[Partners in Crime: The Clintons' Scheme to Monetize the White House for Personal Profit](#) - Jerome Corsi 2016-07-12

In Partners in Crime, two-time No. 1 New York Times bestselling author Jerome Corsi presents the detailed research and expert testimony proving beyond a shadow of a doubt that the Clinton Foundation is "a vast, criminal conspiracy," also described in these pages as "a slush fund for grifters." Corsi exposes how the Clintons amassed hundreds of millions of dollars in personal net worth, while building a \$2 billion empire in the Clinton Foundation. The victims are countless thousands of honest people who contributed their hard earned money to what they thought were philanthropic causes. The sordid tale involves suspicion of Enron-like fraudulent accounting practices by none less none less than PricewaterhouseCoopers, a "Big Four" firm, as well as the several "shell corporations" and "pass-through" bank accounts Bill Clinton has established in secret to hide what amount to kickbacks from Clinton Foundation donors and sponsors.

The Clintons' War on Women - Roger Stone 2016-09-06

"This book on Hillary - really tough." - President

Donald Trump Hillary Clinton is running for president as an "advocate of women and girls," but there is another shocking side to her story that has been carefully covered up—until now. This stunning exposé reveals for the first time how Bill and Hillary Clinton systematically abused women and others—sexually, physically, and psychologically—in their scramble for power and wealth. In this groundbreaking book, New York Times bestselling author Roger Stone and researcher and alternative historian Robert Morrow map the arc of Bill and Hillary's crimes and cover-ups. They reveal details about their actions in Arkansas, during Bill Clinton's time in the White House, about who really ordered the deadly attack on the Branch Davidian compound in Waco, during Hillary's tenure as secretary of state, about their time at the Clinton Foundation, and during Hillary's current campaign for president. This is the first book to shed light on the couple's deeply personal violations of the people they crushed in their obsessive quest for power. Along the way, Stone and Morrow reveal the family's darkest secrets, including a Clinton family member's drug rehab treatment that was never reported by the press, Hillary Clinton's unusually close relationship with a top female aide, and a stunning revelation of such impact that it could strip Bill Clinton of his current popularity and derail Hillary's push to be the second Clinton in the White House. Anyone who cares about the future of the United States will want to read this tell-all, exposing the appalling, unvarnished, and ugly truth about the Clintons. This paperback edition includes a new preface from Roger Stone, revealing explosive new information he's learned since the hardcover's release.

Silent No More - Jerome R. Corsi 2018-12-11

As seen on Tucker Carlson Tonight, Hannity, and CNN! In Silent No More: How I Became a Political Prisoner of Mueller's "Witch Hunt", New York Times bestselling author of Killing the Deep State Jerome R. Corsi, Ph.D. meticulously details the psychological torment he was subjected to in what the media has simply called, "The Mueller Investigation." In late 2018, in an FBI closed conference room with no windows, Dr. Corsi was confronted for hours upon hours at a time by detailed questioning about events that occurred in 2016. Dr. Corsi's inquisition was worthy of the Gestapo or KGB, designed to break even the most cooperating witness. Over a period of two months, three of Mueller's top prosecutors and an army of FBI agents—up to nine government officials at a time—questioned Dr. Corsi with his attorney, David Gray.

Throughout this harrowing ordeal, Dr. Corsi handed over his personal computers, his cell phone, all of his email accounts, his Twitter account, and his Google account. Finding no "smoking gun," Mueller's prosecutors blew up the meetings. Dr. Corsi refused to lie to the prosecutors to give them the ammunition they needed to prosecute Roger Stone, and as a result he was told he would be charged with a criminal offense for lying to the FBI and the Special Prosecutor. At seventy-two years of age, Dr. Corsi was subjected to extreme mental anguish, imagining that he may never see his family again as a free man. Rather than conducting an honest investigation, Mueller's Special Prosecutors reinforced a prefabricated narrative aiming to charge President Trump with Treason. Silent No More: How I Became a Political Prisoner of Mueller's "Witch Hunt" exposes the inner workings of this governmental

escapade, and clearly states why Mueller has no case against the President. Dr. Corsi creates a compelling case indicating that the entire matter is an investigation in search of a crime—to force lying testimony from witnesses if that's what it takes to achieve Deep State political objectives.

The Myth of Russian Collusion - Roger Stone 2019-02-19

For the first time in paperback, New York Times best-selling author Roger Stone's insider tell-all about the presidential campaign that shocked the world. This consummate political strategist continues to be front page news and has updated the book to respond to Robert Mueller's charges. Two years ago, Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, gave us Making of the President 2016—the first in-depth examination of how Trump's campaign delivered the biggest presidential election upset in history. But since then, the Deep State political establishment has worked tirelessly to undo those results. The Myth of Russian Collusion adds to and updates Stone's initial work to set the record straight. Trump's election win was a resounding repudiation of the failed leadership of both

parties. The American people wanted something new, and President Trump has delivered: his tax cuts and regulatory rollbacks have given us the strongest economy in American history, he is relentless in his efforts to protect American citizens, and he refuses to do business as usual. But America's ruling elite and liberal media, feeling threatened, have conspired to create the biggest witch hunt in our country's history. The phony narrative that Trump was in cahoots with Vladimir Putin, Mueller's charges that Roger Stone knew about the Wikileaks emails before release—all is debunked here. With a new introduction that responds to the Mueller investigation, The Myth of Russian Collusion is the true story of the Trump campaign that the establishment doesn't want you to believe. The Time of My Life - Jr. Morris 2009-11

The Making of the President 2016 - Roger Stone 2017-01-31

In the tradition of Theodore White's landmark books, the definitive look at how Donald J. Trump shocked the world to become president. From Roger Stone, a New York Times bestselling author, longtime political adviser and friend to Donald Trump, and consummate Republican strategist, comes the first in-depth examination of how Trump's campaign tapped into the national mood to deliver a stunning victory that almost no one saw coming. In the early hours of November 9, 2016, one of the most contentious, polarizing, and vicious presidential races came to an abrupt and unexpected end when heavily favored presidential hopeful Hillary Clinton called Donald J. Trump to concede, shocking a nation that had, only hours before, given little credence to his chances. Donald Trump pulled the greatest upset in American political history despite a torrent of invective and dismissal of the mainstream media. Stone, a long time Trump retainer and confidant, gives us the inside story of how Donald Trump almost single-handedly harnessed discontent among "Forgotten Americans" despite running a guerrilla-style grass roots campaign to compete with the smooth running and free-spending Clinton political machine. From the start, Trump's campaign was unlike any seen on the national stage—combative, maverick, and fearless. Trump's nomination was the hostile takeover of

the Republican party and a resounding repudiation of the failed leadership of both parties whose policies have brought America to the brink of financial collapse as well as endangering our national security. Here Stone outlines how Donald Trump skillfully ran as the anti-Open Borders candidate as well as a supporter of American sovereignty, and how he used the Globalist trade deals like NAFTA to win over three of ten Bernie Sanders supporters. The veteran adviser to Nixon, Reagan, and Trump charts the rise of the alt-conservative media and the end of the mainstream media monopoly on voter impacting information dissemination. This is an insider's view that includes studying opposition research into Bill, Hillary, and Chelsea Clinton's crimes, and the struggle by the Republican establishment to stop Trump and how they underestimated him. Stone chronicles Trump's triumph in three debates where he skillfully lowered expectation levels but skewered Mrs. Clinton for the corruption of the Clinton Foundation, her mishandling of government email, and her incompetence as Secretary of State. Stone gives us the inside word on Julian Assange, Wikileaks, Clinton campaign chief John Podesta, Huma Abedin, Anthony Weiner, Carlos Danger, Doug Band, Jeffery Epstein, and the efforts to hide the former first lady's infirmities and health problems. Stone dissects the phony narrative that Trump was in cahoots with Russian strongman Vladimir Putin or that the e-mails released by Wikileaks came from the Russians. *The Making of the President 2016* reveals how Trump brilliantly picked at Hillary Clinton's weaknesses, particularly her reputation as a crooked insider, and ignited the passions of out-of-work white men and women from the rust belt and beyond, at a time when millions of Americans desperately wanted change. Stone also reveals how and why the mainstream media got it wrong, including how the polls were loaded and completely misunderstood who would vote. Stone's analysis is akin to Theodore H. White's seminal book *The Making of the President 1960*. It is both a sweeping analysis of the trends that elected Trump as well as the war stories of a hard-bitten political survivor who Donald Trump called "one tough cookie."

State of Terror - Louise Penny 2021-10-12
AN INSTANT #1 NEW YORK TIMES
BESTSELLER Named one of the most anticipated novels of the season by People, Associated Press, Time, Los Angeles Times, Parade, St. Louis Post-Dispatch, The Guardian, Publishers Weekly, and more. From the #1 bestselling authors Hillary Clinton and Louise Penny comes a novel of unsurpassed thrills and incomparable insider expertise—*State of Terror*. After a tumultuous period in American politics, a new administration has just been sworn in, and to everyone's surprise the president chooses a political enemy for the vital position of secretary of state. There is no love lost between the president of the United States and Ellen Adams, his new secretary of state. But it's a canny move on the part of the president. With this appointment, he silences one of his harshest critics, since taking the job means Adams must step down as head of her multinational media conglomerate. As the new president addresses Congress for the first time, with Secretary Adams in attendance, Anahita Dahir, a young foreign service officer (FSO) on the Pakistan desk at the State Department, receives a baffling text from an anonymous source. Too late, she realizes the message was a hastily coded warning. What begins as a series of apparent terrorist attacks is revealed to be the beginning of an international chess game involving the volatile and Byzantine politics of Pakistan, Afghanistan, and Iran; the race to develop nuclear weapons in the region; the Russian mob; a burgeoning rogue terrorist organization; and an American government set back on its heels in the international arena. As the horrifying scale of the threat becomes clear, Secretary Adams and her team realize it has been carefully planned to take advantage of four years of an

American government out of touch with international affairs, out of practice with diplomacy, and out of power in the places where it counts the most. To defeat such an intricate, carefully constructed conspiracy, it will take the skills of a unique team: a passionate young FSO; a dedicated journalist; and a smart, determined, but as yet untested new secretary of state. State of Terror is a unique and utterly compelling international thriller cowritten by Hillary Rodham Clinton, the 67th secretary of state, and Louise Penny, a multiple award-winning #1 New York Times bestselling novelist.

Truth at Any Cost - Susan Schmidt 2000-04-25

What drove the man who nearly toppled a presidency and forced the most serious constitutional crisis in twenty-five years? Conventional wisdom portrays Independent Counsel Kenneth Starr as a right-wing religious zealot out to destroy the president, and Bill Clinton as a victim whose only "crime" was a private indiscretion. In *Truth at Any Cost*, two of America's preeminent investigative reporters, Susan Schmidt and Michael Weisskopf, reveal for the first time what really went on inside the Office of the Independent Counsel. The book details Ken Starr's motivations, his inner struggles, and his anguish as he comes under attack by Clinton's ferocious partisans. It goes behind the locked doors of Starr's office as prosecutors make the fateful decision to pursue the case against Clinton for lying to conceal his embarrassing affair with an intern half his age. Schmidt and Weisskopf lay bare what happened on the night when FBI agents first confronted Monica Lewinsky, how the White House launched a political jihad to survive, and how Starr's team agonized over Clinton's fate. For

four years, the bland, smiling man behind the investigation of President Clinton remained a mystery, both to many who supported him and to those who feared him. Until now. *Truth at Any Cost* shows Ken Starr in a new light: as an upright but politically naive prosecutor who withstood public vilification to pursue the truth—including what he and his deputies saw as the president's attempts to use the power of his office to thwart a legitimate inquiry. Here is an unblinking look at the battle between Starr's legal absolutism and Clinton's chronic evasions. It examines Starr's impassioned quest to bring the president to justice, and explains how Starr eventually became a casualty of his own mission, leaving the arena as bloodied as the man he had pursued.

A Woman in Charge - Carl Bernstein 2007-06-05

The nuanced, definitive biography of one of the most controversial and widely misunderstood figures of our time: the woman running a historic campaign as the 2016 Democratic presidential nominee—Hillary Rodham Clinton. Drawing on hundreds of interviews with colleagues and friends and with unique access to campaign records, Pulitzer Prize-winning journalist and bestselling author Carl Bernstein has given us a book that enables us, at last, to address the questions Americans are insistently—even obsessively—asking: Who is she? What is her character? What is her political philosophy? And, what can we expect from Hillary if we elect her President of the United States?

It Takes a Counter-Revolution - Larry Klayman Esq. 2022-03-15

With a title that again satirically mocks *It Takes a Village* by Hillary Clinton, *It Takes a Counter-Revolution: Wake Up America!* is the sequel to *It Takes a Revolution: Forget the Scandal Industry!*, as the nation has now been wholly taken over by the radical left. Like *Revolution*, this book details how our executive, legislative, and judicial branches of government have become thoroughly corrupt and failed the citizenry, but offers new and more drastic

solutions given the deepening crises that have—in the last year alone—enmeshed the republic in a march to socialism, communism, atheism, and godless radical leftist ideologies of all types. Emphasizing again that Americans must turn away from the “scandal industry” of the cable news networks, which enrich themselves by magnifying crises—if not creating mass panic to boost ratings and advertising dollars—the author Larry Klayman, the founder of both Judicial Watch and Freedom Watch, now advocates for declaring independence from our current government, which he chronicles as terminally ill, after experiencing and suffering the corrosive, destructive effects of the Biden-Harris regime. Quoting Founding Fathers like John Adams and Thomas Jefferson, Klayman argues that the people must harken back to July 4, 1776, when under the laws of nature and Nature’s God—rather than the laws of the state—the colonies, faced with a king far less harmful than our present rulers, were left with no choice but to declare and form a new nation. What we now need, Klayman argues, is not a new nation, but a new government, with new righteous leaders and new political parties, offering an alternative to the citizenry over what now rules over them in a virtual leftist dictatorship, with little to no sincere and honest Republican opposition. This work is a call to arms during these times of crises, when government deceit, exploitation, corruption, and dictatorial control over the people have created a virtual noose around our collective necks. The overriding message of *It Takes a Counter-Revolution: Wake Up America!* is that Americans must stop wishfully hoping for the best, get up off of the couch, take calculated risks, and actively join the counter-revolution—albeit a peaceful and legal one—to restore the liberty that once made our nation great. Our continued existence as a once God-fearing and free republic now hangs in the balance, with no time to lose!

Winds of Hope, Storms of Discord - Salim Yaqub 2022-10-31

In brisk and engaging prose, this comprehensive introductory textbook traverses the broad sweep of US history since 1945. *Winds of Hope, Storms of Discord* explores how Americans from all walks of life - political leaders, businesspeople,

public intellectuals, workers, students, activists, migrants, and others - struggled to define the nation's political, economic, geopolitical, demographic, and social character. It chronicles the nation's ceaseless ferment, from the rocky conversion to peacetime in the early aftermath of World War II; to the frightening emergence of the Cold War and repeated US military adventures abroad; to the struggles of African Americans and other minorities to claim a share of the American Dream; to the striking transformations in social attitudes catalyzed by the women's movement and struggles for gay and lesbian liberation; to the dynamic force of political, economic, and social conservatism. Carrying the story to the spring of 2022, *Winds of Hope* also shows how dizzying technological changes at times threatened to upend the nation's civic and political life.

What Happened to Bernie Sanders - Jared H. Beck 2018-03-06

For the first time, the definitive answer to the relative disappearance of Bernie Sanders and his political revolution in our new Trumpocracy. One year into Donald Trump's presidency, the US 2016 presidential election is still being fought by both parties. As the case of Russian hacking and collusion is investigated, and Hillary Clinton desperately attempts to explain "What Happened" to her and why she lost, a more important question, one haunted by shadowy tactics and campaign double-dealing, rings out: What happened to Bernie Sanders? Jared H. Beck, Esq., the lawyer suing the Democratic National Committee and Debbie Wasserman Schultz for collusion and fraud? for conspiring as a whole to make sure Hillary Clinton was the Democratic presidential candidate? has now written the book on what truly transpired during the Democratic primaries and National Convention. What Happened to Bernie Sanders? is organized in sections: Democracy Demands the Truth Stories with No Fingerprints A Bankrupt Institution Rule of Law Demands Consequences Using uncovered documents and other primary sources, Beck shows that Bernie Sanders lost to Hillary Clinton because he never had a chance to win. He illustrates how a web of forces, emanating from elite interests through the mainstream media and Democratic political establishment, and fronted by the Democratic National Committee, operated to ensure that Clinton would secure the nomination. The story

of the 2016 Democratic primaries is not one of being "stronger together" or "making America great again"; it is one of how corruption has critically eroded America's political institutions to the point of crippling democracy itself.

What Happened - Hillary Rodham Clinton 2017-09-12

"An engaging, beautifully synthesized page-turner" (Slate). The #1 New York Times bestseller and Time #1 Nonfiction Book of the Year: Hillary Rodham Clinton's most personal memoir yet, about the 2016 presidential election. In this "candid and blackly funny" (The New York Times) memoir, Hillary Rodham Clinton reveals what she was thinking and feeling during one of the most controversial and unpredictable presidential elections in history. She takes us inside the intense personal experience of becoming the first woman nominated for president by a major party in an election marked by rage, sexism, exhilarating highs and infuriating lows, stranger-than-fiction

twists, Russian interference, and an opponent who broke all the rules. “At her most emotionally raw” (People), Hillary describes what it was like to run against Donald Trump, the mistakes she made, how she has coped with a shocking and devastating loss, and how she found the strength to pick herself back up afterward. She tells readers what it took to get back on her feet—the rituals, relationships, and reading that got her through, and what the experience has taught her about life. In this “feminist manifesto” (The New York Times), she speaks to the challenges of being a strong woman in the public eye, the criticism over her voice, age, and appearance, and the double standard confronting women in politics. Offering a “bracing... guide to our political arena” (The Washington Post), What Happened lays out how the 2016 election was marked by an unprecedented assault on our democracy by a foreign adversary. By analyzing the evidence and connecting the dots, Hillary shows just how dangerous the forces are that shaped the outcome, and why Americans need to understand them to protect our values and our democracy in the future. The election of 2016 was unprecedented and historic. What Happened is the story of that campaign, now with a new epilogue showing how Hillary grappled with many of her worst fears coming true in the Trump Era, while finding new hope in a surge of civic activism, women running for

office, and young people marching in the streets. [The Handy American History Answer Book](#) - David Hudson 2015-07-20
