Burning Down the House - Nell Bernstein
2014-06-03

When teenagers scuffle during a basketball game, they are typically benched. But when Will got into it on the court, he and his rival were sprayed in the face at close range by a chemical similar to Mace, denied a shower for twenty-four hours, and then locked in solitary confinement for a month. One in three American children will be arrested by the time they are twenty-three, and many will spend time locked inside horrific detention centers that defy everything we know about how to rehabilitate young offenders. In a clear-eyed indictment of the juvenile justice system run amok, award-winning journalist Nell Bernstein shows that there is no right way to lock up a child. The very act of isolation denies delinquent children the thing that is most essential to their growth and rehabilitation: positive relationships with caring adults. Bernstein introduces us to youth across the nation who have suffered violence and psychological torture at the hands of the state. She presents these youths all as fully realized people, not victims. As they describe in their own voices their fight to maintain their humanity and protect their individuality in environments that would deny both, these young people offer a hopeful alternative to the doomed effort to reform a system that should only be dismantled. **Burning Down the House** is a clarion call to shut down our nation's brutal and counterproductive juvenile prisons and bring our children home.

Deep River - Karl Marlantes 2019-07-02

Three Finnish siblings head for the logging fields of nineteenth-century America in the New York Times–bestselling author's "commanding historical epic" (Washington Post). Born into a farm family, the three Koski siblings—Ilmari, Matti, and Aino—are raised to maintain their grit and resiliency in the face of hardship. This

lesson in *sisu* takes on special meaning when their father is arrested by imperial Russian authorities, never to be seen again. Lured by the prospects of the Homestead Act, Ilmari and Matti set sail for America, while young Aino, feeling betrayed and adrift after her Marxist cell is exposed, follows soon after. The brothers establish themselves among a logging community in southern Washington, not far from the Columbia River. In this New World, they each find themselves—Ilmari as the family's spiritual rock; Matti as a fearless logger and entrepreneur; and Aino as a fiercely independent woman and union activist who is willing to make any sacrifice for the cause that sustains her. Layered with fascinating historical detail, this novel bears witness to the stump-ridden fields that the loggers—and the first waves of modernity—leave behind. At its heart, *Deep River* explores the place of the individual, and of the immigrant, in an America still in the process of defining its own identity.

Farewell, Ghosts - Nadia Terranova 2020-08-25
This award-winning novel about a woman facing her past introduces Terranova to English-speaking audiences. Translated by Ann Goldstein, translator of Elena Ferrante's Neapolitan quartet. Finalist, Premio Strega, 2019 | Winner, Premio Alassio Centolibri | Selected among the 10 Best Italian Books of 2018 by *Corriere della Sera* Ida is a married woman in her late thirties, who lives in Rome and works at a radio station. Her mother wants to renovate the family apartment in Messina, to put it up for sale and asks her daughter to sort through her things--to decide what to keep and what to throw away. Surrounded by the objects of her past, Ida is forced to deal with the trauma

she experienced as a girl, twenty-three years earlier, when her father left one morning, never to return. The fierce silences between mother and daughter, the unbalanced friendships that leave her emotionally drained, the sense of an identity based on anomaly, even the relationship with her husband, everything revolves around the figure of her absent father. Mirroring herself in that absence, Ida has grown up into a woman dominated by fear, suspicious of any form of desire. However, as her childhood home besieges her with its ghosts, Ida will have to find a way to break the spiral and let go of her father finally. Beautifully translated by Ann Goldstein, who also translated Elena Ferrante's Neapolitan quartet, *Farewell, Ghosts* is a poetic and intimate novel about what it means to build one's own identity.

Corruption - Marco Arnone 2014

'Although corruption has affected human society since its very birth with different intensity over time, it is not confined to any particular geographic region, country, social or political system or culture. Recently there has been widespread international determination to effectively curb such crime. *Corruption: Economic Analysis and International Law* by Marco Arnone and Leonardo Borlini reviews the richness and complexity of the ongoing research on corruption and shows the value of integrating a comprehensive economic understanding of its consequences and a critical assessment of the several legal instruments promoted by major intergovernmental organizations on this issue. This approach is particularly timely because, on the bright side, this book shows that economic crises may lead to greater social responsiveness in the face of attempts to drain public resources through corruption and bribery. the use of a wide range of economic models and the acute analysis of the contemporary evolution of traditional institutions belonging to the realm of international and European law represent two additional values of this work. Finally, the personal commitment of both authors to scientific research and professional activity related to public governance and anti-corruption reforms make this book a valuable source for further thought and analysis for scholars, public servants and practitioners.' - Giorgio Sacerdoti, Professor of International and European Law,

Chokehold - Paul Butler 2018-09-18

Finalist for the 2018 National Council on Crime & Delinquency's Media for a Just Society Awards
Nominated for the 49th NAACP Image Award for Outstanding Literary Work (Nonfiction)
A 2017 Washington Post Notable Book
A Kirkus Best Book of 2017
"Butler has hit his stride. This is a meditation, a sonnet, a legal brief, a poetry slam and a dissertation that represents the full bloom of his early thesis: The justice system does not work for blacks, particularly black men." —The Washington Post
"The most readable and provocative account of the consequences of the war on drugs since Michelle Alexander's *The New Jim Crow*" —The New York Times
Book Review "Powerful . . . deeply informed from a legal standpoint and yet in some ways still highly personal" —The Times Literary Supplement (London)
With the eloquence of Ta-Nehisi Coates and the persuasive research of Michelle Alexander, a former federal prosecutor explains how the system really works, and how to disrupt it
Cops, politicians, and ordinary people are afraid of black men. The result is the Chokehold: laws and practices that treat every African American man like a thug. In this explosive new book, an African American former federal prosecutor shows that the system is working exactly the way it's supposed to. Black men are always under watch, and police violence is widespread—all with the support of judges and politicians. In his no-holds-barred style, Butler, whose scholarship has been featured on 60 Minutes, uses new data to demonstrate that white men commit the majority of violent crime in the United States. For example, a white woman is ten times more likely to be raped by a white male acquaintance than be the victim of a violent crime perpetrated by a black man. Butler also frankly discusses the problem of black on

black violence and how to keep communities safer—without relying as much on police. Chokehold powerfully demonstrates why current efforts to reform law enforcement will not create lasting change. Butler's controversial recommendations about how to crash the system, and when it's better for a black man to plead guilty—even if he's innocent—are sure to be game-changers in the national debate about policing, criminal justice, and race relations.

CONCORSOPOLI ED ESAMOPOLI - Antonio Giangrande

E' comodo definirsi scrittori da parte di chi non ha arte né parte. I letterati, che non siano poeti, cioè scrittori stringati, si dividono in narratori e saggisti. E' facile scrivere "C'era una volta..." e parlare di cazzate con nomi di fantasia. In questo modo il successo è assicurato e non hai rompiballe che si sentono diffamati e che ti querelano e che, spesso, sono gli stessi che ti condannano. Meno facile è essere saggisti e scrivere "C'è adesso..." e parlare di cose reali con nomi e cognomi. Impossibile poi è essere saggisti e scrivere delle malefatte dei magistrati e del Potere in generale, che per logica ti perseguitano per farti cessare di scrivere. Devastante è farlo senza essere di sinistra. Quando si parla di veri scrittori ci si ricordi di Dante Alighieri e della fine che fece il primo saggista mondiale. Le vittime, vere o presunte, di soprusi, parlano solo di loro, inascoltati, pretendendo aiuto. Io da vittima non racconto di me e delle mie traversie. Ascoltato e seguito, parlo degli altri, vittime o carnefici, che l'aiuto cercato non lo concederanno mai. "Chi non conosce la verità è uno sciocco, ma chi, conoscendola, la chiama bugia, è un delinquente". Aforisma di Bertolt Brecht. Bene. Tante verità soggettive e tante omertà son tasselli che la mente corrompono. Io le cerco, le filtro e nei miei libri compongo il puzzle, svelando l'immagine che dimostra la verità oggettiva censurata da interessi economici ed ideologie vetuste e criminali. Rappresentare con verità storica, anche scomoda ai potenti di turno, la realtà contemporanea, rapportandola al passato e proiettandola al futuro. Per non reiterare vecchi errori. Perché la massa dimentica o non conosce. Denuncio i difetti e caldeggio i pregi italiani. Perché non abbiamo orgoglio e dignità per migliorarci e perché non

sappiamo apprezzare, tutelare e promuovere quello che abbiamo ereditato dai nostri avi. Insomma, siamo bravi a farci del male e qualcuno deve pur essere diverso!

The Binder of Lost Stories - Cristina Caboni
2020-01-21

From international bestselling author Cristina Caboni comes an exquisite and engrossing novel of two women, centuries apart, bound by a love of books and a longing for self-discovery. With her delicate touch, Sofia Bauer restores books to their original splendor. In this art she finds refuge from her crumbling marriage and the feeling that her once-vibrant life is slipping away. Then an antique German edition takes her breath away. Slipped covertly into the endpapers is an intriguing missive, the first part of a secret...from one bookbinder to another. Two hundred years ago, Clarice von Harmel defied the constraints of family and society to engage in a profession forbidden to women. Within three separate volumes, Clarice bound her own hidden story filled with pain, longing, and love beyond all reason. A confession that now crosses centuries to touch the heart of a stranger. With the help of book collector Tomaso Leoni, Sofia connects the threads of Clarice's past, page by page, line by line, town by town. She's determined to make Clarice's voice heard. With each new revelation, Clarice is giving Sofia the courage to find her own voice and hope for the future she thought was lost.

When Markets Collide: Investment Strategies for the Age of Global Economic Change - Mohamed El-Erian 2008-07-01

SELECTED AS A 2008 BEST BUSINESS BOOK OF THE YEAR BY THE ECONOMIST "ONE OF THE SMARTEST INVESTORS ON THE PLANET."--MONEY MAGAZINE "This book is an essential read for those who wish to understand the modern world of investing." —Alan

Greenspan Winner of the 2008 Financial Times and Goldman Sachs Business Book of the Year Award When Markets Collide is a timely alert to the fundamental changes taking place in today's global economic and financial systems--and a call to action for investors who may fall victim to misinterpreting important signals. While some have tended to view asset class mispricings as mere "noise," this compelling book shows why they are important signals of opportunities and risks that will shape the market for years to come. One of today's most respected names in finance, Mohamed El-Erian puts recent events in their proper context, giving you the tools that can help you interpret the markets, benefit from global economic change, and navigate the risks. The world economy is in the midst of a series of hand-offs. Global growth is now being heavily influenced by nations that previously had little or no systemic influence. Former debtor nations are building unforeseen wealth and, thus, enjoying unprecedented influence and facing unusual challenges. And new derivative products have changed the behavior of many market segments and players. Yet, despite all these changes, the system's infrastructure is yet to be upgraded to reflect the realities of today's and tomorrow's world. El-Erian investigates the underlying drivers of global change to shed light on how you should: Think about the new opportunities and risks Construct an appropriately diversified and internationalized portfolio Protect your portfolio against new sources of systemic risk Best think about the impact of central banks and financial policies around the world Offering up predictions of future developments, El-Erian directs his focus to help you capitalize on the new financial landscape, while limiting exposure to new risk configurations. When Markets Collide is a unique collection of books for investors and policy makers around the world. In addition to providing a thorough analysis and clear perspective of recent events, it lays down a detailed map for navigating your way through an otherwise perplexing new economic landscape.
