians, regional scientists, and anyone with a healthy curiosity.

The Knights Templar in the New World - William F. Mann 2004-03-03

Uses the principles of sacred geometry,

archaeological evidence, and Native American legend to discover the site of a secret Templar settlement in Nova Scotia • Offers evidence that Scottish prince Henry Sinclair not only sailed to the New World 100 years before Columbus, but that he also established a refuge there for the Templars fleeing persecution • Shows that the Grail, the holy bloodline connecting the House of David to the Merovingian dynasty through Jesus and Mary Magdalene, was hidden in the New World In 1398, almost 100 years before Columbus arrived in the New World, the Scottish prince Henry Sinclair, Earl of Orkney, sailed to what is today Nova Scotia, where his presence was recorded by Micmac Indian legends about Glooskap. This was the same Prince Henry Sinclair who offered refuge to the Knights Templar fleeing the persecution unleashed against the order by French king Philip the Fair at the beginning of the 14th century. With evidence from archaeological sites, indigenous legend, and sacred geometry handed down by the Templar order to the Freemasons, author William F. Mann has now rediscovered the site of the settlement established by Sinclair and his Templar followers in the New World. Here they found a safe refuge for the Grail--the holy bloodline connecting the House of David to the Merovingian Dynasty through the descendants of Jesus and Mary Magdalene--until the British exiled all the Acadians in 1755.

A Political and Social History of Modern Europe - Carlton Joseph Huntley Hayes 1917

Yokohama Burning - Joshua Hammer 2006

A narrative account of the 1923 earthquake in Japan describes how it resulted in 160,000 deaths in Yokohama and Tokyo and had lasting consequences for U.S.-Japanese relations, in a history that draws on diaries, letters, and two living survivor accounts. 35,000 first printing.

The Lost Colony of the Templars - Steven Sora 2004-10-27

Reveals the existence of a Templar colony in the New World and how the explorer Verrazano, also a member of a secret society, attempted to reestablish contact with it • Explores Columbus's connection to Henry Sinclair's maps of the New World • Examines the secret alliance of Catholic Sulpicians and French Huguenots to preserve the Templar legacy • Reveals the

hidden knowledge preserved in the Templar baptisteries found throughout Europe and in Newport, Rhode Island In 1524 the Italian explorer Giovanni da Verrazano was sent by the French king Francis I on an expedition ostensibly to find a shorter route to China. However, his true mission, Steven Sora suggests, was to contact a Templar colony that might have been established in Newport, Rhode Island, by Henry Sinclair at the end of the 14th century. In his expedition log Verrazano recorded that his only stay on this journey was at Newport Harbor, the site of a tower built to the exact measurements of a Templar baptistery, a sacred sanctuary representing baptism and eternal life. This tower is a remnant of Sinclair's voyage to America nearly a century before that of Columbus (who had access to Sinclair's maps thanks to his wife, who was Sinclair's great-granddaughter). While Verrazano's mission succeeded in finding the tower, the colony itself eluded him. His backers then decided to resurrect the dream of Acadia--a place where they could aspire to higher knowledge without fear of Church or state--by creating a new Secret Society that included Huguenots and Catholic Sulpicians. This Company of the Holy Sacrament would lay the foundations for Montreal in an attempt to realize the ambitions of Sinclair and his Templar companions, as well as to stave off efforts by the Jesuits to transform Quebec into a fiefdom of the orthodox Church. Quebec's motto, "Je me souviens" (I remember), is a reference to this secret history.

The Westford Knight and Henry Sinclair - David Goudsward 2020-04-06

The Westford Knight is a mysterious, controversial stone carving in Massachusetts. Some believe it is an effigy of a 14th century knight, evidence of an early European visit to the New World by Henry Sinclair, the Earl of Orkney and Lord of Roslin. In 1954, an archaeologist encountered the carving, long known to locals and ascribed a variety of origin stories, and proposed it to be a remnant of the Sinclair expedition. The story of the Westford Knight is a mix of history, archaeology, sociology, and Knights Templar lore. This work unravels the threads of the Knight's history, separating fact from fantasy. This revised edition includes a new foreword and four new chapters

which add context to the myth-building that has surrounded the Westford Knight and artifacts like it.

Advanced Civilizations of Prehistoric

America - Frank Joseph 2009-12-21

The examination of four great civilizations that existed before Columbus's arrival in North America offers evidence of sustained contact between the Old and New Worlds • Describes the cultural splendor, political might, and incredibly advanced technology of these precursors to our modern age • Shows that North America's first civilization, the Adena, was sparked by ancient Kelts from Western Europe and explores links between Hopewell Mound Builders and prehistoric Japanese seafarers Before Rome ruled the Classical World, gleaming stone pyramids stood amid smoking iron foundries from North America's Atlantic seaboard to the Mississippi River. On its east bank, across from today's St. Louis, Missouri, flourished a walled city more populous than London was one thousand years ago, with a pyramid larger--at its base--than Egypt's Great Pyramid. During the 12th century, hydraulic engineers laid out a massive irrigation network spanning the American Southwest that, if laid end to end, would stretch from Phoenix, Arizona, to the Canadian border. On a scale to match, they built a five-mile-wide dam from ten million cubic yards of rock. While Europe stumbled through the Dark Ages, a metropolis of weirdly shaped, multistory superstructures, precisely aligned to the sun and moon, sprawled across the New Mexico Desert. Who was responsible for such colossal achievements? Where did their mysterious builders come from, and what became of them? These are some of the questions investigated by Frank Joseph in his examination of ancient influences at work on our continent. He reveals that modern civilization is not the first to arise in North America but was preceded instead by four high cultures that rose and fell over the past three thousand years: the Adena, Hopewell, Mississippian, and Anasazi-Hohokam. How they achieved greatness and why they vanished so completely are the intriguing enigmas explored by this unconventional prehistory of our country, *Advanced Civilizations of Prehistoric America*.

The Lost Treasure of the Knights Templar -

Steven Sora 1999-02-01

A compelling argument that connects the lost treasure of the Knights Templar to the mysterious money pit on Oak Island, Nova Scotia, that has baffled treasure hunters for two centuries • Fascinating occult detective work linking the Cathars, the Scottish Masons, and Renne-le-Chateau to the elusive treasure pit on Oak Island • Draws on new evidence recently unearthed in Italy, France, and Scotland to provide a compelling solution to one of the world's most enduring mysteries When the Order of Knights Templar was ruthlessly dissolved in 1307 by King Philip the Fair of France it possessed immense wealth and political power, yet none of the treasure the Templars amassed has ever been found. Their treasure is rumored to contain artifacts of spiritual significance retrieved by the order during the Crusades, including the genealogies of David and Jesus and documents that trace these bloodlines into the royal bloodlines of Merovingian France. Placing a Scottish presence in the New World a century before Columbus, Steven Sora paints a credible scenario that has the Sinclair clan of Scotland transporting the wealth of the Templars--entrusted to them as the Masonic heirs of the order--to a remote island off the shores of present-day Nova Scotia. The mysterious money pit there is commonly believed to have been built before 1497 and has guarded its secret contents tenaciously despite two centuries of determined efforts to unearth it. All of these efforts (one even financed by American president Franklin Delano Roosevelt) have failed, thanks to an elaborate system of booby traps, false beaches, hidden drains, and other hazards of remarkable ingenuity and technological complexity.

La Merica - MR Arthur Faram 2013-05-01

La Merica (la mer'.e.ca) Ancient Portuguese name for America. Meaning: "The Western Star" This book is made possible by the re-discovery of an ancient science handed down to the Portuguese, by successive secret societies, within the important ancient cultures that preceded them. You will read of the hidden history of the Celts, the Vikings, the Knights Templar, and the Freemasons, as well as the part the author's ancestors played in this history. You may be surprised to read that they

all helped shape the pre-Columbian history of the Americas. Evidence is presented that proves Sir Henry Sinclair of Scotland lived in what became, Baltimore, Maryland, and that the Portuguese ceded North America to the Templars in 1362 AD. For the first time unknown facts about Rosslyn Chapel in Scotland are revealed. The solutions to the Newport Tower and Kensington Runestone Mysteries are presented. The true purpose of the Voyage of Columbus is revealed. As you read this incredible story, please compare the physical information presented here against theories some use by some to validate past history. Please remember that the evidence presented here is the product of research, the universal science of mathematics, and physical evidence. (Over 150 photos and charts are included, to validate the information contained in the book.)

Picatrix - 2019-01-10

A manual for constructing talismans, mixing magical compounds, summoning planetary spirits, and determining astrological conditions, *Picatrix* is a cornerstone of Western esotericism. It offers important insights not only into occult practices and beliefs but also into the transmission of magical ideas from antiquity to the present. Dan Attrell and David Porreca's English translation opens the world of this vital medieval treatise to modern-day scholars and lay readers. The original text, *Ghāyat al-Ḥakīm*, was compiled in Arabic from over two hundred sources in the latter half of the tenth century. It was translated into Castilian Spanish in the mid-thirteenth century, and shortly thereafter into Latin. Based on David Pingree's edition of the Latin text, this translation captures the spirit of *Picatrix*'s role in the European tradition. In the world of *Picatrix*, we see a seamless integration of practical magic, earnest piety, and traditional philosophy. The detailed introduction considers the text's reception through multiple iterations and includes an enlightening statistical breakdown of the rituals described in the book. Framed by extensive research on the ancient and medieval context that gave rise to the Latin version of the text, this translation of *Picatrix* will be an indispensable volume for students and scholars of the history of science, magic, and religion and will fascinate anyone interested in the occult.

The Publishers Weekly - 2004

Ping-Pong Diplomacy - Nicholas Griffin
2014-01-02

It was one of the most significant developments of the post-war era: China finally abandoning its close relationship with the Soviet Union to begin detente with the USA. Astonishingly, the man who helped make it happen was a British aristocrat, Ivor Montagu, a Soviet spy who knew Stalin and dined with Trotsky. Even more remarkably, the means to this rapprochement was table tennis, a sport loved by both Chairman Mao and Montagu. For years, Montagu had lived a dual life, working to spread communism and also table tennis around the world. Surprisingly, the two strands of his career would come together in an event of global significance. Nicholas Griffin weaves a compelling story to reveal the background to the famous occasion in 1971, when the USA's Glenn Cowan, a 19-year-old hippie, befriended China's world champion Zhuang Zedong, who was imprisoned during the Cultural Revolution. Within days, the Americans would be playing the Chinese in front of 18,000 fans in Beijing, with the whole world watching. It was the beginning of a thaw in Sino-US relations that forced the Soviets into a crippling arms race that acted as a catalyst to pressuring them into errors that would draw the Cold War to an end. Sometimes sport truly can have the biggest consequences.

The Secret History of Freemasonry - Paul Naudon
2005-03-28

Explores the hidden history of Freemasonry from ancient Rome, through the Middle Ages, to the present • Shows the close connection between medieval masons and the Knights Templar • Illustrates the sacred nature of Roman and medieval trade associations • Reveals the missing link that connects the lodges of modern Freemasonry to the medieval brotherhoods of builders Historians often make a sharp distinction between the operative Masonry of the Middle Ages and the speculative Masonry of modern times, emphasizing that there is no direct bridge connecting the two. Modern historians also have scoffed at Masonic claims concerning the close relationship between the Lodge and the Temple. Using medieval archives housed throughout Europe, historian Paul

Naudon reveals that there was in fact a very intimate connection between the Masons and the Knights Templar. Church records of medieval Paris show that most, if not all, the Masons of that time were residents of the Templar censive, which allowed them to enjoy great exemptions and liberties from both church and state as a result of the protection afforded them by this powerful order. Naudon shows that the origins of Freemasonry can be traced back to the collegia of ancient Rome. He traces the evolution of organizations such as the Comacine Masters, the Arab turuqs, and the brotherhoods of builders created under the aegis of the Benedictines and the Knights Templar, all of which provide the vehicle for the transmission of a sacred tradition from pre-Christian times to the modern era. This tradition is the source of Masonic ritual and symbolism, and it provides the missing link in the transformation of the operative Masonry of the medieval cathedral builders to the spiritual principles of modern speculative Masonry.

Akhenaten to the Founding Fathers - Scott F. Wolter 2012-12-01

Tracing the paths of ancient knowledge and artifacts across North America, including introducing several new mysterious artifacts and sites in North America using the latest technology. Evidence of unexpected early visitors to North America and interactions with the native populations are investigated.

Hollywood in the Holy Land - Nickolas Haydock 2014-01-10

This collection of essays analyzes film representations of the Crusades, other medieval East/West encounters, and the modern inheritance of encounters between orientalist fantasy and apocalyptic conspiracy. From studies of the filmic representations of popular figures such as El Cid, Roland, Richard I, and Saladin to examinations of such topics as Templar romance and the role of set design, location and landscape, the essays make significant contributions to our understanding of orientalist medievalism in film. Instructors considering this book for use in a course may request an examination copy here.

[Blood and Silk](#) - Carol McKay 2010-10-26
FASCINATING NOVEL EXPLORES JESUS AND MARY'S CONTROVERSIAL BOND THROUGH

THE LENSES OF CULTURAL, SOCIAL, POLITICAL AND HISTORICAL CONTEXTS. Mary Magdalene and Jesus of Nazareth's mysterious, legendary connection can only be realized by revisiting their story through its Greco-Roman, Mediterranean cultural context. Early theologians censored details about theater, literature, dress, cuisine, wedding rituals, glass manufacturing, silk trade, politics and architecture of Mary Magdalene's time when they did not fit dogma and doctrine. Cultural Historian Carol Aldenhoven McKay retrieves these lost frameworks as the story line follows McKay's meticulous reconstruction of a formerly forgotten way of life. *Blood and Silk: The Hidden Love Story of Mary Magdalene and Jesus of Nazareth* is a novel fifteen years in the making.
Secret Societies of America's Elite - Steven Sora 2003-02-24

An expose of the dark and critical role secret societies play within the ruling families in America and their influence on American democracy, current events, and world history. • Reveals the enormous influence secret societies still have on contemporary American life. • Shows how the secret Masonic cells that smuggled in the democratic ideals inspiring the American Revolution also enabled the future elite of the new society to build huge fortunes. Elite and secret societies have always been a major force in the history of Western civilization. The alliances formed in secret societies such as the Knights Templar, the Knights of Christ, and the Freemasons transcended patriotism and religious beliefs and had a powerful influence on the establishment of the United States of America. While these secret associations of merchants, smugglers, occultists, gamblers, spies, and slavers succeeded in freeing the United States from foreign domination, the dark side is that the elite used their secret connections to further their own wealth and power. These secret cells did not hesitate to sponsor the assassination of a president and even attempted to break up the union on several occasions when it was deemed expedient. From the Sons of Liberty and the Essex Junto to the Ku Klux Klan, secret societies have played critical roles in building the fortunes of America's elite. Now Steven Sora reveals in alarming detail how secretive societies continue to wield power even

today as organizations such as Yale's Skull & Bones unite America's modern ruling families as strongly as Masonic Lodges once connected the Astors, Livingstons, and Roosevelts. Their immense power and wealth allow this elite to control America to an even greater degree than the Templars once dominated Europe.

Rosicrucian America - Steven Sora 2019-11-19

An in-depth history of Rosicrucianism, its key members, and their roles in the formation and settling of America • Explores Sir Francis Bacon and Dr. John Dee's deep influence on England's colonization of America as well as the Rosicrucian influence on the Founding Fathers and on cities such as Philadelphia and Williamsburg • Explains how Bacon was the author of many anonymous Rosicrucian texts and how he envisioned America as the "New Atlantis" • Reveals the connections of the Order of the Rosy Cross to the Knights of the Golden Circle and to the Georgia Guidestones Dr. John Dee and his polymath protégé Sir Francis Bacon were the most influential men in the court of Queen Elizabeth I, part of an elite group with invisible control throughout Europe. And, as Steven Sora reveals, not only were they key members of the Rosicrucians, they were the driving force behind England's colonization of the New World and the eventual establishment of the United States. From Avalon in Newfoundland to New England to Pennsylvania and Virginia, Sora shows how Bacon and Dee's Rosicrucian impact is felt throughout North America. He details Bacon's possible authorship of the anonymous Rosicrucian texts of the early 1600s, his connections with Sir Walter Raleigh's School of Night, and the origins of Rosicrucianism in Bacon's Order of the Helmet. He explains how Bacon envisioned America as the New Atlantis, a utopia where liberty and freedom of learning prevailed--a key tenet of the "Invisible College" of the Rosicrucian Order--and how Dee convinced the Queen that England had rightful claims in the New World by drawing on legends of both King Arthur and Welsh Prince Madoc voyaging West to America. Sora looks at Rosicrucian influences on the Founding Fathers and earliest settlers of America, such as Washington, Franklin, and William Penn of Pennsylvania, on the American Revolution, and on American colonies, such as the Williamsburg

colony. He details how Penn invited Rosicrucians to Philadelphia and how the city's layout follows esoteric principles, including a direct reference to Bacon's New Atlantis. Moving into the 1800s and beyond, he reveals how a handful of Rosicrucians served as the Inner Sanctum of the Knights of the Golden Circle and how Rosicrucians are behind the Georgia Guidestones, carved granite monoliths with messages in ancient languages. Providing a thorough and expansive view of Rosicrucianism, its occult origins, and its deep imprint on America, Sora shows how this secret society still continues to exert invisible influence on the modern world.

Rosicrucian America - Steven Sora 2019-11-19

An in-depth history of Rosicrucianism, its key members, and their roles in the formation and settling of America • Explores Sir Francis Bacon and Dr. John Dee's deep influence on England's colonization of America as well as the Rosicrucian influence on the Founding Fathers and on cities such as Philadelphia and Williamsburg • Explains how Bacon was the author of many anonymous Rosicrucian texts and how he envisioned America as the "New Atlantis" • Reveals the connections of the Order of the Rosy Cross to the Knights of the Golden Circle and to the Georgia Guidestones Dr. John Dee and his polymath protégé Sir Francis Bacon were the most influential men in the court of Queen Elizabeth I, part of an elite group with invisible control throughout Europe. And, as Steven Sora reveals, not only were they key members of the Rosicrucians, they were the driving force behind England's colonization of the New World and the eventual establishment of the United States. From Avalon in Newfoundland to New England to Pennsylvania and Virginia, Sora shows how Bacon and Dee's Rosicrucian impact is felt throughout North America. He details Bacon's possible authorship of the anonymous Rosicrucian texts of the early 1600s, his connections with Sir Walter Raleigh's School of Night, and the origins of Rosicrucianism in Bacon's Order of the Helmet. He explains how Bacon envisioned America as the New Atlantis, a utopia where liberty and freedom of learning prevailed--a key tenet of the "Invisible College" of the Rosicrucian Order--and how Dee convinced the Queen that England had

rightful claims in the New World by drawing on legends of both King Arthur and Welsh Prince Madoc voyaging West to America. Sora looks at Rosicrucian influences on the Founding Fathers and earliest settlers of America, such as Washington, Franklin, and William Penn of Pennsylvania, on the American Revolution, and on American colonies, such as the Williamsburg colony. He details how Penn invited Rosicrucians to Philadelphia and how the city's layout follows esoteric principles, including a direct reference to Bacon's New Atlantis. Moving into the 1800s and beyond, he reveals how a handful of Rosicrucians served as the Inner Sanctum of the Knights of the Golden Circle and how Rosicrucians are behind the Georgia Guidestones, carved granite monoliths with messages in ancient languages. Providing a thorough and expansive view of Rosicrucianism, its occult origins, and its deep imprint on America, Sora shows how this secret society still continues to exert invisible influence on the modern world.

Heaven Holds the Answers - E. Tillman
2021-01-28

It's not what we read but rather how we read it that makes the difference!!!What if I told you things are not as they appear. Black is not black and White is not white and 130 B.C. is not 130 years before Christ. Now turn off the lights and tell me what is white and what is black, color is the reflection of light, without light there is no color. That's what Rome did, they turned off the lights on the truth.And the way we been taught to record time is not the only way it was done.And that an ancient order set claim to the entire Western Hemisphere long before Columbus and possibly achieved it in 130 B.C. With B.C. possibly meaning before Columbus, before the cycle or before the comet of 1492 becoming 1362, possible in this case B.C. stood for all three events.130 B.C. is not as it appears and the claim was not made for a mortal king or country, but rather for a Supreme God, Under God laws.If you like riddles. If you like enigmas. If you would like to see history recorded and told differently or truer then you may be ready for this challenge. If you are then you are ready to look at the clues that was left behind with an open mind.If you like astronomy, I'll show you how different groups of people each use

different galactic events besides the Star of Bethlehem to mark the start of their time and all the different groups calendar are tied together. We will be looking at the equivalent of several Stars of Bethlehem from here in the Americas.I'll be taking you through a dating wormhole without leaving the planet, making you scratch your head, laugh and wonder, "what if he is right. "This book just maybe the start of the rest of the story. If you read through this book the first time you will read it again and again.And you will possibly come to the same conclusion, "So that's how they did that. "And you will never read things the same way all the time again. Including the Book of Mormons with its three different voyages and possible dating enigmas, truest account ever written about the Americas."Sometimes it's not what is being said that's important, it's what not being said that is.You will be intrigued, so if you are ready to start a journey that will give you a lot to think about then turn to page 1. Unravel the truth.

This book takes readers back and forth through time and makes the past accessible to all families, students and the general reader and is an unprecedented collection of a list of events in chronological order and a wealth of informative knowledge about the rise and fall of empires, major scientific breakthroughs, groundbreaking inventions, and monumental moments about everything that has ever happened.

[Mysteries of Templar Treasure & the Holy Grail](#) - Lionel Fanthrope 2004-08-01

Next to Rosslyn Chapel in Scotland, no other place on Earth holds as much esoteric symbolism as France's Rennes le Ch'teau. Its location and design are the subjects of countless rumors, myths, and legends. Mysteries of Templar Treasure and the Holy Grail, formerly published as *The Secrets of Rennes le Chateau*, delves into the reality behind the action and adventure of *The Da Vinci Code*. Rennes le

Chateau has plenty of secrets: buried treasure, unsolved murders, supernatural powers, codes on parchments and tombstones, not to mention clues concealed in statues and paintings, enigmatic priests who controlled immense wealth, and secret societies that are still active today. The authors survey the arcane history and secrets of Rennes le Chateau, including its relationship to the Merovingian bloodline of Christ. The Chateau is a possible location of an immense treasure, such as a Templar, Cathar, or Priory of Sion hoard. The final resting place of a famous artifact like the Ark of the Covenant, the

Spear of Longinus, the Emerald Tablets of Hermes Trismegistus- or even the Holy Grail. The authors also examine Rennes le Chateau's proximity to Cathar and Templar fortresses, its mystical layout, and its location on the same Paris meridian as so many other esoteric mysteries. Extensive appendices in the book offer possible solutions to secret cryptograms, point out odd connections and commonalities between Rennes le Chateau and J.R.R. Tolkien's Lord of the Rings, and suggest the possibility of fourth-dimension/tesseract implications.
