In this thrilling sequel, Gemma continues to pursue her destiny to bind the magic of the Realms and restore it to the Order. Gemma and her friends from Spence use magical power to transport themselves on visits from their corseted world of Victorian London (at the height of the Christmas season), to the visionary country of the Realms, with its strange beauty and menace. There they search for the lost Temple, the key to Gemma's mission, and comfort Pippa, their friend who has been left behind in the Realms. After these visits they bring back magical power for a short time to use in their own world. Meanwhile, Gemma is torn between her attraction to the exotic Kartik, the messenger from the opposing forces of the Rakshana, and the handsome but clueless Simon, a young man of good family who is courting her. This is the second book in Libba Bray's engrossing trilogy, set in a time of strict morality and barely repressed sensuality, about a girl who saw another way.

In attempting to describe himself in his college application essay—to "help us to become acquainted with you beyond your courses, grades, and test scores"—Harbinger (Harry) Jones goes way beyond the 250-word limit and gives a full account of his life. The first defining moment: the day the neighborhood goons tied him to a tree during a lightning storm when he was 8 years old, and the tree was struck and caught fire. Harry was badly burned and has had to live with the physical and emotional scars, reactions from strangers, bullying, and loneliness that instantly became his everyday reality. The second defining moment: the day in eighth grade when the handsome, charismatic Johnny rescued him from the bullies and then made the startling suggestion that they start a band together. Harry discovered that playing music transported him out of his nightmare of a world, and he finally had something that compelled people to look beyond his physical appearance. Harry's description of his life in his essay is both humorous and heart-wrenching. He had a steeper road to climb than the average kid, but he ends up learning something

about personal power, friendship, first love, and how to fit in the world. While he's looking back at the moments that have shaped his life, most of this story takes place while Harry is in high school and the summer after he graduates.

Night Marchers - Rebecca Gober 2011-10-16

"NEVER, EVER lock eyes with a Night Marcher!" Everyone in Hawaii has

heard this warning, except for seventeen-year-old Emma Townsend that is. For most Hawaiians know that you must never lock eyes with a Night Marcher, for to do so can strike a curse that will end in death or eternal servitude. Even though her father, who is a paranormal investigator, solely raised Emma, she has little experience in the realm of the supernatural. When she is forced to move with her father to Hawaii, only months before her graduation, Emma finds that her world as she knows it, is shaken when she starts seeing the unexplainable: fire balls in the

distance, beating drums in the middle of nowhere and strangers who vanish into thin air. Then one day when she has a run in with a procession of Night Marchers, ancient Hawaiian spirits wandering from their burial grounds to their locations of battles past, Emma has no choice but to believe that the unbelievable does exist. Now Emma must go on the run with the help of a mysterious stranger, as they seek out how to free Emma from the curse of a Night Marcher, who will stop at nothing to get her soul.
