**Something to Hide** - Deborah Moggach 2016-05-03

"Classic Moggach: readable, memorable . . . an unashamedly colorful journey across continents, with clothes, food, landscapes brought joyously to life." —The Times (London) "Nobody in the world knows our secret . . . that I've ruined Bev's life, and she's ruined mine." Petra's romantic life has always been a car crash, and even in her sixties she's still getting it disastrously wrong. And then she falls in love with Jeremy, an old friend visiting from abroad. There's just one catch: Jeremy is married to her best friend, Bev. Meanwhile, on opposite sides of the world, two other women are also struggling with the weight of betrayal: Lorrie, a Texan, is about to embark on the biggest deception of her life, and in China, Li Jing is trying to understand exactly what it is her husband does on his business trips. It turns out that no matter where you are in the world or how well you think you know the one you love, everyone has secrets.

**Shaq Talks Back** - Shaquille O'Neal 2014-07-01

It's rare to discover a candid sports autobiography-- even rare when the author is one of the most recognizable athletes in the world. But in *Shaq Talks Back*, Shaquille O'Neal for the first time talks frankly about his childhood, his life, his rivalries, and his career, culminating in a dramatic, behind-the-scenes account of the Los Angeles Lakers' drive to the NBA Championship. At seven feet one inch tall and 330 pounds, Shaq has always faced outsized expectations, even as a child when he towered over other kids. *Shaq Talks Back* is the story of how potential became reality-- how someone expected to be a champion finally learned to become one. Beginning with his memory of crying on the court after the Lakers defeated the Indiana Pacers, Shaq takes us back to his younger days in Newark and Jersey City, New Jersey, then to Georgia and finally to Germany, where he began to harness some of his height and strength. From there, he recounts the remarkable progress of his basketball career, changing from a big but inexperienced teenager to a dominant college and professional player. Shaq talks about: \* Playing at Louisiana State University for the unpredictable coach Dale Brown \* Signing the biggest rookie contract ever with the Orlando Magic-- and going to the NBA Finals for the first time \* What happened next: dissention, disappointment, and his decision to leave for Los Angeles \* The dysfunctional Lakers who were never able to win the big games \* Dealing with egos as he finds the right chemistry with Kobe Bryant, Phil Jackson, and new additions to the team \* Rivalries with Alonzo Mourning, Patrick Ewing, Hakeem Olajuwon, David Robinson, and others \* The trouble with free throws... \* "Bling-bling" and women: the larger-than-life world of NBA players off the court \* Inside the Lakers' comeback from the brink against Portland and the drive to the NBA championship Funny, insightful, opinionated, and unexpectedly moving, *Shaq Talks Back* is the true voice of the NBA's

best player.

**Gumoil Photographic Printing, Revised Edition** - Karl Koenig 1999-06-28

There is renewed interest among art photographers in a number of historic printing techniques because of the remarkable effects they produce. The reader will discover how to create beautifully tinted mono- and polychromatic gum and oil images using the author's version of this 19th century technique. Step-by-step illustrated instructions with directions for further experimentation provide a perfect source for learning this new, yet old, printing technique. Gumoil printing involves contact-printing a positive transparency onto gum-coated paper. Oil paint is then applied and rubbed into nongummed areas of the print. With bleach etching, mono- and polychromatic variations are possible. A chapter on digital printing combines the new and the historic, making this technique even more accessible for the art photographer.

Designed by Adventure - Topher Donahue 2012-02-01

Thirty years ago a frustrated physicist from Seattle named Ron Gregg was retreating from an aborted attempt at a new alpine style route on Denali. His partner had been evacuated by helicopter, but Ron chose to ski back to the highway solo. In the process, Ron found a new direction in life. At that time, outdoor gear left much to be desired. Many of the best climbers and alpinists designed their own equipment out of necessity. They fashioned climbing harnesses, backpacks and entire kits in basements and garages. Nobody cared what the gear looked like. For a mountaineer with a penchant for design, the 70s and 80s were an era of extreme entrepreneurial opportunity and epic adventure. Designed by Adventure: 30 Years of Outdoor Research follows Ron Gregg's seminal early years as he bootstraps what would become an iconic company known for relentless commitment to functionality and durability. His intense passion for making better products in his own factory establishes Outdoor Research as an outdoor industry leader, yet Ron's devotion to his Seattle factory eventually imperils the company as globalization changes the game. His sudden and tragic death in the mountains of British Columbia creates a crisis as his family and the management team struggle to find a solution to keep the company going. Ultimately a new team comes together to build on Ron's legacy and principles, building Outdoor Research into one of the fastest growing companies in its industry.

Mordin on Time - Nick Mordin 2003-02

In Mordin On Time, Nick Mordin sets out his method for answering the most fundamental question facing punters in any race, namely: which is the fastest horse? He was timing the sections of races with a stop watch, estimating wind strength and direction, adjusting for movements of running rails, using projected times and calculating average times years before the best-selling American books on speed rating were published. This new edition incorporates much new material, including standard times for all Irish racecourses (plus the major French ones). Mordin On Time enables the reader to construct their own speed ratings wherever they live.

Blessed or cursed with a connection to the souls of others, Sloan Jordan can see the best in people...and the worst. With nothing more than a glance at a photograph, she can judge the living from the dead and the good souls from the evil ones. For twenty-seven years, she's kept her ability a secret, but eleven young women have been murdered in the mountains of North Carolina, and Sloan may be the only hope of finding their killer. She has just agreed to help Detective Nathan McNamara with the case, when a stranger—who is as alluring as he is terrifying—shows up at her doorstep with a dark past and another puzzling mystery: she can't see his soul at all. Now Sloan is on the hunt for a deadly psychopath with two irresistible men. One of them would die for her, and the other would kill to keep her safe. \*\*The First Book In The Soul Summoner Series\*\* Book 1 - The Soul Summoner Book 2 - The Siren

It's about Skiing and Not the Skis - Jay Eacker 2010

People have been skiing—and no doubt teaching others to do the same—for thousands of years. The earliest evidence for it is a picture on the wall of a cave in Norway that was drawn sometime around 4500 BC.

Skiing is something that we do. It is a behavior. Teaching others to ski is also something that we do. It, too, is a behavior. Pavlov and his dog helped to demonstrate that behavior is lawful and orderly. Various forms of conditioning as well as reinforcement, generalization, discrimination, punishment, and extinction change behavior. But why do we ski and teach others to do the same? These behaviors can also be accounted for, but no one has done it—until now. Develop a better understanding of why we ski and become a better skier or ski instructor in the process. You'll gain a greater appreciation of the sport once you discover It's About Skiing and Not the Skis.

The Vatican Conspiracy - Peter Hogenkamp 2020-10-20

"Wow... So many twists and turns that keep you guessing... Captures your attention and doesn't let go till the end." TB Honest, [REDACTED] A deadly attack on the Vatican City reveals an even deadlier conspiracy within its walls... When Marco Venetti left the military, he thought his days of violence were behind him. But now a beautiful woman is begging for his help. Her daughter has been kidnapped to force her to smuggle a gang of killers into the country. If she disobeys, her family will die. Determined to protect her, Marco goes on the hunt. But after a terrifying battle on a rocky island off the Italian coast, he finds a map on one of the men's bodies that reveals their ultimate goal: a deadly terrorist attack on the Vatican City itself. Marco races to prevent a bloodbath in the heart of Rome, but the terrorists are more dangerous than he knew. A nuclear weapon is missing, and the CIA, Russians and Israelis are too busy fighting to prevent it falling into the wrong hands. The only person Marco can trust is himself. He must track down and kill his enemy... but the Vatican is home to secrets and conspiracies, and soon Marco realises he may not even know who the real enemy is. Can he uncover a traitor before time runs out? For fans of Joel C. Rosenberg, Tom Clancy and Steven Konkoly, The Vatican Conspiracy is a non-stop explosive thriller of betrayal, revenge and world-shaking conspiracy. See what readers are saying about The Vatican Conspiracy: "An outstanding start to this series!... Grabs you on the first page and is powered by non-stop action and a taut, emotional narrative... **Leadership for a Better World** - NCLP (National Clearinghouse for Leadership Programs) 2016-11-14  
The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as a approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms. You'll find that, while each book can be used on its own, the content in both is also designed for use together. A link to the home page of The Social Change Model can be found below under Related Titles.

**Notwithstanding** - Louis de Bernieres 2016-10-18

As the world around it marches forward, the bucolic English village of Notwithstanding remains unchanged. It is, as it always has been, a place of pubs and cricket pitches, where local eccentrics—a retired colonel who has eschewed clothes, a spiritualist living with the ghost of her husband, and a dog named Archibald Scott-Moncrieff—almost fit in. In this delightfully evocative collection of stories, in which a young couple falls in and out of love by letter alone, an eleven-year-old boy battles a monstrous fish, and a man of the cloth has a premonition of death, Louis de Bernières conjures up a rural idyll long since forgotten. Funny, bittersweet, and deeply felt, Notwithstanding is the bestselling author of Corelli's Mandolin at his most enchanting.

**Lime and Lime Mortars** - A. D. Cowper 2017-09-29

First published in 1927 by the Building Research Station, this volume provides a classification of lime and a complete review of its various uses in building construction and repair. This facsimile edition should be of interest and of practical value since the methods, terminology and practices detailed by Cowper are still valid today. A brief historical introduction to the subject is followed by a section on the process of lime burning which emphasizes the differences in behaviour of the various classes of limes. The results of research and tests to determine the most reliable and lasting limewashes and lime-based cold water paints are also detailed. In addition, the book provides useful information on the common problems occurring with lime plasters and how these can be solved. The classifications based and suggested applications in the book offer guidelines for the conservation practitioner.
