The Force of Fire (a Kingdom Beyond Novel) - Sayantani DasGupta 2021-05-18

From New York Times bestselling author Sayantani DasGupta comes the story of a demon who must embrace her bad to serve the greater good. Pinki hails from a long line of rakkhosh resistors, demons who have spent years building interspecies relationships, working together to achieve their goal of overthrowing the snakey oppressors and taking back their rights. But she has more important things to worry about, like maintaining her status as fiercest rakkhosh in her class and looking after her little cousins. There is also the teeny tiny detail of not yet being able to control her fire breathing and accidentally burning up school property. Then Sessa, the charming son of the Serpentine Governor, calls on Pinki for help in defeating the resistance, promising to give her what she most desires in return -- the ability to control her fire. First she'll have to protect the Moon Maiden, pretend to be a human (ick), and survive a family reunion. But it's all worth it for the control of her powers . . . right?

The Whiz Mob and the Grenadine Kid - Colin Meloy 2017-10-24

From the creators of the New York Times bestselling *Wildwood Chronicles* comes an original, humorous, and fast-paced middle grade novel about a band of child pickpockets—imagine *The Invention of Hugo Cabret* meets *Oliver Twist*. It is an ordinary Tuesday morning in April when bored, lonely Charlie Fisher witnesses something incredible. Right before his eyes, in a busy square in Marseille, a group of pickpockets pulls off an amazing robbery. As the young bandits appear to melt into the crowd, Charlie realizes with a start that he himself was one of their marks. Yet Charlie is less alarmed than intrigued. This is the most thrilling thing that's happened to him since he came to France with his father, an American diplomat. So instead of reporting the thieves, Charlie defends one of their cannons, Amir, to the police, under one condition: he teach Charlie the tricks of the trade. What starts off as a lesson on pinches, kicks, and chumps soon turns into an invitation for Charlie to join the secret world of the whiz mob, an international band of child thieves who trained at the mysterious School of Seven Bells. The whiz mob are independent and incredibly skilled and make their own way in the world—they are everything Charlie yearns to be. But what at first seemed like a (relatively) harmless new pastime draws him into a dangerous adventure with global stakes greater than he could have ever imagined.

The Advanced Strategy Guide to Minecraft - Stephen O'Brien 2014

A book that goes beyond basic-level play of the popular Minecraft computer game covers such topics as automating all aspects of mining, harvesting and building tasks; generating infinite ores on demand; building mob spawners and traps for fast experience gains; sharing one's creations with the world and much more. Original.

Automate the Boring Stuff with Python, 2nd Edition - Al Sweigart 2019-11-12

The second edition of this best-selling Python book (over 500,000 copies sold!) uses Python 3 to teach even the technically uninclined how to write programs that do in minutes what would take hours to do by hand. There is no prior programming experience required and the book is loved by liberal arts majors and geeks alike. If you've ever spent hours renaming files or updating hundreds of spreadsheet cells, you know how tedious tasks like these can be. But what if you could have your computer

do them for you? In this fully revised second edition of the best-selling classic *Automate the Boring Stuff with Python*, you'll learn how to use Python to write programs that do in minutes what would take you hours to do by hand—no prior programming experience required. You'll learn the basics of Python and explore Python's rich library of modules for performing specific tasks, like scraping data off websites, reading PDF and Word documents, and automating clicking and typing tasks. The second edition of this international fan favorite includes a brand-new chapter on input validation, as well as tutorials on automating Gmail and Google Sheets, plus tips on automatically updating CSV files. You'll learn how to create programs that effortlessly perform useful feats of automation to:

- Search for text in a file or across multiple files
- Create, update, move, and rename files and folders
- Search the Web and download online content
- Update and format data in Excel spreadsheets of any size
- Split, merge, watermark, and encrypt PDFs
- Send email responses and text notifications
- Fill out online forms

Step-by-step instructions walk you through each program, and updated practice projects at the end of each chapter challenge you to improve those programs and use your newfound skills to automate similar tasks. Don't spend your time doing work a well-trained monkey could do. Even if you've never written a line of code, you can make your computer do the grunt work. Learn how in *Automate the Boring Stuff with Python*, 2nd Edition.

Entertainment Science - Thorsten Hennig-Thurau 2018-08-01

The entertainment industry has long been dominated by legendary screenwriter William Goldman's "Nobody-Knows-Anything" mantra, which argues that success is the result of managerial intuition and instinct. This book builds the case that combining such intuition with data analytics and rigorous scholarly knowledge provides a source of sustainable competitive advantage – the same recipe for success that is behind the rise of firms such as Netflix and Spotify, but has also fueled Disney's recent success. Unlocking a large repertoire of scientific studies by business scholars and entertainment economists, the authors identify essential factors, mechanisms, and methods that help a new entertainment product succeed. The book thus offers a timely alternative to "Nobody-Knows" decision-making in the digital era: while coupling a

good idea with smart data analytics and entertainment theory cannot guarantee a hit, it systematically and substantially increases the probability of success in the entertainment industry. Entertainment Science is poised to inspire fresh new thinking among managers, students of entertainment, and scholars alike. Thorsten Hennig-Thurau and Mark B. Houston – two of our finest scholars in the area of entertainment marketing – have produced a definitive research-based compendium that cuts across various branches of the arts to explain the phenomena that provide consumption experiences to capture the hearts and minds of audiences. Morris B. Holbrook, W. T. Dillard Professor Emeritus of Marketing, Columbia University Entertainment Science is a must-read for everyone working in the entertainment industry today, where the impact of digital and the use of big data can't be ignored anymore. Hennig-Thurau and Houston are the scientific frontrunners of knowledge that the industry urgently needs. Michael Kölmel, media entrepreneur and Honorary Professor of Media Economics at University of Leipzig Entertainment Science's winning combination of creativity, theory, and data analytics offers managers in the creative industries and beyond a novel, compelling, and comprehensive approach to support their decision-making. This ground-breaking book marks the dawn of a new Golden Age of fruitful conversation between entertainment scholars, managers, and artists. Allègre Hadida, Associate Professor in Strategy, University of Cambridge

How to Talk to Your Cat About Gun Safety - Zachary Auburn 2016-10-04

The cats of America are under siege! Long gone are the good old days when a cat's biggest worries were mean dogs or a bath. Modern cats must confront satanists, online predators, the possibility of needing to survive in a post-apocalyptic wasteland, and countless other threats to their nine lives. For over four decades, the American Association of Patriots have stood at the vanguard of our country's defense by helping to prepare our nation's cat owners for the difficult conversations they dread having with their pets. Written in a simple Q&A format, *How to Talk to Your Cat About Gun Safety* answers crucial questions such as, "What is the right age to talk to my cat about the proper use of firearms?" and "What are the benefits of my cat living a lifestyle of abstinence?" and especially "Why does my cat need to use the internet? Can't he just play with yarn like cats used to do?" Our country—and our cats—stand at a precipice. It will take courage, and it will take hard work, but armed with the knowledge within these pages, we can make our cats—and America—great again!

The Strange Case of Origami Yoda (Origami Yoda #1) - Tom Angleberger 2012-08-07

In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as "honest, funny, and immensely entertaining." Ultimate Guide to Mastering Command Blocks! - Triumph Books 2016-06-01

The Command Block is without question the most powerful tool in Minecraft, and it's also one of the least understood by most players. This is because the Command Block cannot be crafted without using console commands—the systems that Command Blocks use are entirely script and coding based. That being said, the quickest, most powerful, and most thorough way to activate many special features in Minecraft is to use Command Blocks. With The Ultimate Guide to Mastering Command Blocks, you'll learn to send messages to an entire server, change the time of day or weather, teleport a person, and automate processes. Now, the keys to these strategies are available to all 'Crafters through this book.

Mein Kampf - Adolf Hitler 2021-03-19

'MEIN KAMPF' is the autobiography of Adolf Hitler gives detailed insight into the mission and vision of Adolf Hitler that shook the world. This book is the merger of two volumes. The first volume of MEIN KAMPF' was written while the author was imprisoned in a Bavarian fortress. The book deals with events which brought the author into this blight. It was the hour of Germany's deepest humiliation, when Napoleon has dismembered the old German Empire and French soldiers occupied almost the whole of Germany. The books narrates how Hitler was arrested with several of his comrades and imprisoned in the fortress of Landsberg on the river Lech. During this period only the author wrote the first volume of MEIN KAMPF. The Second volume of MEIN KAMPF was written after release of Hitler from prison and it was published after the French had left the Ruhr, the tramp of the invading armies still echoed in German ears and the terrible ravages had plunged the country into a state of social and economic Chaos. The beauty of the book is, MEIN KAMPF is an historical document which bears the imprint of its own time. Moreover, Hitler has declared that his acts and 'public statements' constitute a partial revision of his book and are to be taken as such. Also, the author has translated Hitler's ideal, the Volkischer Staat, as the People's State. The author has tried his best making German Vocabulary easy to understand. You will never be satisfied until go through the whole book. A must read book, which is one of the most widely circulated and read books worldwide.

Minecraft: the Shipwreck - C. B. Lee 2021-04-08

Unravel the mysteries of an extraordinary underwater world in this official Minecraft novel! When three kids discover a mystery in an abandoned Minecraft server, they must race against the clock to uncover its secrets. Jake Thomas is always the new kid. His family moves so much for his dad's work that it's easier to keep his head down and not get attached to anyone. He'll be gone in a few months anyway. But when they end up in Los Angeles, Dad promises this will be the last time they move. The Pacific Crest Apartments are home now... which means it's time for Jake to finally make friends. Jake isn't sure he should count the two kids he meets at the apartment's community centre as friends, though. Tank Vuong is a large and intimidating boy who hangs with a tough crowd, and Emily Quesada is a fashionista who's quick with a sarcastic remark. But when he discovers an old computer lab in a forgotten corner of the community centre, with a strange Minecraft server containing cryptic riddles, he realises he's going to need help cracking the code—because at the end of the summer, the community centre will be demolished, and all hope of solving the mystery will go with it. Following the hints left by an enigmatic figure known as The Wizard, the trio journeys into the dangerous depths of the ocean, where uncanny creatures lurk and untold treasure awaits...

When You Trap a Tiger - Tae Keller 2020-01-28

WINNER OF THE NEWBERY MEDAL • NEW YORK TIMES BESTSELLER
WINNER OF THE ASIAN/PACIFIC AMERICAN AWARD FOR CHILDREN'S LITERATURE
Would you make a deal with a magical tiger? This uplifting story brings Korean folklore to life as a girl goes on a quest to unlock the power of stories and save her grandmother. Some stories refuse to stay bottled up... When Lily and her family move in with her sick grandmother, a magical tiger straight out of her halmoni's Korean folktales arrives, prompting Lily to unravel a secret family history. Long, long ago, Halmoni stole something from the tigers. Now they want it back. And when one of the tigers approaches Lily with a deal—return what her grandmother stole in exchange for Halmoni's health—Lily is tempted to agree. But deals with tigers are never what they seem! With the help of her sister and her new friend Ricky, Lily must find her voice...and the courage to face a tiger. Tae Keller, the award-winning author of *The Science of Breakable Things*, shares a sparkling tale about the power of stories and the magic of family. Think *Walk Two Moons* meets *Where the Mountain Meets the Moon*! "If stories were written in the stars ... this wondrous tale would be one of the brightest." --Booklist, Starred Review

[The Advice Trap](#) - Michael Bungay Stanier 2020-02-29

From the author of the runaway bestseller *The Coaching Habit* comes an authoritative guide to getting the most out of your workforce—and it all starts with curbing your urge to dole out advice. In *The Advice Trap*, bestselling author, speaker, and leadership coach Michael Bungay Stanier shares his invaluable insights into developing team members'

professional performance, using tips that even the busiest managers can put into play. Learn how to confront and quell the three advice monsters that lurk inside us all, and how to resist the seven temptations that can ensnare even the most well-meaning manager. With his trademark wit and wisdom, Michael shows you exactly how to ask questions that drive impact and engagement, eliminate the negative and accentuate the positive. He takes you through examples of common problem situations, and reveals how to overcome them by using his everyday coaching tips. Finally, he shows you how to attain the highest level of engagement with his "blackbelt" tools of employee interaction: transparency, lightness and deep appreciation. A companion to *The Coaching Habit*, *The Advice Trap* gives you the power to say less, ask more--and change how you lead forever.

[Getting Started with Dwarf Fortress](#) - Peter Tyson 2012-05-25

Dwarf Fortress may be the most complex video game ever made, but all

that detail makes for fascinating game play, as various elements collide in interesting and challenging ways. The trick is getting started. In this guide, Fortress geek Peter Tyson takes you through the basics of this menacing realm, and helps you overcome the formidable learning curve. The book's focus is the game's simulation mode, in which you're tasked with building a dwarf city. Once you learn how to establish and maintain your very first fortress, you can consult the more advanced chapters on resource management and training a dwarf military. You'll soon have stories to share from your interactions with the Dwarf Fortress universe. Create your own world, then locate a site for an underground fortress Equip your party of dwarves and have them build workshops and rooms Produce a healthy food supply so your dwarves won't starve (or go insane) Retain control over a fortress and dozens of dwarves, their children, and their pets Expand your fortress with fortifications, stairs, bridges, and subterranean halls Construct fantastic traps, machines, and weapons of mass destruction
