By searching the title, publisher, or authors of guide you in point of fact want, you can discover them rapidly. In the house, workplace, or perhaps in your method can be every best place within net connections. If you endeavor to download and install the Reefer Madness Sex Drugs And Cheap Labor In The American Black Market , it is entirely easy then, past currently we extend the colleague to purchase and make bargains to download and install Reefer Madness Sex Drugs And Cheap Labor In The American Black Market consequently simple!

[With These Hands](#) - Daniel Rothenberg 2000-10-30

Collects portraits of migrant workers, union organizers, the people who smuggle others across the border, physicians, children, and their families back in Mexico.

Command and Control - Eric Schlosser 2014-08-26

The Oscar-shortlisted documentary *Command and Control*, directed by Robert Kenner, finds its origins in Eric Schlosser's book and continues to explore the little-known history of the management and safety concerns of America's nuclear arsenal. "A devastatingly lucid and detailed new history of nuclear weapons in the U.S. Fascinating." —Lev Grossman, TIME Magazine "Perilous and gripping . . . Schlosser skillfully weaves together an engrossing account of both the science and the politics of nuclear weapons safety." —San Francisco Chronicle A myth-shattering exposé of America's nuclear weapons Famed investigative journalist Eric Schlosser digs deep to uncover secrets about the management of America's nuclear arsenal. A groundbreaking account of accidents, near misses, extraordinary heroism, and technological breakthroughs, *Command and Control* explores the dilemma that has existed since the dawn of the nuclear age: How do you deploy weapons of mass destruction without being destroyed by them? That question has never been resolved—and Schlosser reveals how the combination of human fallibility and technological complexity still poses a grave risk to mankind. While the harms of global warming increasingly dominate the news, the equally dangerous yet more immediate threat of nuclear weapons has been largely forgotten. Written with the vibrancy of a first-rate thriller, *Command and Control* interweaves the minute-by-minute story of an accident at a nuclear missile silo in rural Arkansas with a historical narrative that spans more than fifty years. It depicts the urgent effort by American scientists, policy makers, and military officers to ensure that nuclear weapons can't be stolen, sabotaged, used without permission, or detonated inadvertently. Schlosser also looks at the Cold War from a new perspective, offering history from the ground up, telling the stories of bomber pilots, missile commanders, maintenance crews, and other ordinary servicemen who risked their lives to avert a nuclear holocaust. At the heart of the book lies the struggle, amid the rolling hills and small farms of Damascus, Arkansas, to prevent the explosion of a ballistic missile carrying the most powerful nuclear warhead ever built by the United States. Drawing on recently declassified documents and interviews with people who designed and routinely handled nuclear weapons, *Command and Control* takes readers into a terrifying but fascinating world that, until now, has been largely hidden from view. Through the details of a single accident, Schlosser illustrates how an unlikely event can become unavoidable, how small risks can have terrible consequences, and how the most brilliant minds in the nation can only provide us with an illusion of control. Audacious, gripping, and unforgettable, *Command and Control* is a tour de force of investigative journalism, an eye-opening look at the dangers of America's nuclear age.

Reefer Madness - Eric Schlosser 2003

Reports on America's "shadow" economy of illegal drugs, pornography, and illegal migrant workers, arguing that these underground industries continue to grow with government intervention.

Substance Use and Abuse - Russil Durrant 2003-04-07

Substance use and abuse are two of the most frequent psychological problems clinicians encounter. Mainstream approaches focus on the biological and psychological factors supporting drug abuse. But to

fully comprehend the issue, clinicians need to consider the social, historical, and cultural factors responsible for drug-related problems. *Substance Use and Abuse: Cultural and Historical Perspectives* provides an inclusive explanation of the human desire to take drugs. Using a multidisciplinary framework, authors Russil Durrant and Jo Thakker explore the cultural and historical variables that contribute to drug use. Integrating biological, psychosocial, and cultural-historical perspectives, this innovative and accessible volume addresses the fundamental question of why drug use is such a ubiquitous feature of human society.

[How to Smoke Pot \(Properly\)](#) - David Bienenstock 2016-04-12

"A humorous and informative trip through the drug's various medicinal compounds, a timeline of the its history, and recipes that take you beyond the standard pot brownie—with pro tips from cannabis-friendly celebrities sprinkled throughout."—Vanity Fair Once literally demonized as "the Devil's lettuce," and linked to all manner of deviant behavior by the establishment's shameless anti-marijuana propaganda campaigns, cannabis sativa has lately been enjoying a long-overdue Renaissance. So now that the squares at long last seem ready to rethink pot's place in polite society, how, exactly, can members of this vibrant, innovative, life-affirming culture proudly and properly emerge from the underground—without forgetting our roots, or losing our cool? In *How to Smoke Pot (Properly)*, VICE weed columnist and former High Times editor David Bienenstock charts the course for this bold, new, post-prohibition world. With plenty of stops along the way for "pro tips" from friends in high places, including cannabis celebrities and thought leaders of the marijuana movement, readers will learn everything from the basics of blazing, to how Mary Jane makes humans more creative and collaborative, nurtures empathy, catalyzes epiphanies, enhances life's pleasures, promotes meaningful social bonds, facilitates cross-cultural understanding, and offers a far safer alternative to both alcohol and many pharmaceutical drugs. You'll follow the herb's natural lifecycle from farm to pipe, explore cannabis customs, culture and travel, and discover how to best utilize and appreciate a plant that's at once a lifesaving medicine, an incredibly nutritious food, an amazingly useful industrial crop, and a truly renewable energy source. You'll even get funny and informative answers to burning questions ranging from: How can I land a legal pot job? to Should I eat a weed cookie before boarding the plane? In two-color, with charts and illustrations throughout, *How to Smoke Pot (Properly)* is truly a modern guide to this most revered herb.

Gods of Metal - Eric Schlosser 2015-08-06

'Sitting not far below my feet, there was a thermonuclear warhead about twenty times more powerful than the bomb that destroyed Hiroshima, all set and ready to go. The only sound was the sound of the wind.' Seventy years after the bombing of Hiroshima, Eric Schlosser's powerful, chilling piece of journalism exposes today's deadly nuclear age. Originally published in the New Yorker and now expanded, this terrifying true account of the 2012 break-in at a high-security weapons complex in Tennessee is a masterly work of reportage. 'So incontrovertibly right and so damnably readable.' Financial Times

Goal! - Michael Donald 2017-11-07

From Uruguayan Alcides Ghiggia in 1950 through to Mario Gotze in 2016, this is a fascinating portrait of the men who have lived the dream of every soccer fan worldwide. Michael's intimate portraits are accompanied by an interview with the player that not only relives the moment, but gives fascinating insight into the occasion, from the music they played on the bus to the stadium, to meal they ate afterwards. The

book includes the story of what happened in each World Cup, what happened to the players afterwards and what they do today. Beautifully illustrated, with fascinating text and the backing of FIFA, Goal! is a unique soccer book that captures the essence of the ultimate sporting achievement.

[Marihuana](#) - E.L. Abel 2013-06-29

Of all the plants men have ever grown, none has been praised and denounced as often as marihuana (Cannabis sativa). Throughout the ages, marihuana has been extolled as one of man's greatest benefactors and cursed as one of his greatest scourges. Marihuana is undoubtedly a herb that has been many things to many people. Armies and navies have used it to make war, men and women to make love. Hunters and fishermen have snared the most ferocious creatures, from the tiger to the shark, in its herculean weave. Fashion designers have dressed the most elegant women in its supple knit. Hangmen have snapped the necks of thieves and murderers with its fiber. Obstetricians have eased the pain of childbirth with its leaves. Farmers have crushed its seeds and used the oil within to light their lamps. Mourners have thrown its seeds into blazing fires and have had their sorrow transformed into blissful ecstasy by the fumes that filled the air. Marihuana has been known by many names: hemp, hashish, dagga, bhang, loco weed, grass-the list is endless. Formally christened Cannabis sativa in 1753 by Carl Linnaeus, marihuana is one of nature's hardiest specimens. It needs little care to thrive. One need not talk to it, sing to it, or play soothing tranquil Brahms lullabies to coax it to grow. It is as vigorous as a weed. It is ubiquitous. It flourishes under nearly every possible climatic condition.

[Inside Iran](#) - Medea Benjamin 2018

U.S. relations with Iran have been fraught for decades, but under the Trump Administration tensions are rising to startling levels. Medea Benjamin, one of the best-known 21st century activists, offers the incredible history of how a probable alliance became a bitter antagonism in this accessible and fascinating story. In 1979, the Iranian Revolution brought a full-scale theocracy to the 80 million inhabitants of the Middle East's second largest country, with. The rule of the ayatollahs opened the door to Islamic fundamentalism. In the decades since, bitter relations have persisted between the U.S. and Iran. Yet how is it that Iran has become the primary target of American antagonism over nations like Saudi Arabia, whose appalling human rights violations fail to depose it as one of America's closest allies in the Middle East? In the first general-audience book on the subject, Medea Benjamin elucidates the mystery behind this complex relationship, recounting the country's history from the pre-colonial period to its emergence as the one nation Democrats and Republicans alike can unite in denouncing. Benjamin has traveled several times to Iran, and uses her firsthand experiences with politicians, activists, and everyday citizens to provide a deeper understanding of the complexities of Iranian society. Tackling common misconceptions about Iran's system of government, its religiosity, and its citizens' way of life, Benjamin makes short work of the inflammatory rhetoric surrounding U.S.-Iranian relations, and presents a realistic and hopeful case for the two nations' future.

[Reefer Madness](#) - Eric Schlosser 2004

Reports on America's "shadow" economy of illegal drugs, pornography, and illegal migrant workers, arguing that these underground industries continue to grow with government intervention.

A History of the Hemp Industry in Kentucky - James F. Hopkins 2021-10-21

It is hard to believe that at one time burley tobacco was not the chief cash crop in Kentucky. Yet for more than half a century hemp dominated the state's agricultural production. James Hopkins surveys the hemp industry in Kentucky from its beginning through its complete demise at the end of World War II, describing the processes of seeding and harvesting the plant, and marketing manufactured goods made of the fiber. With debate presently raging over the legalization of industrial hemp, it is essential that an accurate portrait of this controversial resource be available. Although originally published in 1951, Hopkins's work remains remarkably current as hemp manufacturing today is little changed from the practices the author describes. This edition includes an updated bibliography of recent publications concerning the scientific, economic, and political facets of industrial hemp.

Porn - Robert J. Stoller 1991-01-01

Bill, Merlin, Happy, and Kay are among the porn-film performers and producers who tell their stories to Dr. Robert J. Stoller in this pschyodynamic ethnography of adult heterosexual pornography. Their engrossing

accounts reveal in rich detail not only the inner workings of "the Industry" and the fantasies and motivations of its participants but also the relation between this most denigrated of occupations and "normal" human erotic behavior and attitudes. Consistently nonjudgmental about the material he presents, Dr. Stoller nevertheless draws provocative conclusions about porn, its practitioners, and its effects on society. Everyone at work on a porn production, he says, uses it as a vehicle for unloading his or her rage against something--mores, institutions, laws, parents, females, or males. According to Dr. Stoller, pornography does not exist only to degrade women, there is no reliable evidence that it increases the frequency of rape, and (with the exception of child porn) it does little harm. Pornography, says Dr. Stoller, seems more the result of our changing society than a cause of change; it reflects, more than influences, our values and mores.

In Praise of Nepotism - Adam Bellow 2004-07-13

Nepotism is one of those social habits we all claim to deplore in America; it offends our sense of fair play and our pride in living in a meritocracy. But somehow nepotism prevails; we all want to help our own and a quick glance around reveals any number of successful families whose sons and daughters have gone on to accomplish objectively great things, even if they got a little help from their parents. In this wide-ranging, surprising, and eloquently argued book, Adam Bellow takes a pragmatic and erudite look at the innate human inclination toward nepotism. From ancient Chinese clans to the papal lineages of the Renaissance, to American families like the Gores, Kennedys, and Bushes, Bellow explores how nepotism has produced both positive and negative effects throughout history. As he argues, nepotism practiced badly or haphazardly is an embarrassment to all (including the incompetent beneficiary), but nepotism practiced well can satisfy a deep biological urge to provide for our children and even benefit society as a whole. In Praise of Nepotism is a judicious look at a controversial but timeless subject that has never been explored with such depth or candor, and a fascinating natural history of how families work.

America Anonymous - Benoit Denizet-Lewis 2009-01-06

America Anonymous is the unforgettable story of eight men and women from around the country -- including a grandmother, a college student, a bodybuilder, and a housewife -- struggling with addictions. For nearly three years, acclaimed journalist Benoit Denizet-Lewis immersed himself in their lives as they battled drug and alcohol abuse, overeating, and compulsive gambling and sexuality. Alternating with their stories is Denizet-Lewis's candid account of his own recovery from sexual addiction and his compelling examination of our culture of addiction, where we obsessively search for new and innovative ways to escape the reality of the present moment and make ourselves feel "better." Addiction is arguably this country's biggest public-health crisis, triggering and exacerbating many of our most pressing social problems (crime, poverty, skyrocketing health-care costs, and childhood abuse and neglect). But while cancer and AIDS survivors have taken to the streets -- and to the halls of Congress -- demanding to be counted, millions of addicts with successful long-term recovery talk only to each other in the confines of anonymous Twelve Step meetings. (A notable exception is the addicted celebrity, who often enters and exits rehab with great fanfare.) Through the riveting stories of Americans in various stages of recovery and relapse, Denizet-Lewis shines a spotlight on our most misunderstood health problem (is addiction a brain disease? A spiritual malady? A moral failing?) and breaks through the shame and denial that still shape our cultural understanding of it -- and hamper our ability to treat it. Are Americans more addicted than people in other countries, or does it just seem that way? Can food or sex be as addictive as alcohol and drugs? And will we ever be able to treat addiction with a pill? These are just a few of the questions Denizet-Lewis explores during his remarkable journey inside the lives of men and women struggling to become, or stay, sober. As the addicts in this book stumble, fall, and try again to make a different and better life, Denizet-Lewis records their struggles -- and his own -- with honesty and empathy.

[The CPAP Study Guide to VCE Economics](#) - Romeo Salla 2010-01

[Flyboys](#) - James Bradley 2003-09-30

The classic New York Times bestselling story of heroism and sacrifice--by the author of Flags of Our Fathers, The Imperial Cruise, and The China Mirage. This acclaimed bestseller brilliantly illuminates a hidden piece of World War II history as it tells the harrowing true story of nine American airmen shot down

in the Pacific. One of them, George H. W. Bush, was miraculously rescued. What happened to the other eight remained a secret for almost 60 years. After the war, the American and Japanese governments conspired to cover up the shocking truth, and not even the families of the airmen were informed of what happened to their sons. Their fate remained a mystery--until now. FLYBOYS is a tale of courage and daring, of war and death, of men and hope. It will make you proud and it will break your heart.

Wilding - Isabella Tree 2019-09-17

An inspiring story about what happens when 3,500 acres of land, farmed for centuries, is left to return to the wild, and about the wilder, richer future a natural landscape can bring. For years Charlie Burrell and his wife, Isabella Tree, farmed Knepp Castle Estate and struggled to turn a profit. By 2000, with the farm facing bankruptcy, they decided to try something radical. They would restore Knepp's 3,500 acres to the wild. Using herds of free-roaming animals to mimic the actions of the megafauna of the past, they hoped to bring nature back to their depleted land. But what would the neighbors say, in the manicured countryside of modern England where a blade of grass out of place is considered an affront? In the face of considerable opposition the couple persisted with their experiment and soon witnessed an extraordinary change. New life flooded into Knepp, now a breeding hotspot for rare and threatened species like turtle doves, peregrine falcons, and purple emperor butterflies. The fabled English nightingale sings again. At a time of looming environmental disaster, Wilding is an inspiring story of a farm, a couple, and a community transformed. Isabella Tree's wonderful book brings together science, natural history, a fair bit of drama, and—ultimately—hope.

Rereading America - Gary Colombo 2007

Intended as a reader for writing and critical thinking courses, this volume presents a collection of writings promoting cultural diversity, encouraging readers to grapple with the real differences in perspectives that arise in our complex society.

Goal! - Michael Donald 2017-10-05

Beautifully illustrated and officially licensed by FIFA, Goal! is a unique football book that captures the essence of the ultimate sporting achievement. This is a fascinating portrait of the men who have lived the dream of every football fan worldwide. Includes: Intimate portraits by award-winning photographer Michael Donald Interviews with the players, giving fascinating insight into the occasion, from the music they played on the bus to the stadium, to the meal they ate afterwards Profiles on Pelé, Ronaldo, Zidane, Götze and many more of the greats The book includes the story of what happened in each FIFA World Cup?, what happened to the players afterwards and what they do today. There's also a comprehensive statistics section covering all the facts and figures for each World Cup tournament so readers can relive the matches they saw, and discover the details about the ones they didn't.

Black Sexual Politics - Patricia Hill Collins 2004-08-02

In Black Sexual Politics, one of America's most influential writers on race and gender explores how images of Black sexuality have been used to maintain the color line and how they threaten to spread a new brand of racism around the world today.

A Hypersexual Society - K. Kammeyer 2008-11-10

As many can attest, the prevalence of sexual imagery has increased in modern society over the past half century. In this timely new study, Kenneth Kammeyer traces the historical development of sexual imagery in America and society's preoccupation with it, all within a firm theoretical and sociological framework.

Handbook of Organized Crime in the United States - Robert J. Kelly 1994

Internationally known authorities in criminal justice provide one of the most comprehensive assessments today of the diverse ethnic and racial groups in the criminal underworld and their grave threats to the very fabric of American society. This coherent overview describes Mafia, Chinese, African American, Russian, and other criminal activities in different cities currently with historical background, showing the pernicious effects that their illicit operations have had on the economic, social, political, and moral life of the nation. This one-volume reference also assesses law enforcement and crime control programs during the 20th century. This sobering overview should be required reading for specialist and general audiences alike and for broad library use given the serious threats of organized crime to all Americans in the 1990s.

The Ganja Complex - Ansley Hamid 2002

In 2000, Hamid (anthropology, John Jay College of Criminal Justice, New York) made additions and revisions to his 1980s doctoral dissertation for Columbia University. He examines the plant cannabis, or marijuana, its 5,000-year-use as a magical herb, its use specifically among Caribbeans at home and in New York City and the economics of that use, and social science perspectives on claims made about it by both supporters and opponents. Annotation copyrighted by Book News, Inc., Portland, OR.

The New New Journalism - Robert Boynton 2007-12-18

Forty years after Tom Wolfe, Hunter S. Thompson, and Gay Talese launched the New Journalism movement, Robert S. Boynton sits down with nineteen practitioners of what he calls the New New Journalism to discuss their methods, writings and careers. The New New Journalists are first and foremost brilliant reporters who immerse themselves completely in their subjects. Jon Krakauer accompanies a mountaineering expedition to Everest. Ted Conover works for nearly a year as a prison guard. Susan Orlean follows orchid fanciers to reveal an obsessive subculture few knew existed. Adrian Nicole LeBlanc spends nearly a decade reporting on a family in the South Bronx. And like their muckraking early twentieth-century precursors, they are drawn to the most pressing issues of the day: Alex Kotlowitz, Leon Dash, and William Finnegan to race and class; Ron Rosenbaum to the problem of evil; Michael Lewis to boom-and-bust economies; Richard Ben Cramer to the nitty gritty of politics. How do they do it? In these interviews, they reveal the techniques and inspirations behind their acclaimed works, from their felt-tip pens, tape recorders, long car rides, and assumed identities; to their intimate understanding of the way a truly great story unfolds. Interviews with: Gay Talese Jane Kramer Calvin Trillin Richard Ben Cramer Ted Conover Alex Kotlowitz Richard Preston William Langewiesche Eric Schlosser Leon Dash William Finnegan Jonathan Harr Jon Krakauer Adrian Nicole LeBlanc Michael Lewis Susan Orlean Ron Rosenbaum Lawrence Weschler Lawrence Wright

Prisoner of the Vatican - David I. Kertzer 2006-02

Draws on previously unknown documents from the Vatican archives to detail a late-nineteenth-century plot on the part of Pope Pius IX and his successor, Leo XIII, to block the unification of Italy and to seize control of Rome and the Papal States, in a colorful history marked by such key individuals as the two pontiffs, Italy's national hero Garibaldi, King Victor Emmanuel, and France's Napoleon III. Reprint.

Everyday Faith - Terry Pluto 2012-05-01

Award-winning sports columnist Terry Pluto has another beat: Faith. Thousands of loyal readers regularly turn to his *Other* column for a regular dose of down-to-earth spiritual inspiration. This book collects dozens of his popular essays about ethical and moral issues we all face in everyday life. Like getting along with our siblings. Setting a better example for our children. Listening better to our spouses. How money makes us do silly things. The lure of gossip. Feeling lonely. Giving in to anger. How we feel when our prayers go unanswered. Pluto writes from a very personal perspective, as when he discusses the vanity of his own approach to baldness, or reveals white lies he has used to make himself feel better, or describes the temptation to tell off his boss at work. This honestly humble approach to finding the spiritual in the ordinary gives Pluto's writing broad appeal. *I don't care if you are a Jew, a Christian, a Muslim, or a skeptic; there is a spiritual thirst in most of us,* Pluto says. *I try to write about God and us and what that means for our lives.* For a sportswriter who never thought he'd write about faith, Pluto has brought a great deal of meaning to the lives of his readers. This collection will serve as a great way for Pluto fans to revisit the many inspirations found in his writing and to share them with a new audience.

Catherine Lim Collection - Jim Algie 2011-04-15

Bizarre Thailand takes readers off the well-rutted road of tourist hotspots into the darkest and sexiest hinterlands. Welcome to a twilight zone where travellers become soldiers and cowboys, a black magician courts politicians and film stars, sacred tortoises mate on the streets of a small town, and Fertility Goddesses are wooed with massive phalluses. In this strange land, nothing is what it seems: a prison becomes a tourist attraction, a 20-storey robot is a building, a man becomes a beauty queen, a Buddhist temple turns into hell on earth, a loving wife is immortalized as the most famous and ferocious of all phantoms, and a serial killer's corpse is reincarnated as a museum exhibit. Bizarre Thailand takes an irreverent look at how the profound, profane and frankly quite odd intertwine with the rhythms and flows of everyday Thai life, paying homage to the quintessential culture of one of Southeast Asia's most captivating

destinations.

Gangland - Howard Blum 2009-09-29

In the bestselling tradition of *Wiseguy* and *Boss of Bosses* -- the inside story of the fall of the "Teflon Don" The team: A handpicked squad of FBI agents -- led by a war hero determined to get the job done. The target: John Gotti, the seemingly invincible head of the richest and most powerful crime of modern-day Untouchables, the FBI's C-16 Organized Crime squad, who finally ended the cocky crime lord's reign of terror. Drawing on unprecedented access to FBI records and agents, bestselling author and prize-winning journalist Howard Blum tells the riveting and suspenseful story behind the headlines. Here is the deadly game of cat and mouse that pitted Gotti, his ruthless henchmen and his elusive law-enforcement mole against the Bureau. It is a tale of courage, murder and betrayal. From Mafia backrooms to FBI squad rooms, from the high-tech electronic invasion of Gotti's headquarters to the desperate effort to expose the mole, *Gangland* is more shocking than fiction -- an instant Mafia classic.

People's Guide to Publishing - Joe Biel 2018-12-05

So, you want to publish books. Drawing on 23 years of experience operating an independent publishing company, Joe Biel has written the most accessible and comprehensive guide to running a successful publishing business. You'll learn all the skills of the trade, including how to: Develop your individual books to connect with readers on a practical and emotional level Choose between offset printed, digitally printed, and eBook formats and work effectively with printers Build an authentic niche so you can reach your audience and sell books directly Understand if and when you're ready to work with a distributor or large online retailer Create a budget and predict the cost and income of each book so your company stays in the black Decide what work you need to do yourself and what can be done by others Plan for sustainable growth Featuring interviews with other upstart independent publishers and funny anecdotes from publishing's long history as well as detailed charts and visuals, this book is intended both beginners looking for a realistic overview of the publishing or self-publishing process and for experienced publishers seeking a deeper understanding of accounting principles, ways to bring their books to new audiences, and how to advance their mission in a changing industry. All readers will come away with the confidence to move forward wisely and a strong sense of why publishing matters today more than ever.

Fast Food Nation - Eric Schlosser 2001-01-17

A NEW YORK TIMES BESTSELLER The jaw-dropping exposé on how America's fast food industry has shaped the landscape of America. This fascinating study reveals how the fast food industry has altered the landscape of America, widened the gap between rich and poor, fueled an epidemic of obesity, and transformed food production throughout the world. Eric Schlosser inspires readers to look beneath the surface of our food system, consider its impact on society and, most of all, think for themselves. This book has changed the way millions of people think about what they eat and helped to launch today's food movement.

Word Fugitives - Barbara Wallraff 2009-10-13

Despite the many thousands of dictionary words at our disposal, our language can be dismayingly inadequate. How many times have you searched for a word that means just what you want it to but failed to find anything suitable anywhere? Most of us, it turns out, lead lives rife with experiences, people, and things that have no names. At least, they lacked names until now. *Word Fugitives* comes to the rescue, supplying hundreds of inspired words coined or redefined to meet everyday needs. For instance, wouldn't it be handy to have a word for the momentary confusion people experience when they hear a cell phone ringing and wonder whether it's theirs? (How about *fauxcellarm*, *phonundrum*, or *pandephonium*?) Or what about a word for offspring who are adults? (Try *unchildren* or *offsprung*.) Or a word for the irrational fear when you're throwing a party that no one will show up? (That might be *guestlessness*, *empty-fest syndrome*, or *fete-alism*.) This mind- and vocabulary-expanding book grew out -- way out -- of Barbara Wallraff's popular column in *The Atlantic Monthly*. Brimming with irresistible diversions and pop quizzes; illuminated by contributions and commentary from authors, linguists, and leading language authorities; and enlivened by pleas for help from people whose words have yet to be found, *Word Fugitives* will captivate and inspire anyone who ever struggles to describe the world that he or she, or they, or thon (thon? see page 141) lives in.

Smoke Signals - Martin A. Lee 2013-08-13

The best-selling co-author of *Acid Dream* traces the dramatic social history of marijuana from its origins and its emergence in the 1960s culture wars through the 1996 legalization of medicinal marijuana in California, profiling the multibillion-dollar marijuana industry and how it is reshaping health care. 35,000 first printing.

Economic Sentiments - Emma Rothschild 2013-02-04

A benchmark in the history of economics and of political ideas, Rothschild shows us the origins of laissez-faire economic thought and its relation to political conseratism in an unquiet world.

Pot Planet - Brian Preston 2007-12-01

"A gimlet-eyed and often hilarious account of the author's round-the-world reefer safari . . . A surprisingly clear-headed view of potheads worldwide" (*The New Yorker*). In *Pot Planet*, journalist Brian Preston sets out on a global ganja safari to explore strange new cannabis cultures, to seek out new growers, activists, and other reefer revolutionaries . . . and to boldly get baked with each of them. Preston's journeys take him across every strata of pot cultivation and enjoyment. In the Canadian Kootenays, he meets hemp farmers struggling to harvest their crop on the fringes of legitimacy. In Cambodia and Morocco, he explores the final frontiers of Third World weed enthusiasts. In northern California, he takes a clear-eyed look at the medicinal marijuana movement, seeing both its promises and its problems. In England, Switzerland, and Spain, he observes grudging governments catching up to public tolerance. And at the Cannabis Cup in Amsterdam, he joins in the raucous multiday tasting competition and celebration at the international summit of the best breeders, growers, and connoisseurs in the world. Part investigative travelogue, part cultural history, part polemic for the unfettered enjoyment of nature's most perfect and pleasing herb, *Pot Planet* is an unforgettable odyssey into the multifaceted world of hemp, full of wit, insight, and inspiration. "Fun to read, gallops along and, should you like to embark on such an odyssey yourself, might even serve as a guide . . . [or] an intoxicated mystery tour." —Salon "A marvelously entertaining, well-written and probing look at the world through marijuana . . . Throughout, Preston proves himself to be both an intrepid traveler and a fine storyteller." —Publishers Weekly

Jack Herer's the Emperor Wears No Clothes - Jack Herer 1998

Oversized volume containing everything known about the usefulness of the cannabis plant. Completely revised, updated and expanded for more ways that hemp can really save the world.

Chew on this - Eric Schlosser 2006

Examines the fast food industry with facts about its evolution and practices, the effects of fast food consumption on public health, and the international success of fast food.

Organized Crime and American Power - Michael Woodiwiss 2001-01-01

Historisch overzicht van de samenhang en wederzijdse beïnvloeding van de georganiseerde misdaad en de politiek in de Verenigde Staten.

Reefer Madness - Eric Schlosser 2003

Reports on America's "shadow" economy of illegal drugs, pornography, and illegal migrant workers, arguing that these underground industries continue to grow with government intervention.

Hollywood is a Four Letter Town - James Bacon 1976

Reefer Madness - Eric Schlosser 2004-04-01

New York Times Bestseller: The shadowy world of "off the books" businesses—from marijuana to migrant workers—brought to life by the author of *Fast Food Nation*. America's black market is much larger than we realize, and it affects us all deeply, whether or not we smoke pot, rent a risqué video, or pay our kids' nannies in cash. In *Reefer Madness*, the award-winning investigative journalist Eric Schlosser turns his exacting eye to the underbelly of American capitalism and its far-reaching influence on our society. Exposing three American mainstays—pot, porn, and illegal immigrants—Schlosser shows how the black market has burgeoned over the past several decades. He also draws compelling parallels between underground and overground: how tycoons and gangsters rise and fall, how new technology shapes a market, how government intervention can reinvigorate black markets as well as mainstream ones, and how big business learns—and profits—from the underground. "Captivating . . . Compelling tales of crime and

punishment as well as an illuminating glimpse at the inner workings of the underground economy. The book revolves around two figures: Mark Young of Indiana, who was sentenced to life in prison without parole for his relatively minor role in a marijuana deal; and Reuben Sturman, an enigmatic Ohio man who built and

controlled a formidable pornography distribution empire before finally being convicted of tax evasion. . . . Schlosser unravels an American society that has 'become alienated and at odds with itself.' Like *Fast Food Nation*, this is an eye-opening book, offering the same high level of reporting and research." —Publishers Weekly
