The Hidden Pattern - Ben Goertzel 2006
The Hidden Pattern presents a novel philosophy of mind, intended to form a coherent conceptual framework within which it is possible to understand the diverse aspects of mind and

intelligence in a unified way. The central concept of the philosophy presented is the concept of "pattern": minds and the world they live in and co-create are viewed as patterned systems of patterns, evolving over time, and

various aspects of subjective experience and individual and social intelligence are analyzed in detail in this light. Many of the ideas presented are motivated by recent research in artificial intelligence and cognitive science, and the author's own AI research is discussed in moderate detail in one chapter. However, the scope of the book is broader than this, incorporating insights from sources as diverse as Vedantic philosophy, psychedelic psychotherapy, Nietzschean and Peircean metaphysics and quantum theory. One of the unique aspects of the patternist approach is the way it seamlessly fuses the mechanistic, engineering-oriented approach to intelligence and the introspective, experiential approach to intelligence.

The Great Shepherd - Thomas Verduyn
2017-06-24

The Holy Bible refers to Jesus of Nazareth as the Great Shepherd. The goal here is to examine the person and ministry of the Lord Jesus Christ. Admittedly, this book was written for Christians, but especially poor, weak, and troubled Christians. If you do not fit this description, or if you happen to be an unbeliever or skeptic, you are still invited (even enthusiastically encouraged) to read on, for in hearing about the greatness and tender love of our wonderful Shepherd, you may find yourself returned to him. This work contains four sections. The first part, consisting of five chapters, covers the person of Jesus Christ. This is not a biography, but rather a look at both the humanity and divinity of Jesus of Nazareth. The second part

consists of seven chapters and examines the work and ministry of Jesus Christ. This deals with what Christ accomplished on the cross, and what he is doing at present. The third part looks at a few notable biblical phrases that concern both his person and his work. And, finally, the fourth part considers some unusual words that Jesus himself spoke. Every chapter is about Jesus Christ. Topics include the following: •his human and divine nature •his office of Advocate, High Priest, and Shepherd •his position as King and Judge •his work of making us acceptable to God •his special name, The Lord Our Righteousness •his role as the Stumbling Stone •his use of parables and questions •verification of his truthfulness •and more

[The Secret Message of Jesus](#) - Brian D. McLaren 2007-04-01

When Brian McLaren began offering an alternative vision of Christian faith and life in books such as *A New Kind of Christian* and *A Generous Orthodoxy*, he ignited a firestorm of praise and condemnation that continues to spread across the religious landscape. To some religious conservatives, McLaren is a dangerous rebel without a doctrinally-correct cause. Some fundamentalist websites have even claimed he's in league with the devil and have consigned him to flames. To others though, Brian is a fresh voice, a welcome antidote to the staleness, superficiality, and negativity of the religious status quo. A wide array of people from Evangelical, Catholic, and Mainline Protestant backgrounds claim that through his books they have begun to rediscover the faith they'd lost or

rejected. And around the world, many readers say that he has helped them find-for the first time in their lives-a faith that makes sense and rings true. For many, he articulates the promise of what is being called "emerging Christianity." In *The Secret Message of Jesus* you'll find what's at the center of Brian's critique of conventional Christianity, and what's at the heart of his expanding vision. In the process, you'll meet a Jesus who may be altogether new to you, a Jesus who is... Not the crusading conqueror of religious broadcasting; Not the religious mascot of partisan religion; Not heaven's ticket-checker, whose words have been commandeered by the church to include and exclude, judge and stigmatize, pacify and domesticate. McLaren invites you to discover afresh the transforming message of Jesus-an open invitation to radical change, an enlightening revelation that exposes sham and ignites hope, an epic story that is good news for everyone, whatever their gender, race, class, politics, or religion. "Pastor and best-

selling author McLaren revisits the gospel material from a fresh-and at times radical-perspective . . . He does an excellent job of capturing Jesus' quiet, revolutionary style." -- Publishers Weekly (starred review) "Here McLaren shares his own ferocious journey in pondering the teachings and actions of Jesus. It is McLaren's lack of salesmanship or agenda that creates a refreshing picture of the man from Galilee who changed history." --Donald Miller, Author of *Blue Like Jazz* "In this critical book, Brian challenges us to ask what it would mean to truly live the message of Jesus today, and thus to risk turning everything upside down." --Jim Wallis, Author of *God's Politics* and editor of *Sojourners* "Compelling, crucial and liberating: a book for those who seek to experience the blessed heat of Christianity at its source." --Anne Rice, Author of *Christ the Lord: Out of Egypt*
The Evolution Angel - Todd Michael
2008-09-04

I asked him, "Are you the angel of death? You

must be to keep showing up at these times.” He paused and said, “Let’s just say you can think of me as an ‘Evolution Angel.’” Todd Michael was the medical director of a level-three trauma center when he had his own brush with death before being saved by the voice of an angel. In this collection of true stories from the emergency room, Dr. Michael relates his experiences with dying patients and angels that invariably attend this critical rite of passage. Eventually he began communicating with an angel who was sent to aid us in our human evolution. Evolution, as Dr. Michael describes it in *The Evolution Angel*, is a “quantum leap, a jump to a completely new and higher level of being.” What exactly is that higher level of being, and how do we achieve it? *The Evolution Angel* provides fascinating lessons, wisdom, and insight into turning our human journey into one where we can not only communicate with the spirit world but also access this otherworldly wisdom in our lives at any moment.

Inspirational, poignant, and wise, *The Evolution Angel* is a guide for everyone who wants to learn about the purpose of our lives, how to live at the highest level, and what happens to the soul after we die.

The Hidden Parables - Todd Michael

2008-09-04

The secret and empowering messages contained within Christ's thirty parables—an astonishing

and practical blueprint for the life you are destined for. In *The Hidden Parables*, Dr. Todd Michael unveils a hidden layer of meaning within the thirty enigmatic parables spoken by Christ that shows that the parables are not a random collection of stories but a unified system of knowledge. This integrated system of knowledge describes how to use the spiritual law of thought forms—of controlled intentions—to create more beneficial, more miraculous circumstances in our personal lives. The information it presents is clear and very useful. Moreover, this system bears an uncanny symmetry with many of today's leading-edge ideas from quantum physics. In *The Hidden Parables*, the parables are meticulously retranslated, retaining the expressiveness of the original Greek and giving the reader a literal understanding of the words of Jesus. Those aspects of Christ's words that are sometimes considered confounding are freshly revealed for their penetrating insights into human existence and for the hands-on

methodology they provide for a greater self-understanding and for leading a more fulfilling life.

It's Time - Michael Morwood 2013

It's Time. Challenges to the Doctrine of the Faith by Michael Morwood. Christianity, along with other major religions, has to make sense of its major beliefs in light of contemporary knowledge

about the universe and our place in it. This calls for a major overhaul in how we understand "God", how we interpret Jesus as revealing the Divine Presence in human form, and what this means for worship and prayer. This contemporary "story" is radically different from the traditional Christian story about an elsewhere, heavenly God who disconnected from humanity.

The Hasidic Parable - Aryeh Wineman

2001-05-01

The teachers of Hasidism gave new life to the literary tradition of parable, a story that teaches a spiritual or moral truth. In The Hasidic Parable, acclaimed author Aryeh Wineman takes readers through the great works of the hasidic

storytellers. Telling parables, explains Rabbi Wineman, was a strategy that the hasidic masters used to foster a radical shift in thinking about God, the world, and the values and norms of religious life. Although these parables date back 200 years or more, they deal with moral and religious themes and issues still relevant today. Each is accompanied by notes and commentary by the author that illuminate their ideological significance and their historical roots and background. These parables have been culled from classical hasidic homiletic texts, chosen because of their literary qualities, their explanation of key concepts in the hasidic worldview, and also because of what they say to us about the conflicts and tensions accompanying Hasidism's emergence and growth.

Unlocking the Hidden Mysteries of the Seer

Anointing - 2014-03-15

This book contains the teachings the revelations that the Lord has given Kevin Basconi over the last 12 year about the seer anointing. We are living in a God ordained moment of time when the seer realm is being released by grace to God's friends (whosoever). It is a very through biblical teaching that also is replete with dozens of prayers of activation for the reader (seers). I believe that the seer anointing will be pivotal in ushering in the last great day harvest and the return of the Messiah. When we learn to see what the Father is doing (5:19) we can recreate Christ in our sphere of influence with miracles, signs, wonders and salvations just like Jesus Christ of Nazareth.

The Secret Teachings of All Ages - Manly P. Hall 2021-11-11

Originally published in 1928, *The Secret Teachings of All Ages* is Manly P. Hall's celebrated 20th century tome, where readers

delight in discussions about ancient symbolism, rituals, and mythology. Manly P. Hall was a Canadian Author of over 150 published works, the best known of which are *Initiates of the Flame*, *The Story of Healing*, *The Divine Art*, *Aliens Magic and Sorcery* *The Secret Teachings of All Ages*, and *An Encyclopedic Outline of Masonic, Hermetic, Qabbalistic Rosicrucian Symbolical Philosophy*. Symbolism is the language of the Mysteries; in fact it is the language not only of mysticism and philosophy but of all Nature, for every law and power active in universal procedure is manifested to the limited sense perceptions of man through the medium of symbol. Every form existing in the diversified sphere of being is symbolic of the divine activity by which it is produced. By symbols men have ever sought to communicate to each other those thoughts which transcend the limitations of language. This book is often hailed as an encyclopedia for all things hidden, ancient, and arcane, and it explores a vast array

of topics, from secret societies and the Zodiac to Mystic Christianity and William Shakespeare's identity. Despite some of the outdated and controversial ideas it poses now in the 21st century, it continues to fascinate students of the cryptic and mysterious.

Subversive Spirituality - Eugene H. Peterson
1997-06-27

In *Subversive Spirituality* Peterson has gathered together a host of writings penned over the past twenty-five years that reflect on the overlooked facets of the spiritual life. Comprising occasional pieces, short biblical studies, poetry, pastoral readings, and interviews, this work captures the epiphanies of life with the pleasing pastoral style and inspiring depth of insight for which Peterson is well known. Peterson describes his book this way: "This gathering of articles and essays, poems and conversations, is a kind of kitchen midden of my noticings of the obvious in the course of living out the Christian life in the vocational context of pastor, writer, and

professor. The randomness and repetitions and false starts are rough edges that I am leaving as is in the interests of honesty. Spirituality is not, by and large, smooth. I do hope, however, that these pieces will be found to be freshly phrased".

Parables for the Virtual - Brian Massumi

2021-08-27

Since its publication twenty years ago, Brian Massumi's pioneering *Parables for the Virtual* has become an essential text for

interdisciplinary scholars across the humanities. Massumi views the body and media such as television, film, and the internet as cultural formations that operate on multiple registers of sensation. Renewing and assessing William James's radical empiricism and Henri Bergson's philosophy of perception through the filter of the postwar French philosophy of Deleuze, Guattari, and Foucault, Massumi links a cultural logic of variation to questions of movement, affect, and sensation. Replacing the traditional opposition of literal and figural with distinctions between stasis and motion and between actual and virtual, Massumi tackles related theoretical issues by applying them to cultural mediums as diverse as architecture, body art, the digital art of Stelarc, and Ronald Reagan's acting career. The result is an intriguing combination of cultural theory, science, and philosophy that asserts itself in a crystalline and multifaceted argument. This twentieth anniversary edition includes a new preface in which Massumi

situates the book in relation to developments since its publication and outlines the evolution of its main concepts. It also includes two short texts, “Keywords for Affect” and “Missed Conceptions about Affect,” in which Massumi

explicates his approach to affect in ways that emphasize the book's political and philosophical stakes.
