Why Do So Many Incompetent Men Become Leaders? - Tomas Chamorro-Premuzic 2019-02-19

Look around your office. Turn on the TV. Incompetent leadership is everywhere, and there's no denying that most of these leaders are men. In this timely and provocative book, Tomas Chamorro-Premuzic asks two powerful questions: Why is it so easy for incompetent men to become leaders? And why is it so hard for competent people—especially competent women—to advance? Marshaling decades of rigorous research, Chamorro-Premuzic points out that although men make up a majority of leaders, they underperform when compared with female leaders. In fact, most organizations equate leadership potential with a handful of destructive personality traits, like overconfidence and narcissism. In other words, these traits may help someone get selected for a leadership role, but they backfire once the person has the job. When competent women—and men who don't fit the stereotype—are unfairly overlooked, we all suffer the consequences. The result is a deeply flawed system that rewards arrogance rather than humility, and loudness rather than wisdom. There is a better way. With clarity and verve, Chamorro-Premuzic shows us what it really takes to lead and how new systems and processes can help us put the right people in charge.

Women & Love - Mira Kirshenbaum 2000-05-03

For the first time in history, a generation of women has the power to say no" to mediocre love. It's because we care so much about love that we know nothing less than the best will do. We want love to feel real and strong, to let us be true to ourselves, to be our emotional home. Now Mira Kirshenbaum has identified the make-or-break experiences that lead to just this kind of love. She presents the radical idea that you have to make mistakes before you can find the love of your life. You try on different kinds of love affairs for size, you allow yourself to fall for different kinds of men. These "love adventures" give a sense of freedom and knowledge about yourself and what you want out of life and love. Mira Kirshenbaum describes seven more essential experiences that can mean all the difference between frustrating and fulfilling love. Through a

series of diagnostic questions and quizzes that tailor her advice to every woman's individual situation, she illuminates the path through these eight passages toward a lifetime of love, and illustrates her points with the stories of real women just like you. Rarely has such a wise, inspiring, and comforting voice been available to guide women on the path to a lifetime of real love.

Based on the column of the same name that appeared in *The Toast*, *Hey Ladies!* is a laugh-out-loud read that follows a fictitious group of eight 20-and-30-something female friends for one year of holidays, summer house rentals, dates, brunches, breakups, and, of course, the planning of a disastrous wedding. All About Love - bell hooks 2018-01-30

A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness—not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

Smart Women Love Money - Alice Finn 2017-04-11

YOU ARE A SMART WOMAN, BUT DO YOU STILL: —Feel you're too busy to invest your money? —Rely on someone else to deal? —Get bored by financial talk? —Think that investing is something only men do? —Worry you're not smart enough? THINK AGAIN. Women have made strides in so many areas and yet we still have a blind spot when it comes to managing our money. Why? A myriad of factors cause women to earn less than men over a lifetime, making it all the more imperative that we make the money we do have work for us as much as possible. And here's a reality check: as many as nine out of ten of us will have to manage our finances and those of our family at some point in our lives. And a lot of us think that means keeping our money "safe" in savings accounts, and not investing it. But not doing so has an opportunity cost that will lead to opportunities lost—the ability to pay for a college education, own a home, change careers to pursue a dream, or retire. Alice Finn wants to change how you think about your money, no matter how much or little you have. In *Smart Women Love Money*, Finn paves the way forward by showing you that the power of investing is the last frontier of feminism. Drawing on more than twenty years of experience as a successful wealth management adviser, Finn shares five simple and proven strategies for a woman at any stage of her life, whether starting a career, home raising children, or heading up a major corporation. Finn's Five Life-changing Rules of Investing will secure your financial future: 1. Invest in Stocks for the Long Run: Get the magic of compounding working for you, starting now. 2. Allocate your Assets: Strategize your investing to get the most of your returns. 3. Implement with Index Funds: Take advantage of "passive" investing with simple, low-cost, and diverse funds. 4. Rebalance Regularly: Sell high and buy low without much effort, to keep you on track toward your goals. 5. Keep Your Fees Low: Uncover hidden fees so you don't lose half of your wealth to Wall Street. Finn will also provide the tools you need to achieve long-term success no matter what the markets are doing or what the headlines say. So even in the face of uncertainty—such as the possible dumping of the fiduciary rule (requiring financial advisers to act in their client's best interests) by the Trump administration—*Smart Women Love Money* will help you protect yourself and all of your assets for your future. Whether you have \$10, \$10,000, or more, it's time to get smart about your money.

Men Who Hate Women and the Women Who Love Them - Susan Forward 2011-07-20

Is this the way love is supposed to feel? • Does the man you love assume the right to control how you live and behave? • Have you given up important activities or people to keep him happy? • Is he extremely jealous and possessive? • Does he switch from charm to anger without warning? • Does he belittle your opinions, your feelings, or your accomplishments? • Does he withdraw love, money, approval, or sex to punish you? • Does he blame you for everything that goes wrong in the relationship? • Do you find yourself "walking on eggs" and apologizing all the time? If the questions here reveal a familiar pattern, you may be in love with a misogynist — a man who loves you, yet causes you tremendous pain because he acts as if he hates you. In this superb self-help guide, Dr. Susan Forward draws on case histories and the voices of men and women trapped in these negative relationships to help you understand your man's destructive pattern and the part you play in it. She shows how to break the pattern, heal the hurt, regain your self-respect, and either rebuild your relationship or find the courage to love a truly loving man. BONUS: This edition contains an excerpt from Susan Forward's *Toxic Parents*.

Women in Love - D. H. Lawrence 2019-06-07

Women in Love follows lives of the Brangwen sisters, Ursula a schoolteacher, and Gudrun a painter. They meet two men who live nearby, school inspector Rupert Birkin and Gerald Crich, heir to a coal-mine, and the four become friends. Ursula and Birkin begin a romantic friendship, while Gudrun and Gerald eventually begin a love affair. The emotional relationships thus established are given further depth and tension by an intense psychological and physical attraction between Gerald and Rupert. All four are deeply concerned with questions of society, politics, and the relationship between men and women. The novel ranges over the whole of British society before the time of the First World War and eventually concludes in the snows of the Tyrolean Alps.

Adolescent Sex and Love Addicts - Eric Griffin-Shelley 1994

A discussion of how teenagers can become addicted to sex and love just as they can be addicted to chemicals.

The Love of a Good Woman - Alice Munro 2011-06-22

All of these eight wonderful stories are about what people will do for love, and the unexpected routes their passion will force them to take. An old landlady in Vancouver who alarms the just-married narrator with her prim advice about married life - and "the peculiar threat" of a china cabinet that must be washed once a month - is shown to have conspired when young in a crime of passion. A young mother, at the mercy of the "radiant explosion" that comes when she thinks of her secret life, abandons her baby and four-year old to

be with her lover in the story "The Children Stay." A gruff old country doctor in the 1960s is discovered by his daughter to be helping desperate women, his "special patients." An impetuous young woman meets a visiting Indian student and conceives on a train from Vancouver to Toronto because of "the fact that you couldn't get condoms around the Calgary station, not for love or money." An Ontario farm wife's affair drives her husband to commit a murder; its discovery, years later, will act as a negotiating point for a new, presumably satisfactory, marriage. The book is clear-eyed about the imperfections of marriage, the clutter of our emotional lives, and the impermanence of love: "Not that that was the end. For we did make up. But we didn't forgive each other." Even the shared memories of earlier times prove to be a minefield, and many of the stories track the changes that time brings over generations to families, lovers, and even to friends who share old, intimate secrets about "the prostration of love." As always these stories by Alice Munro are shot through with humour, and are as rich as novels. As always the characters in the stories are easily, sometimes uncomfortably, recognizable as people like us. One quote summarizes the delightful surprises that await the reader: "Did you ever think that people's lives could be like that and end up like this? Well, they can."

Women Who Run with the Wolves - Clarissa Pinkola Estés 1999-01

New enhanced edition of the original underground classic by Clarissa Pinkola EstA(c)s, Ph.D., features rare interview excerpts with this internationally acclaimed Jungian analyst and cantadora (keeper of the old

stories). Through an exploration into the nature of the wild woman archetype, Dr. EstA(c)s helps listeners discover and reclaim their passion, creativity, and power.

The Women I Love - Francesco Pacifico 2021-12-07

A provocative and bracing send-up of modern masculinity, from the author of *Class* and *The Story of My Purity* Marcello, an editor and poet, is on the brink of his forties. Like everyone in his life, including his sister-in-law, he's writing a novel. This novel. This novel will be about women. Love. Growing older. Maybe even taking responsibility. But unfortunately for Marcello, the women in his life resist definition. They flit and flicker constantly between archetype and actuality: sirens and saviors, subordinates and savants, vixens and villains. So Marcello cannot write plainly about love. Instead, he tries to write into the complexities of his many relationships: Eleonora, the junior editor, his former protégé and sometime lover; Barbara, his claustrophobic girlfriend; his estranged gay sister; his elegant mother. Fresh, frank, and painfully cool, Francesco Pacifico's *The Women I Love* dives nakedly into gender, sex, and power. Set in a vivid and alcoholic Italy, it acknowledges and subverts the narrow ways canonical male writers gaze at, and somehow fail to see, women—illuminating the possibility of equity between people in love, in bed, in work, and in life.
